This issue of GARDEN NEWS:

Learn how to keep your pesto a beautiful, bright green and find tips about ripening all those green tomatoes.
<http://www.loghouseplants.com/gardennews.htm>

As the planting frenzy of spring and early summer slows down, so will Garden News. We will still update gardeners periodically as interesting new collections or crops are available, but you may not receive GN every week. Our back issues, however, are always available online!

General Delivery Schedule: Orders are prioritized by the time we receive them. We really appreciate orders faxed to us during the weekend or as early in the week as possible. Though we don't usually get to Seattle until late in the week, the order will be pulled when it is received. As the season heats up, we do add extra trucks to the schedule. Before the season starts, this schedule is flexible.

Monday: Eugene, Cottage Grove (orders need to be in by Monday at 8 am)
Tuesday: Eugene, Corvallis, Salem, and Portland (orders need to be in by noon Monday)
Wednesday: Coast, Southern route (orders in by Tuesday morning)
Thursday/Friday: Seattle, Bainbridge (orders in by Wednesday morning, earlier is better)
Friday: Bend, Eugene, Corvallis, Salem, and Portland (orders in by Wednesday)

Our minimum order is 20 flats. Please order more if you can, especially if we are traveling a distance.
