Enrolment Information for Ivanhoe Primary School

Enrolment Dates and Requirements

We accept enrolments from the second week in Term 2 (20th April 2015 for 2016).

Enrolments must be accompanied by:

• Birth Certificate or photocopy of passport

For children who were born outside Australia the correct visa sub-class must apply before enrolment is accepted.

• An Immunisation Certificate as indicated below:

In addition to the Australian Childhood Immunisation Register (ACIR) and the immunisation service of local councils, school entry immunisations certificates may also be issued by a doctor.

• For those families who live within our catchment area, please supply <u>proof of</u> <u>residence</u> in the form of a gas bill, electricity bill, or rental agreement of six months or more from a registered real estate agent.

Enrolment Policy

The issue of student intake is one the school has dealt with for some years. The regional office has set an enrolment ceiling figure of 600 students. The expectation is that the school will manage the intake to this figure. The school can, if space does not permit, deny enrolment to students where Ivanhoe Primary School is not the student's designated neighbourhood school. The designated neighbourhood school is defined as the primary school which is nearest to the student's permanent residential address (defined as: straight line distance) unless otherwise determined by the Regional Director.

Enrolment Information – Catchment Area

The Department of Education policy on catchment areas is that the school geographically closest to your child's place of residence is the designated neighbourhood school. If another school is closer to the child's place of residence then that school is the designated neighbourhood school.

Our school is quite full so we follow these guidelines. However, if your child lives within our catchment area then he or she is entitled to enrol at our school.

If you would like further clarification, please email us with details of your address or ring the school on 9499-1880.

Fee Structure (2015)

We have a book list comprising of three or four sections (depending on year level of your child):

Section A is a list of text books and stationery items (\$159 - \$210), depending on the year level of your child).

Section B is a fee of \$200 for shared classroom requisites (essential items). This includes a First Aid Officer Co-contribution, shared classroom requisites such as student text books, class sets, print resource materials in lieu of text, developmental learning materials, computer printing, and Internet access.

Section C is a Voluntary Contribution for special projects and is \$85.

Section D is a \$50 deposit for Camp – Grades 4 to 6 only.

We encourage the use of our preferred supplier, however you can supply items from your own sources. (Certain items that specifically apply to our school must be ordered through our supplier).

Starting primary school?

Immunisation information for parents enrolling a child

By law, your child must have an immunisation status certificate to enrol in primary school.

Why immunise?

Children starting school are exposed to a large number of people and to a range of potentially dangerous diseases.

Immunisation is a proven and safe way to be protected against diseases that cause serious illness and sometimes death.

Enrolling in primary school is a good time to check your child's immunisations are up to date.

What is an immunisation status certificate?

It is a statement showing the immunisations your child has received.

By law, you must provide an immunisation status certificate to the primary school when enrolling your child.

If your child has not received any immunisations, you must still provide a certificate.

The school keeps a copy of the certificate so that, in the event of a disease outbreak, unimmunised children can be quickly identified and excluded from school until the risk of infection has passed.

If you do not provide the certificate to the school your child may also be excluded from school as their immunisation status will be unknown.

Homeopathic treatment is not a legally recognised form of immunisation and cannot be listed on an immunisation status certificate.

How do I obtain an immunisation status certificate?

From the Australian Childhood Immunisation Register

- phone 1800 653 809 or
- email acir@medicareaustralia.gov.au
- www.medicareaustralia.gov.au/online
- visit your local Medicare Office.

The most common type of immunisation status certificate is a *Child History Statement* from the Australian Childhood Immunisation Register (ACIR).

You will be sent this statement when your child turns five years old, however you can request a certificate at any time.

You should also contact ACIR if you:

- are moving or have recently moved, to ensure your contact details are up to date
- think your child's statement is incomplete or incorrect.

From your doctor or local council

If your child is not eligible for a Medicare card, then contact your doctor or local council immunisation service who will be able to assist you in obtaining an immunisation status certificate.
