NAFA® is a registered trademark of NAFA, Inc.

Flyball got its start in the 1970's when Californian Herbert Wagner developed the first tennis ball launcher. Subsequently, the new sport for dog enthusiasts was introduced in the Toronto - Detroit area by several dog training clubs. After a few small tournaments were held in conjunction with dog shows, the first ever Flyball tournament was held in 1983.

Flyball races match two teams of four dogs each, racing side-by-side over a 51 foot long course. Each dog must run in relay fashion down the jumps, trigger a Flyball box, releasing the ball, retrieve the ball, and return over the jumps. The next dog is released to run the course but can't cross the start/finish line until the previous dog has returned over all 4 jumps and reached the start/finish line. The first team to have all 4 dogs finish the course without error wins the heat.

To standardize the rules, keep records of tournaments, and guide the development of Flyball racing, the North American Flyball Association, Inc.(NAFA®) was formed in 1985 by a group representing 12 teams from Michigan and Ontario. Interest and participation in Flyball has soared since its beginning and is now enjoyed throughout North America, Europe, Australia, and other countries. NAFA has over 300 registered clubs with more than 7000 registered dogs.

Flyball races offer fast paced action with plenty of excitement for dogs, handlers, and especially spectators. Many teams run all 4 dogs through the course in less than 20 seconds. The NAFA record is now under 16.0 seconds. NAFA tournaments are divided into divisions so that teams compete against other teams of equal abilities. All dogs including mixed breeds are eligible to compete and earn titles in NAFA sanctioned tournaments. Titles are earned via a point system based on the time it takes a dog's team to complete each heat race.

The ensuing Rules and Policies consists of Rules of Racing, Corporate Policies and Procedures, and By-law's for Flyball racing, along with the policies governing NAFA and participation in NAFA sanctioned Tournaments.

RULES OF RACING

CHAPTER 1 – EQUIPMENT

Section 1.1 - Flyball Boxes

- (a) Each team shall supply a Flyball box.
- (b) All boxes are to have a mechanical (not electrical) mechanism.
- (c) The boxes may be painted or decorated as the team wishes.
- (d) The ball, when released, must have a free unobstructed flight of not less than 24 inches from the point that the ball is released, in the direction of the start/finish line from all holes.
- (e) Boxes
 - (i) shall not exceed 24 inches in width, nor 18 inches in height from the bottom surface of the box excluding mat grabbing devices/materials and outdoor staking devices;
 - (ii) The body of the box shall not exceed 30 inches in depth;
 - (iii) The base of the box upon which the boxloader stands may exceed 30 inches in depth;
 - (iv) Mat grabbing devices/materials shall not raise the box by more than one half inch;
 - (v) The box shall not exceed these dimensions at any time during racing (including any permanent attachments to the box, i.e. carrying handles, cocking devices).

Section 1.2 - Balls

Each club shall have a supply of unpunctured approved balls (any color). Subject to the size and comfort of the dog, racket balls, or approved balls may be used. Approved balls must function similar to a tennis ball, i.e.. they must bounce and roll.

Section 1.3 – Collars

Competitors are forbidden to use electronic, electronic dummy collars, and pinch/prong collars on the tournament grounds. The tournament grounds include racing lanes, spectator areas, and the crating area. Halters, including “haltees”, will not be allowed in the racing ring. Flat collars, slip collars and harnesses are the only accepted type of collar. It is noted that it is impossible to control spectators with prong collar or other unapproved devices on their dogs who are not part of the tournament.

CHAPTER 2 – RING SET-UP

Section 2.1 - Footing

The host club shall provide adequate non-slip footing on the racing lane, at the box, and at the start.

Section 2.2 - Barriers

The host club shall provide a barrier/backstop (minimum 24" high) at the box end of the run, placed as to prevent missed balls from rolling too far but placed as not to prevent proper observation by the judge or to obscure the spectators view. A barrier (minimum 24" high) shall extend between the boxes, up to the box placement line, to minimize interference.

Section 2.3 - Jumps

(a) The host club shall provide two sets of **regulation** Flyball jumps for the duration of the tournament.

(i) The jumps shall be white except for the uprights which may be any color. The jumps shall have an inside width of 24 inches, with uprights not more than 36 inches high nor less than 24 inches high. Logos and/or lettering on the cross-boards will be permitted but must maintain a 2 inch white border around all four edges inside the post.

