NSC Wholesale Holdings, LLC
EDI Guide
As of April, 2013

Table of Contents

General EDI Requirements

National Wholesale Liquidators and its parent company, NSC Wholesale Holdings, LLC are committed to EDI to improve communications and merchandise flow from our stores and vendors. Currently we support the Purchase Order (850) and the Advance Ship Notice (856). Mandatory compliance testing of each document and the GS1-128 Shipping Container Label is done by DiCentral. Please email sales@dicentral.com or call 281.480.1121 option 4 requesting to sign up for compliance testing for National Wholesale Liquidators. You must pass compliance testing with DiCentral before being able to send/receive EDI with National Wholesale Liquidators.
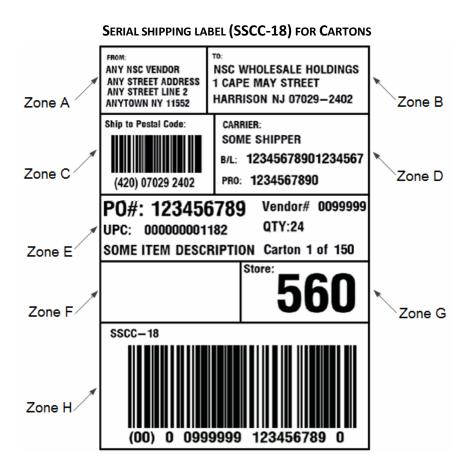

For questions related to NSC's EDI program, please contact Drew Bickel at drew@shopnwl.com.

This guideline details the mapping for National Wholesale Liquidators. The format of this guide is based on ASC X12 standards version 4030.

National Wholesale Liquidators uses the below EDI IDs which are set up on the Descartes VAN network.

Please be sure to have your EDI department or 3rd party EDI provider establish any applicable interconnects or trading relationship for your network to Descartes.

	Production ISA Qual	Production ISA ID	Production GS ID
National Wholesale Liquidators	12	5164899174	5164899174
