Here, jubilant festivals and the freshest seafood you can find along the coast provide endless dining and entertainment options. Tee up at one of the lush golf courses, board a fishing charter boat or watch the waves roll in – this is Florida at its finest.

# New: Discover North America

with Norwegian Cruise Line

25 DAYS / April 10, 2017

TRIP PACE: **Leisurely** ○○●○○ **On-the-go**

## Swap snow for sun on this unforgettable cruise vacation.

See the wonders of North America, both man-made and natural, on this spectacular voyage that circles the continent – all without having to board an airplane!

This unique tour begins with a 3-day motorcoach ride to Florida, where you'll board the tastefully appointed Norwegian Cruise Line Pearl. Designated a Jewel Class ship, enjoy a wide variety of dining and entertainment options – there are 16 places to eat! Relax on the open air deck and enjoy the crisp ocean breeze or be pampered in the tranquil spa.

The passage of the iconic Panama Canal is the highlight of this 17-day cruise, taking an East to West passage through this modern engineering marvel, and travelling the entire 82 kilometres of the locks system!

Disembark in Seattle, Washington and transfer to Vancouver for the final leg of your voyage, a ride on 'The Canadian' VIA Rail's legendary crossing of the Canadian prairies. At 4,466 kilometres long, this is a must-experience for Canadians and one of the top-rated train journeys in the world. VIA Rail's attention to detail is evident in the finely crafted meals (many starring local ingredients), cozy sleeping cabins and attentive service. As you travel from west to east, watch from the comfort of your cabin or elegant dining car as spring unfolds and the majestic Rockies and lush Prairies awaken from their winter slumber. Arrive home refreshed and ready for the new season.

## PANAMA CANAL

While there are many canals throughout the world, the Panama Canal is not simply a passage but it embodies the dream of a continent. Just as explorers searched for centuries for the Northwest passage, many were also looking for a new shipping route to replace the long and treacherous route around Cape Horn, and connect the Atlantic to the Pacific Ocean.

During transit, a ship is raised or lowered 85 feet in a continuous flight of three steps at Gatun Locks. Each lock chamber is only 110 feet wide and 1,000 feet long – so sailing precision is paramount! To assist, railway tracks run alongside the canal and rail cars use cables that connect to the ship on either side and keep it in place.

At the end of the first set of locks is Gatun Lake, it supplies the water necessary to operate the locks. The water runs downhill from this man-made lake to fill the locks. No pumps, no power, just the force of gravity!

## EXPLORING BERMUDA

Bermuda's public transportation system features passenger-friendly colourful ferries and buses, ensuring travellers can easily explore all points of interest!

**BUSES:** The island's buses are frequent, plentiful and service most areas of interest. You can't miss them – they are painted pink with blue stripes! With 11 bus routes, the transportation system has the entire island covered. Stops are marked by poles painted – like the buses – in pink and blue. If the pole by the bus stop is PINK, the bus is travelling towards Hamilton. If the pole is BLUE, the bus is travelling away from Hamilton. Route 7 is the most popular route for visitors as it travels between King's Wharf and Hamilton. Along the way, the bus stops at some of the island's most popular beaches.

**FERRIES:** Four public ferry routes offer a picturesque alternative for travel around the island. These relaxed sea routes are unequalled, offering a superb sea or harbour crossing in unrivalled scenery. The orange ferry route runs directly from King's Wharf to the historic town of St. George, docking just a short walk from Kings Square.

Also included is a ride on Scotland’s only funicular railway to the top of breathtaking Cairn Gorm Mountain!

From the time you arrive in Glasgow, **DeNure** Tours takes care of all the details ensuring you have a worry-free vacation – we even book your tee times! With rounds of golf on six different courses, the play is always thrilling, challenging and fun. Sit back and relax as you’re whisked throughout the Scottish countryside to these memorable courses:

**CULCRIEFF GOLF CLUB:** Set in the Strathearn Valley, this 18-hole course boasts views of Ben Vorlich and Ben More.

### ITINERARY

**DAY 1:** Overnight flight to Glasgow **DAY 2:** Luss, Kelpies & Falkirk Wheel **DAY 3:** Golfing Culcreeff Golf Club **DAY 4:** Funicular Railway, Golfing Grantown-on-Spey Golf Club **DAY 5:** Culloden Battlefield, Nairn Dunbar Golf Club **DAY 6:** Duff House Golf course **DAY 7:** Cullen Golf Club **DAY 8:** Alyth Golf Club **DAY 9:** Fly home from Glasgow

Challenging par 4s are balanced with scenic par 3s.