(ii) NAFA requires all 1" and 2" jump boards be no thicker than 1/2" plywood, sintra, or similar approved material.

(iii) NAFA recommends a 7" jump base board with a 1" board to be placed on top to reach minimum height.

(iv) Jump slats made of any material that are broken or bent must be removed from competition.

(v) Jumps shall be within 1/4" in tolerance for height.

(b) There shall be a distance of six feet from the start/finish line to the first jump; ten (10) feet between each jump (four total), and 15 feet from the last jump to the box placement line.

Section 2.4 – Ring Layout

(a) The minimum area required for two regulation lanes is approximately 30 feet by 90 feet. There shall be two racing lanes set a minimum of 12 feet from center to center and a maximum of 17 feet center to center. In cases of racing lanes being placed on hard surfaces or carpet (such as indoor/outdoor carpet where rug burns are possible), each racing lane shall be matted at a minimum 4.5 feet on either side of the racing lane center line for the length of the racing lane leading up to the first jump and an area from the last jump to the backstops. Where sod, dirt, grass or similar surfaces are available, matting shall not be required. All racing surfaces must be free of apparent contaminants. The length of the racing lane shall include an area not less than 29 feet leading up to the start/finish line and an area behind the box and in front of the backstops of not less than seven (7) feet beyond the front edge of the Flyball box.

CHAPTER 3 – TEAMS AND TIMESHEETS

(a) A Competition Registration Number (CRN) must be obtained from NAFA (use NAFA Form C.8) prior to competing in a NAFA sanctioned tournament. This number shall be used to identify the dog throughout its racing career. The fee for a CRN is \$15.00 in US currency or equivalent. The CRN is not transferable to another dog. The CRN shall indicate the breed of the dog. The breed of the dog may be changed up to the point at which it runs in competition. Once the dog has run in competition, the breed may only be changed from a mixed-breed to a recognized breed.

(b) Any dog entered in a NAFA sanctioned tournament without a valid CRN will result in forfeiture of all NAFA points for the heats in which the dog raced, along with any tournament placement for the team.

(c) Each team is to consist of a minimum of four dogs and four handlers, with a maximum of six dogs and six handlers, plus a box loader and at the discretion of the team, a runner or two, to pick up loose tennis balls, set up knocked down jumps, or to otherwise assist the team, provided doing so does not interfere with the judges, nor the opposing team, nor does in any way assist the dogs or violates the rules.

(d) Each team is to have four dogs running in each heat, with a maximum of two alternates as standbys. The alternate(s) may be used at the team's discretion. Substitutions may only be made at the end of each heat. Each dog on the team including the alternates must be

declared prior to the 1st race of the division. Once the division has begun, there will be no substituting of the dogs entered on the team.

(e) Dogs may not compete in more than one class at a NAFA sanctioned tournament except;

- (i) When the tournament's regular class is unlimited;
- (ii) When a limited entry tournament's regular class does not fill

(d) The current time sheet (NAFA Form C.2) shall be used.

(f) A Club must have a NAFA Club Number to enter a NAFA sanctioned event. If a Club Number has not been obtained prior to the closing date of the tournament in which the Club has entered, the teams entered by the Club will forfeit all NAFA Points and tournament placements.

CHAPTER 4 – MEASURING

(a) At the discretion of the team, dogs jumping less than 16 inches may be measured by the Head Judge officiating at the tournament prior to the start of their division.

(b) If the head judge determines that a team is not jumping at least the minimum height in a round robin format, the team shall forfeit any heats won at the improper jump height.

- (i) In the case of an elimination format, the team shall be excused.

(c) The head judge may at any time measure a dog.

(d) Once the dog is measured, the judge is under no obligation to re-measure the same dog.

(e) If a dog is re-measured and the Head Judge determines he has made a mistake, the team shall in no way be penalized. However, the team will be required to jump the proper height for any remaining heats.

(f) Any protest with respect to a dog's jump height must be verbalized within 30 minutes of the heat in question.

(g) Measurements are to be open to public observation.

(h) Only one (1) handler per dog shall be allowed in the measuring area.

(i) Aggression during measurement will not be tolerated and **Rule 8.4** (Aggressive Dogs) will be observed.

(j) A dog deemed to be "NOT MEASURABLE" by the Measuring Head Judge will jump 16" hurdles.

