

## **Exploration Site – Grocery Store Comparison**

**Date** – \_\_\_\_\_

**Time** - \_\_\_\_\_

**Topic** – Item Comparison and Bargain Shopping

**Goal** – Students will compare items of similar category and compare based upon price, quantity and quality.

**Method Summary** – Comparing several different grocery stores, the class is looking for the best priced turkey. In this exercise, students would complete this activity during a holiday shopping season.

**Implementation** – The teacher will select one specifically similar turkey and compare the exact product with other grocery stores.

After specifying the type of turkey, the class will drive to several stores and compare the price of the turkey. Each store and price is recorded on the activity sheet.
