

# Conference bags

# Your ultimate bag: we got it Parthen makes it happen

## Parthen helps

Need support when considering your requirements, when looking for that one rare item, or tailoring items to your taste? Parthen helps! We have the knowledge and experience, and will be happy to help you find what you need. Just ask us, and we'll gladly think along. Parthen knows the market, the bottlenecks, the people and the ways.

## 1,001 possibilities

The Parthen Meeting Essentials catalogue at [www.parthen.com](http://www.parthen.com) features thousands of products: from pen and bag to writing pads, small gifts, badges, t-shirts and umbrellas. You name it, we've got it. These are all offered in countless versions, printed or not. The printing, in turn, also allows many variations. In short: the possibilities are literally endless at Parthen. And if you can't find just the right item, Parthen will design and manufacture it for you. Made to measure.

## Design your own bag

Red like a traffic light, cool and strong neoprene, printed with a map of Amsterdam, quiet and stylish in marine blue or conspicuous neon green and purple. If you can't find it in our standard product range, Parthen can have your own design manufactured for you.

## Almost the speed of sound

Parthen has its own central warehouse, enabling us to deliver stock products within a few hours after ordering. That is, if the item is in stock. International orders take up between two to five days.

## Guaranteed delivery

Parthen works on the basis of wide experience and trusted relationships. Good news for our clients, this almost invariably means guaranteed delivery. On time.

## [www.sustainablemeeting.org](http://www.sustainablemeeting.org)

We are all living together on a single planet. This simple fact, combined with what we now know about the climate change, obliges all of us in the meeting industry to actively pursue a better environment. At Parthen, we have been caring for the environment for years now, but that's not enough. We will have to find an answer to the question: how can we improve our effort? So, at Parthen we will take and support any initiative to make our market greener. During our search for an answer we came into contact with the Climate Neutral Group, helping us to achieve zero emission. We are happy to tell you that Parthen is now 100% climate neutral. For instance, we designed our own new line of green bags, the Green Bag Collection, made of canvas, cotton and woven paper. Parthen also developed its own new line of green lanyards that are fully biodegradable. But we offer many more green products in our own new green Sustainable Meeting brand, carrying the tree logo. Our green line also offers a wide range of lanyards and badges. Want to have your items manufactured in a fully green manner? We will support you.

**Custom-made own designs require a minimum order of 500 to 1,000 items. Delivery time for made to measure designs is at least 3 months.**

# Our top 10 in bags

These ten bags sell best at Parthen. But they form only a small part of our product range. We have so much more to offer. Each bag can be adapted to individual requirements: different zipper, strap, colour combinations, materials, varying printing, etc. Parthen will help you to make the best possible choice. We know the market. We know the solutions.

## 1201 **Complete congress bag Heidelberg**

# Custom-made and green

Here you find samples of eight popular fabrics. Note that Parthen offers many more possibilities than just these and will be happy to help you select the optimal fabric.

The green content of a product is becoming ever more important. That is why Parthen developed its own line called The Green Bag Collection. Our green products all carry the tree logo.

Sample	Description
	Canvas/Cotton 
	Woven paper 
	Pet (recycled bottles) 
	Felt 
	Polyester 420 D
	Polyester 600 D
	Nylon
	Neoprene

# Outsourcing or doing it all by yourself?

## About Parthen

It all started some twenty years ago with a vision. Today, Parthen offers worldwide professional support to the organisers of conferences, congresses, exhibitions, seminars, meetings and other business events.

From Eventure, the congress registration software, to temporary staffing to 10,000 sustainable congress kits. There is no limit to the products and services we can offer. And if it isn't there, we'll invent it for you.