(k) Height measurements are to be recorded and signed by the measuring Head Judge. A copy of the NAFA Jump Height Form (Form C.9) must be posted for view by the

tournament participants. In cases where multiple judges are measuring, once a dog's height has been measured and recorded by either judge on the Jump Height Form, that shall be the dog's official jump height for that tournament, regardless of which ring the dog may run in.

(l) The measurement area will be determined by the Measuring Head Judge.

Dog standing properly to be measured.

NAFA Flyball Measuring Stance

Dogs standing properly to be measured. Hocks are perpendicular to ground regardless of length of stifle.

(m) The dog will be measured from the ground to the top of the withers. The front legs will be vertical with the paws directly below the shoulders. The back legs will be positioned with the hocks perpendicular to the ground and spread no wider than the width of the dog. The head is to be in the upright position as shown in the illustration. If the judge is uncertain of the dog's height after three (3) accurate measurements, the height measurement shall go to the lower height for the benefit of the dog;

(n) Height Cards are to be optional. Refer to NAFA Corporate Policies & Procedures, Chapter 7, Section 7.1 for details on height cards.

CHAPTER 5 – JUDGES

- (a) Five judges shall officiate when two teams are running.
- (b) One judge shall be positioned at each team's starting line, facing each other; one judge is to be located at the box end in each lane, with a good view of the box loader, but not positioned so as to interfere with or distract the dog; and a fifth judge, the Head Judge, shall act as starter and referee.
- (c) The Box Judges and Line Judges shall remain stationary during each heat; dogs may go around judges and balls bouncing off of a judge shall be deemed in play. The principal responsibility of each Box Judge and each Line Judge is to watch for violations in the racing lane that they are assigned.
- (d) The Head Judge (starter and referee) shall be positioned between the racing lanes in the area between the start/finish line and the lead dogs to start the heat. If necessary, the Head Judge (starter and referee) should be in position to assist the Line Judges in determining winners of close heats¹. The Head Judge may confer with the Line Judges and the Box Judges before determining a winner. If necessary, a Head Judge shall reposition themselves in such a manner as not to interfere with competing teams. The Head Judge shall maintain a consistent starting cadence of approximately one (1) second intervals throughout the tournament¹.
- (e) Judges shall indicate with a signal, which dogs must rerun. It's the handlers responsibility to note the signal and rerun their dog. If it is necessary to stop a heat, the judge shall use a whistle.
- (f) The Head Judge shall stop the heat for interference, fouling in the racing lane, or undue aggression by dog or competitor and award that heat to the competing team.
- (g) Line judges shall
- (i) record which dogs participate in every heat, record win/loss using the NAFA Time Sheet(NAFA Form C.2);
 - (ii) indicate with a signal when an infraction has occurred.

CHAPTER 6 – REPORTING FOR RACES

- (a) If a team is more than five minutes late for the scheduled start of a race, all else being in readiness, the Head Judge may declare a forfeit by that team. This is a discretionary rule, since its main purpose is to avoid undue delays at the tournament for spectators and competitors alike.
- (b) Teams that win by forfeit must complete the minimum required heats scheduled to qualify for points awarded in round-robin or to advance in double elimination competition. If another team is not available to compete, the team shall race without an opponent.
- (c) Forfeiting teams that do not show just cause, may be excused from the tournament by the tournament director and may be subject to further discipline.

¹ Without Electronic Judging System

(d) If a team has to forfeit when their "A" and "B" teams are in the same race, the faster team must run and the slower team must forfeit.

(e) Once a team declares themselves Exhibition Only, they cannot return to regular competition. From that point on, the team can no longer obtain NAFA points or tournament points, but may continue to race as long as they do not interfere with the opposing competing team. Once teams declares themselves Exhibition Only, they are ineligible for placement and shall be placed in the lowest seed of any eliminations.

CHAPTER 7 – WARM-UPS

(a) There shall be a designated time period for warm-ups.

(b) There shall be no practice or training in the ring for the duration of the tournament, except for the warm-up as permitted prior to each race. Training in the ring during the competition will mean a forfeit of the heat.

(c) When a team is delayed by a ring conflict, warm-ups shall not begin until both teams are present in the ring. Teams already present and waiting may set their jumps and place their box.

(d) Only dogs listed on the team's timesheet are allowed to warm up. Each dog must have a valid CRN# and be eligible to compete.

