

KidsPark Immunization Record Form 2015-2016

(This form is required for EACH CHILD you are registering to use KidsPark.)

The Immunization Record form must be completed, signed and dated by your Health Care Provider. Please allow up to 10 business days for the form to be returned from your provider. These forms can be faxed into KidsPark directly by the health care provider. The KidsPark fax number is 651-642-0724. If your child is returning from last year a new form is required.

The Immunization Record form provided by the Minnesota Department of Health states a parent signature is acceptable for children over 15 months that have completed immunization required by law for child care. KidsPark is **REQUIRING the form be completed, signed and dated by your Health Care Provider.** This is at the recommendation of KidsPark licensing authority. Parent/guardian signatures without a Health Care Provider signature will not be accepted and your child will not be able to attend until all forms are complete.

Parents conscientiously opposed to immunizations must have the child's Health Care Provider sign the Immunization Record Form. Parent signature is also required.

Many Health Care Providers have electronic medical records and may be able to provide the immunization record in a different format. This is acceptable as long as the form lists all immunizations and is signed and dated by your provider.

**KidsPark requires a Health Care Provider signature –
parent signatures alone will NOT be accepted.**