**GRANTOWN-ON-SPEY GOLF CLUB:** In stunning Cairngorms National Park, this historic club was formed in 1890. The par 70 course makes the most of its natural surroundings, offering play on flat parkland and hilly woodlands.

**NAIRN DUNBAR GOLF CLUB:** It is a challenging championship golf course on the Moray Firth, a traditional Scottish Links Course voted as Scottish Golf Club of the Year in 2015.

**DUFF HOUSE ROYAL GOLF CLUB:** Suited to golfers of all abilities, play takes you along meticulously manicured park-like greens. Be careful – the River Deveron has claimed many a ball!

**CULLEN GOLF CLUB:** Along the Moray Firth Coast, this 18-hole course is one of Scotland’s oldest. Founded in 1870, its location is one of the most remarkable – and memorable – in Europe.

**ALYTH GOLF CLUB:** Winner of a Scottish Tourism Award, this 18-hole course was established in 1894. The tree-lined fairways are tranquil yet challenging, boasting 6,259 yards of play.

## CULLEN GOLF COURSE

Cullen is a traditional Scottish links course in the northeast of Scotland, founded in 1870 as a 9-hole course laid out by old Tom Morris and later upgraded to 18 holes by Charlie Neaves.

Cullen lays claim to the most remarkable site for a golf course in Europe. There isn't a lot of room within this amazing environment for Cullen's 18 holes, with the course playing its outward nine close to the cliffs and the inward nine playing back at beach level. A seaside links course incorporating many blind shots, Cullen offers great views of the coastline and over the Moray Firth. Watch for dolphins!

The unbridled thrill of the course lies in its par 3s. A quartet of short holes from the 11th to the 14th is the highlight of the back nine and each features the 80ft. Boar Crag. The 12th and 13th are the most exciting, playing directly over this rusty red colossus, which completely blocks the greens from view. You could easily play two rounds without entertaining thoughts of the 19th on this immaculately kept course. When you do tire of this uncomplicated and refreshing layout, head into the clubhouse for a bowl of "Cullen Skink". The creamy white chowder for which the region is famed is as pleasantly surprising as the golf course.

# New: Vimy Ridge – 100th Anniversary

11 DAYS / August 24, 2017

TRIP PACE: *Leisurely* ○○○●○ *On-the-go*

## A poignant journey of remembrance.

2017 marks the 100th anniversary of one of our country's most significant military battles – the Battle of Vimy Ridge. Join us on a poignant journey of remembrance to pay tribute at the Canadian National Vimy Memorial and other notable war museums and battlefields.

Begin your sightseeing tour in London, visiting the cosmopolitan capital's most famous landmarks with the help of a local guide. Insightful narrative helps you learn more about Big Ben, Leicester Square, the Tower of London and Westminster Abbey. Visit historic St. Paul's Cathedral, which, in one form or another, has overlooked London since 604AD. You will also take part in a walking tour to learn more about the Great War and its impact on the people of London. In France, visit Musée Somme 1916. The fascinating location – inside a 13th century underground tunnel – sets the stage for an impressive World War I experience. You'll also see the Beaumont-Hamel Newfoundland Memorial, a preserved battlefield and the largest battalion memorial of the Western Front.

### ITINERARY

**DAY 1:** Overnight flight to London **DAY 2:** Guided London city tour **DAY 3:** World War I walking tour **DAY 4:** St. Paul's Cathedral **DAY 5:** Eurostar train to France **DAY 6:** Neuville-Saint-Vaaste, Ypres **DAY 7:** Ypres attractions with guide **DAY 8:** Travel to Paris **DAY 9:** Cathédrale de Notre-Dame **DAY 10:** Musée du Louvre **DAY 11:** Fly home

Overlooking the Canadian battlefield of 1917 – at one of the points of the fiercest fighting – stands the Canadian National Vimy Memorial. Designed by Canadian sculptor and architect Walter Seymour Allward, it stands as a tribute to all who served their country in battle and risked or gave their lives during the four-year struggle. The names of the 11,285 Canadian soldiers who were posted “missing or presumed dead” in France are inscribed on the ramparts. Use of the land for all time was granted to Canadians by France, with the Memorial unveiled by King Edward VIII on July 26, 1936. Most of the wartime tunnels lacing the grounds are closed off from the public, due to safety concerns, but a portion of the Grange Subway has been preserved and can be experienced with the assistance of Canadian interpretive guides. Today, the Canadian National Vimy Memorial symbolizes Canada's commitment to world peace, liberty and the rule of international law. A journey to Vimy Ridge is a memorable and life-changing experience for all Canadians.