CHAPTER 8 – RULES OF RACING

Section 8.1 – Tournament Seeding/Break-out Rule

Tournaments will be seeded by the times submitted with the team's entry. After the closing date, the tournament director will divide the entered teams into divisions. Each division's break-out time will be one (1) second faster than the top team's seed time. Except in Division 1, a team running more than one (1) second faster than the top team's seed time will "break-out" of the division, will be declared the loser of the heat, and will not be awarded NAFA Points. If the Electronic Judging System fails, this rule does not apply.

NOTE: Tournament time sheets should be marked BO, show no time, and indicate a loss.

- (i) A team that breaks out three (3) times in a tournament is ineligible for any tournament placement. NAFA points are still awarded for non break-out times;
- (ii) In the event both teams in a heat break-out, both teams will be declared loser, no NAFA points awarded;
- (iii) When one team breaks out and the other team does not finish its heat, both teams will be declared the loser;
- (iv) When the timing table misses calling breakouts and the race has ended, the breakout wins are to be converted to losses. If the converted losses leave the race undecided, additional heats will be run to complete the race;
- (v) In elimination rounds, where seeding is determined by Round Robin, a team ineligible for placement shall be seeded last;

(vi) In elimination round heats, where a team ineligible for placement competes against a team eligible for placement, the ineligible team shall be awarded a loss.

Section 8.2 – Jump Heights

(a) Jump heights shall be set at a minimum of four inches lower than the height at the withers of the smallest dog on the team (running, not stand-by), to a minimum of 8 inches. Maximum jump height shall be 16 inches;

(b) Jump heights shall be adjusted in one inch increments, to the lowest whole number (14 and 3/4 inches becomes 14 inches).

Section 8.3 – The Heat

(a) The Run: Dogs may start from a stationary or running start. Each dog is to hurdle the four jumps in succession, trigger the box, and return over all four jumps and the start/finish line with the ball in its mouth. Only when the first dog has reached the start/finish line with any part of its body (on the ground or in the air) may the second dog reach the start/finish line with any part of its body (generally this is a nose to nose pass at the start/finish line), and so on for all four dogs as well as dogs that must run again.

(b) False starts

(i) When any part of the dog's body, whether in the air or on the ground, or any part of the handler's body or their objects passes the start/finish line before the timing of the race begins, an infraction will be called by the line judge and the head judge and the heat will be restarted;

(ii) If a second such infraction is called against the same team for that heat, an infraction will be indicated and the dog must run again;

(iii) If a second false start is called coincidental with the opposing team's first false start, the heat is to be restarted.

(c) Box Malfunction: The box loader shall indicate to the Head Judge when there is a box malfunction. The heat shall be stopped. The Head Judge is to examine the box. If, in the opinion of the Head Judge, the box has malfunctioned the heat shall be run again. If the box is found to be working, then the heat shall be forfeited. If another box is not available and the box can not be repaired in a reasonable time, the heat and any remaining heats are to be forfeited. If the box malfunctions a second time (or the spare box malfunctions) in the same race, the heat shall be forfeited and all remaining heats in that race shall be forfeited.

(d) Fouling: If a dog relieves itself in the racing lane, the team forfeits the heat.

(e) Conduct of the box loader: Except during the warm up, to retrieve a loose ball, or get a fresh supply of balls to load for the current heat, the box loader must remain in the upright position behind the box, and may offer verbal encouragement only, as long as such encouragement does not distract the opposing team. As a courtesy to opposing teams, the box loader is to remain in position until the outcome of the heat is determined by the Head Judge. If, in the judge's opinion, a box loader has violated any of these rules, their team may forfeit the heat.

(f) Inside Interference: If a dog or any team member interferes with the opposing team during a heat, the team causing the interference will forfeit the heat. This includes interference in the racing lane, in all in bound areas, and in the area where dogs are waiting to run. Interference is defined as impeding the other team's dog from running its race. A dog chasing a loose ball into the other team's area is not necessarily interference. In the event on interference, the judge will assign an estimated time to the team that was interfered with. The time will be marked as estimated and will not be used to determine placement.

(g) Distractions: Team members shall not distract the opposing team by any means, nor throw any object for their dogs (i.e. balls, toys, Frisbees, dummies, gloves, or treats). Team members are required to pick up any loose balls. The first offense of these infractions shall receive a warning; a second offense and any offense thereafter during the race will result in the loss of the heat.

