

Connecticut Valley Mineral Club

Application for Membership

Mission

The Connecticut Valley Mineral Club was founded March 7, 1941. Our purpose is to promote interest in minerals, their collection and preservation. We encourage our interest at all levels from traditional collecting to lapidary work. Some of our members collect and travel all over the country. Additionally, we have members who are strictly micro-mounters and those who fabricate jewelry. Membership in the Connecticut Valley Mineral Club also entitles you to participate in field trips and educational events. Our monthly meetings are held from 7 – 9 pm, the first Wednesday of every month except for February, July and August at the Tolman Wing of the Springfield Science Museum on Edwards St., in Springfield, MA. For more information about our Club and monthly newsletters go to www.cvmineralclub.org