Menin Gate Memorial, Ypres

## MENIN GATE MEMORIAL TO THE MISSING

54,896 Commonwealth soldiers who died during World War I have no known grave. The massive Menin Gate Memorial to the Missing is a tribute to these men. Located at the point at which soldiers would have marched to the front lines, the Memorial is a symbol of Ypres gratitude. Each evening at 8 o'clock, buglers from the local fire department close the road and sound the Last Post, a tradition that dates back to 1928.

## IN FLANDERS FIELDS MUSEUM

Located in the centre of Ypres, Belgium and named for John McCrae's poem, the 'In Flanders Fields Museum' is dedicated to the study of World War I. In moving retellings of the invasion of Belgium, the trench war and the end of The Great War, the museum is more than just military narration. Historical artifacts, modern multimedia exhibits and contemporary artistic interpretations come together to confront the personal side of war. Visitors can climb the bell tower and gaze across the century-old battlefield or sit and reflect quietly. Though the focus of the 'In Flanders Fields Museum' is of the intense struggles society faced during World War I, it leaves one with a touching message of hope and peace.

Your discovery of China ends in dazzling Shanghai, a metropolis famous for its culture, cuisine and jaw-dropping skyline.

## THE TERRACOTTA ARMY

Exploring China gives knowledge-seeking travellers the life changing opportunity to marvel at modern advancements and be awestruck at ancient wonders. The most significant archeological discovery of our time is the Terracotta Army. It's estimated that more than 8,000 terracotta sculptures, depicting the armies of Qin Shi Huang, the first Emperor of China, rest at the site. Sculptures include warriors, chariots, and horses that were meant to protect the emperor in the after-life.

The site is located in Lintong District, Xi'an, Shaanxi province. Local farmers discovered the sculptures that were buried with the emperor over 2,000 years ago. The sculptures are life-size, each one with unique facial features, hair and clothing. The sculptures also held real weapons such as swords and longbows. The Qin Tomb Terracotta Warriors and Horses Museum has three vaults and one exhibition hall where these fascinating items can be viewed in person.

# Travel Routes

## SIGHTSEEING VACATIONS

For North American sightseeing vacations, the routing and U.S. border crossing depends on the first day's destination. The route for motorcoach tours is shown with each itinerary.

### Route A

**Route A:** Travels westbound on Highway 401 crossing the border in Sarnia.

### Route B

**Route B:** Travels westbound around the Golden Horseshoe crossing the border in Niagara.

### Route C

**Route C:** Begins in Toronto and travels eastbound on Highway 401 crossing the border in Gananoque. Lindsay and Peterborough guests meet the coach in Port Hope.

## WINTER GETAWAYS

**OUR COACHES:** Transportation is an important component of our winter getaways. A standard coach accommodates 56 passengers; however, all of our deluxe motorcoaches have been reconfigured to carry 43 guests, allowing everyone greater comfort and legroom. Our coaches also offer complimentary Wi-Fi, electrical outlets at each seat and individual, onboard entertainment systems.

**WHY IS IT CALLED EXPRESS?** Our coaches are equipped with a comfortable bunk enabling two drivers to alternately drive and sleep. This eliminates an overnight stay however, we do stop for comfort breaks every 3-4 hours en route. Our drivers are thoughtful and kind and will help guide the group through border crossings and restaurants stops.

### WHAT IS THE SCHEDULE?

Southbound – Day 1: Morning departure  
 Southbound – Day 2: Arrive at destination in afternoon  
 Northbound – Day 1: Afternoon departure  
 Northbound – Day 2: Arrive at home in evening

**WHAT IF I LIVE OUTSIDE OF THE ROUTING AREA?** You may wish to take advantage of our CONNECTIONS PROGRAM. Please see page 2 for details.

### Florida

**Florida Route:** The map above shows the pickup points and route for our Florida vacations in Daytona Beach, Destin and St. Pete Beach. There are select departures where additional pickups may be offered for Daytona Beach (ask for details).

### South Carolina

**South Carolina Route:** The map above shows the pickup points and route for our Myrtle Beach vacations. Our coach travels eastward from Stoney Creek. Lindsay and Peterborough guests meet the coach in Port Hope.