(h) Safety Hazards: If, in the opinion of the head judge, a safety hazard exists during the running of the heat, the heat shall be stopped and rerun.

(i) Flags: Dogs that receive a flag must be rerun after the initial four dogs in the order they were flagged. Racing infractions requiring the rerunning of a dog include:

- (i) Early passes will be indicated by the EJS and the Line Judge and/or the head judge. When running without an EJS system, the line judge will indicate an infraction;
- (ii) Missed jumps;
- (iii) Not carrying the ball over each jump in succession;
- (iv) Does not trigger the box;
- (v) Dog takes the ball from the cup without first triggering the box;
- (vi) Does not carry the ball over the start/finish line;
- (vii) Inappropriately assisted by the boxloader, spectator or handler;
- (viii) A handler or their object crosses the start/finish line during the dog's run (with the exception of resetting knocked down jump(s) or retrieving loose ball(s)).

(j) Knocked down jumps: A team whose dog(s) knocks down a jump(s) during its run shall not be penalized, provided all their dog(s) clear the jump(s) as if it were standing. A "runner" or handler may set up knocked down jump(s) if so doing does not interfere with either team or guide the dog in any way.

(k) Intervention: Should the ball bounce back in the cup as the dog tries to catch it, the box loader may re-set the box for the dog to trigger it (without penalty). This is the only time at which the box loader is permitted to signal a dog to push the pedal.

(l) The finish: The first team to have all four dogs successfully complete a run wins the heat. The finish shall be when the last of the four dogs reaches the finish line with any part of its body.

(m) Winner: Determining the winner of a heat

- (i) When a heat is judged using the Electronic Judging System, the winner of close heats shall be determined based on the Electronic Judging System times. When the

times are within .003 of a second (for example, a time of 21.798 versus 21.801) the Head Judge shall declare the race to be a tie;

(ii) When a heat is judged to be a tie with manual judging (in the absence or failure of the Electronic Judging System), the head and line judge's decision as to the winner of the heat must be unanimous and shall be based on their visual view of the finish line, not on the clocks. If the Line Judges are not in agreement, the Head Judge shall consult with the Line Judges and either declare a winner or declare the heat to be a tie.

Section 8.4- Aggressive Dogs

If a dog shows undue aggression toward another dog or handler at any time during the competition, the Head Judge may excuse the dog from competing. The degree of aggression that warrants excuse is to be determined by the Head Judge.

Section 8.5 – Condition of Dogs

(a) Wrap on dog's legs may be used. The Head Judge has the right to inspect any dog at any time during the tournament.

(b) If in the opinion of the Head Judge, a dog is lame, in season, recovering from surgery, or for any related reason should not compete, the same shall be excused from competition.

Section 8.6 – Race Results

Host clubs must post race results (heat times and wins/losses) for competitors, as soon as possible, following the running of each race.

(b) The judge's responsibility also extends to the exhibitors, to the host club or organization, and the spectators and sponsors. A judge must be an arbiter and diplomat. A judge must leave exhibitors and spectators with the feeling that each team was given an equal opportunity and no team was given an unfair advantage.

(c) A judge is not to engage in conversation with a disgruntled exhibitor. The Head Judge may excuse any person for breach of the Code of Ethics.

(d) Upon arriving at the site, a judge shall immediately report to the tournament director. Judges should be at their ring at least one half hour before the competition to check the ring, jumps, matting, and backstops. If dogs are to be measured and boxes inspected before the competition, the judge should allow additional time as directed by the tournament director.

(e) The rules of racing and corporate policies & procedures are a basic guide. They should not be considered a manual containing explicit direction for every possible situation. Judgment calls should be based on the experience, good character, and fairness of the judge. The intelligent application of discretionary authority demands that a judge exercise common sense, fairness, and initiative. **Above all else, the safety and well being of the dogs and exhibitors shall be foremost.**

(f) Judges shall not assist teams during warm-ups.

(g) Persons interested in becoming an approved NAFA judge must:

(i) Submit an application form (NAFA Form C.5) to the Education and Training Committee. Applicants must pass a written or verbal test administered by a member of the Education and Training Committee or a NAFA Head Judge appointed by the committee.

(At the discretion of the Judges and Guidelines Committee, some leeway in the number of assignments may be given to an apprentice in regions where tournaments are scarce.)

