

Range Hoods - for reduced noise

Standard Features:

Range Hoods are made with a standard plenum with a top centered spigot.

Plenums can be made to suit installation requirements eg side or back or off-centered spigot

Designed to be installed in cabinetry and to fit a range of Smooth-Air Products remote fans (optional) for reduced noise (eg Monica pp14-17).

Range Hoods are powder coated to any standard powder coating colour.

Optional Extras

Remote fan (eg Monica pp14-17) not included. Size of fan will be determined by required air flow.

Full function control switch.

Non-standard powder coating colours.

Tube - can be powder coated.

Flexible ducting pp47-50.

Halogen lights.

Design Build

Range Hoods can be made to your specifications.

Wide range of possibilities available POA.

Lights can be fitted POA.

Decibel measurements in our showroom were:

Smooth-Air remote fan: 48dBA (at 1.5m)

Common in-hood fan: 68dBA (at 1.5m)

- a difference of 20dBA, which corresponds to a perceived quadrupling in noise level.

Come to our showroom and hear the difference!

Showroom: 264 Annex Road, Christchurch
Standard range hood with internal fan
compared to a
converted range hood with remote fan.

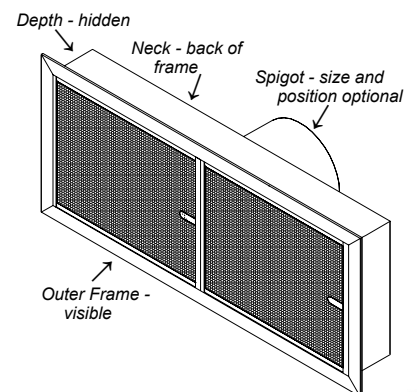

Standard in-cabinet Range Hoods - Dimensions

Item #	Outer Frame Dimensions (mm)			Neck Dimensions (mm)			Depth (mm)
