

Certificate III in Glass and Glazing (Glazing Specialist)

MSF30413 Certificate III in Glass and Glazing (Glazing Specialist) has been designed specifically to meet the needs of the glazing industry.

This nationally recognised qualification delivered by The Improve Group is targeted at glaziers and windows and door manufacturers. Our program provides your team with the skills and knowledge to work safely, effectively and competently in the glazing industry.

Delivered in the workplace and via online learning options, we maximise the time your apprentice spends on the job. Developed in Australia these new methods are changing the way training is delivered in the glass industry.

Training program covers core glazing industry skills in the following areas:

- Construction safety, job estimating and costing, communication, teamwork, first aid and environmental responsibility
- Handling Storage, measuring and cutting glass in a range of glazing applications, including assessing glass and glazing requirements to AS1288
- Glazing Specific skills – hand tools, power tools, basic machinery, residential, commercial and architectural glazing.

This training is subsidised by the NSW government

Delivered in partnership with

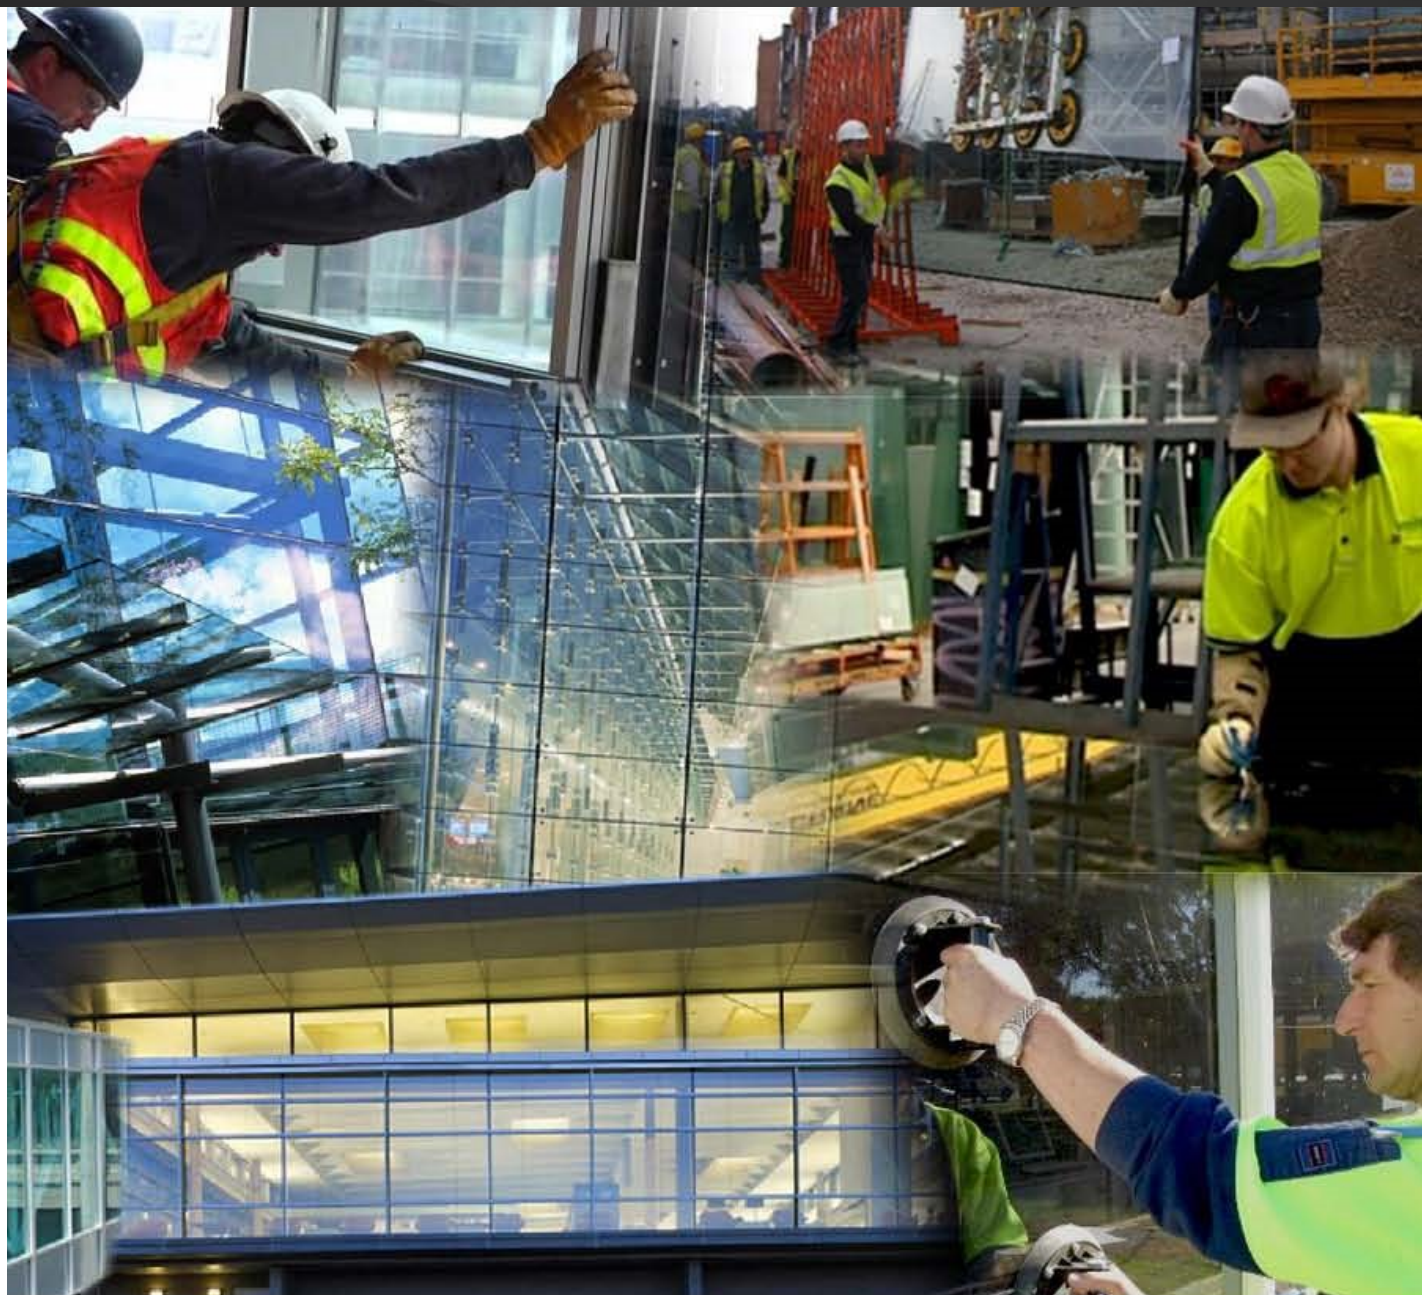

Registered Training Organisation #31506