(iii) Each Supervising Head Judge will complete an Apprentice Review Form for each assignment, and give it to the candidate. (Giving the candidate the evaluation forms will enable them to see where their strengths and weaknesses are, and to improve their skills before their next apprentice assignment.)

(iv) When the apprentice has collected three (3) approved review forms, he or she shall forward them to the Education and Training Committee. Once provisional status has been assigned by the committee, the Provisional Judge's name will be published in the NAFA NEWS for the benefit of clubs looking for judges, so that the

Provisional Judge can receive the necessary assignments to become an approved Head Judge.

(v) To become an approved Head Judge, the Provisional Judge must judge a minimum of 20 races at three (3) tournaments within a 12 month period. The Provisional Judge will submit a provisional judges review form to each tournament director and/or Regional Director for completion. Completed forms are to be forwarded directly to the Education and Training Committee, by the Tournament or the Regional Director. After reviewing the three (3) forms, the Education and Training Committee will notify the applicant (in writing) of denial, or forward the applicant's name to the NAFA Board of Directors for final approval. Upon approval, the newly approved Head Judge will be notified and their name published.

(vi) To maintain Head Judge status and ensure that NAFA Head Judges keep up on their technique and maintain the knowledge necessary to be an effective judge, NAFA will require the following:

(a) In each racing year, a Head Judge must judge at least one division in two tournaments on different weekends.

(vii) Judges who do not fulfill the requirements to maintain their active status in any one year must judge at least 1 division of a sanctioned tournament under the supervision of a NAFA Supervising Head Judge and judge one other tournament to be reinstated. Judges whose approved status lapses for more than 1 year will not be reinstated, but must begin the apprentice process again.

(iv) Prospective judges must possess all of the best qualities one could want in a Supervising Judge.....fairness, firmness, safety minded, a good attitude to the sport, the participants, the spectators, a sense of responsibility to the sport and as a representative of NAFA.

(v) Prospective judges must be willing and able to mentor new and apprentice judges, answering questions, challenging apprentices, and generally overseeing the education of the new judge. The sharing of experiences and the ability to explain rulings and other nuances of the sport are an absolute must.

(vi) Prospective judges must have excellent measuring skills since his or her measurement is the deciding factor for any height cards.

(vii) Prospective judges for Supervisory status may be proposed to the Board of Directors in writing by any Board member, judge, or participant in official NAFA events. (viii) It is understood that the meeting of all of the necessary criteria for Supervisory status does not mean an automatic approval by the Board of

Directors. It is not the intention of the Board to appoint great numbers of Supervisory Judges in any area.

(ix) The Board of Directors reserves the right to revoke Supervisory status at any time for just cause.

(x) If a Supervising Judge fails to maintain his/her regular judging status, supervising Judge status is revoked and must be reapplied for.

(i) Line or box judges under the age of 18 must have prior approval from the Regional Director. (Head Judges should also be notified).

(j) Judges are not permitted to consume alcohol during their judging assignment.

CHAPTER 3 – ANNUAL GENERAL MEETING

Delegate votes shall be conducted by mail or other similar means.

(b) Club owners shall submit a list of delegates within 30 days of receiving their delegate counts for the current year from NAFA. Delegate information not submitted within the allowed timeframe shall result in the forfeiture of delegates for that year.

(c) Any items put to delegate vote and defeated can not come up again for 3 years.

(e) The Chairperson excuses all persons except the committee, the accused, and the witnesses.

(f) The Chairperson shall call the witnesses, first those named by the committee and then those named by the accused. The Chairperson shall ascertain the **full name and address** of each witness as they are called. The Chairperson shall question the witness and then allow the accused to question the witness.

(g) After all witnesses have testified, the Chairperson shall permit the accused to make a final statement in response to the charges.

(h) The Chairperson shall then excuse all persons except the committee. The Chairperson shall ask the accused to remain available to receive the committee's decision.

Section 5.5 - Post-Hearing

(b) The Board of Directors may put a tournament director, host club, team, Regional Director or judge on probation for one year. (c) All tournaments, with the exception of unlimited tournaments, will not accept entries until one calendar month prior to the closing dating.

(d) Applications for sanctioning of unlimited entries are to be received by NAFA at least sixty (60) days prior to the closing date. Applications for sanctioning of limited entries are to be received by NAFA at least 90 days prior to the closing date.

(h) The host club must get written approval from NAFA for any and all special or unusual requests.

(i) All clubs registered with NAFA are to be notified of the date, time and location of the tournament, and the name and phone number of the contact person, prior to the closing date.

