Ringtons and You

We are already planning our celebrations to commemorate Queen Elizabeth II's 90th birthday on 21st April 2016. Check out our next newsletter to find out what we have planned, it's sure to be a Royal celebration!

Kidnapped salesman!

We received an email from the manager of a retirement home in Lincoln who informed us that the residents had kidnapped one of our salespeople to give him a good send off before his wedding!

Ringtons wishes Chris and his wife lots of happiness in their marriage.

Teabreak

Winter 2015

Ringtons is right up your street...

Our doorstep delivery service remains much the same as it was for generations before – delivering high quality tea and other goods to your door. Most of the other doorstep delivery services (such as meat, bread and even milk) have all but disappeared over the years, but we know that this personal delivery service is still as important to you and your neighbours as it has always been.

In contrast, Ringtons continue to improve it and are also striving to offer your favourite tea to customers in other parts of the UK and abroad.

To make our service even better we have a new improved website giving you the chance to see the products in our doorstep range and also

offering extra products that the salesperson does not have room for on the van. Of course we still love to speak to you on the doorstep or on the phone via our customer care team. You will also find that Ringtons tea and coffee is served in many of your local cafés, restaurants and hotels who are finding that their customers love the fresh taste of Ringtons too!

We have brought together another exclusive selection of festive gifts and treats to make it easier for you to get your seasonal shopping done with ease. Our range can be found inside this newsletter – please ask your salesperson, call customer care or post in your order for your favourite products.

Sit back with a cuppa and enjoy our festive newsletter
