Part B – Representation sheet

Please use a separate representation sheet for each paragraph, policy or detail on the proposals map you wish to challenge.

If you have more than one representation to make, please photocopy this sheet.

B.1 To which part of the DPD does this representation relate?

Paragraph		or Policy	x	or Proposals Map	
B.2 Do you consider the DPD is:					

Legally compliant	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	Sound	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
--------------------------	-----	--------------------------	----	-------------------------------------	--------------	-----	--------------------------	----	-------------------------------------

If you think the DPD is not sound, please tick **one** of the following options. Please use separate representation sheets if you think that more than one of the following options apply.

Not justified	<input checked="" type="checkbox"/>	Not effective	<input type="checkbox"/>	Not consistent with national policy	<input type="checkbox"/>
---------------	-------------------------------------	---------------	--------------------------	-------------------------------------	--------------------------

B.3 Statement to support your view

Please give details of why you consider the DPD is not legally compliant or is unsound. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the DPD, please also use this box to set out your comments.

The road network in the area of proposals is not suitable for the additional traffic / heavy lorries using the route. The areas impacted would be Egham & surrounding area including Station Road, Egham High Street, Church Road, New Wickham Lane, Thorpe Lea Road

The effect on air quality this includes reasons such as emissions, dust & pollution by the lorries in an area which is predominately residential and relating to the point above does not have the road network to support the volume of traffic.

The Egham sites proposed are based on some assumptions that are not valid, for example it presumes that approval for Hanson's application to excavate gravel from Milton Park Farm is a forgone conclusion. – this is not true, outlined above are two good reasons for this and an additional one would be an increased risk of flooding in the Egham area – which point is still under investigation by the Environment Agency.

There are other alternatives in surrey that should be considered – because new aggregate recycling facilities should only be sited on quarries once other possibilities have been fully explored and ruled out.

The area of North west surrey already has a lot of aggregate recycling facilities – so other areas should be considered so as not to over burden one area.
(Continue on a separate sheet if necessary)

B.4 Changes which you deem necessary

Please set out what change(s) you consider necessary to make the DPD legally compliant or sound, having regard to the test you have identified at B.2 above where this relates to soundness or legal compliance. You will need to say why this change will make the DPD legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

(Continue on a separate sheet if necessary)

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested change, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

B.5 Oral part of examination

If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
-----	--------------------------	----	--------------------------

If yes, i.e. you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

(Continue on a separate sheet if necessary)

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