All the entries may be from the same club (i.e. Front Runners A team, Front Runners B team, Front Runners C team, Front Runners D team, etc.), however, multiple entries from the same club are to be treated as one entry until after the closing date. Any remaining openings are to be filled by the second entry from those clubs that enter more than one team, followed by the third entry from those clubs that enter more than two teams and so on until all entries are filled.

(k) Prize money for any one team may not exceed \$500.00 (US Funds) per event per day. In addition, a host or sponsor may offer expense money provided the same is distributed fairly among all participating teams, based on actual expenses.

Section 6.2 - Classes of Competition

(a) NAFA recognizes three classes of competition: Regular, Multibreed, and Non-Regular.

(b) The NAFA Regular class of competition includes teams made up of any breed(s) of dog and/or mixed breeds and **must be offered at every sanctioned tournament.**

(c) A Non-Regular class (Pee-wee, Veterans, etc.), is any class other than the NAFA Regular and Multibreed class.

(d) In Multibreed competition, teams must consist of different breeds (minimum of 4, maximum of 6 with 4 different breeds running in a heat) recognized by any of the following Kennel Club's: American Kennel Club, Canadian Kennel Club, United Kennel Club, Mexican Kennel Club, American Rare Breed Association, or a dog of mixed breeding.

(e) No dog can run on more than 1 team in any given class.

(f) Dogs may not compete in more than one class at a NAFA sanctioned tournament except

Section 6.3 – Format & Schedule

The tournament format & schedule shall be approved by the Regional Director. Each team participating in the tournament (and the Head Judge) shall be notified no less than 48 hours prior to competition. The tournament format includes:

- (i) Teams in each division along with the seed time of each team and the breakout time assigned to that division.
- (ii) Format of the tournament, ie., Round Robin with or without Single/Double elimination, and whether the two rounds are added together or not.
- (iii) Scoring – how wins and placings are determined; and how tie scores would be broken.

Section 6.4 - Seeding

(a) Tournaments will be seeded by the times submitted with the team's entry. After the closing date, the tournament director will divide the entered teams into divisions. Each division's break-out time will be one (1) second faster than the top team's seed time. Except in Division 1, a team running more than one (1) second faster than the top team's seed time will "break-out" of the division, be declared the loser of the heat, and will not be awarded NAFA Points. If the Electronic Judging System fails, or is not used this rule does not apply. **NOTE:** Tournament time sheets should be marked BO, show no time, and indicate a loss.

Section 6.5 – Electronic Judging Systems

(a) If there is a shortage of available EJS's for a tournament date, the repeat tournament dates have priority.

(b) If NAFA owned EJS systems are not available, NAFA will pay \$200.00 to rent a privately owned EJS system, if applicable. NAFA will repair any damage to the EJS incurred during the actual tournament for which the EJS was rented by NAFA. Damage reports are to be written by the Regional Director, and forwarded to the Executive Director.

(c) NAFA owned EJS systems may be rented from NAFA for \$200.00 (provided they are not required at a NAFA Sanctioned tournament), plus the cost of shipping one way. Clubs using NAFA's EJS for demos are liable for all damages that occur during the demo and the shipping from the demo.

(d) Tournaments with less than 10 teams will pay NAFA \$200.00 to cover shipping cost. Tournaments with 10 to 40 teams will get 1 set of lights for free. Tournaments with more than 40 teams are eligible to receive 2 sets of EJS lights.

(e) Private clubs can order EJS from NAFA's supplier with a \$50.00 fee to be paid to NAFA for use of the software.

(f) NAFA EJS shall be shipped out by the host club the day after the completion of the tournament. If the NAFA assigned carrier is closed the day after the tournament, the EJS must be shipped out at the next available day.

- (i) A hundred dollars (US) will be fined to the host club, if EJS is not shipped out the next available day following the completion of the tournament.

(ii) A two hundred and fifty dollar (US) will be fined to the host club, if EJS is not shipped out the next available day following the completion of the tournament and affects the next tournament.

CHAPTER 7 – STANDING RULES OF COMPETITION

Section 7.1 – Height Cards

(a) Height Cards are to be optional. Dogs must race in NAFA sanctioned events for 1 year before their owner can apply to NAFA for a height card application. Applications for height cards, at the cost of \$5.00 US Funds each, must be applied for through NAFA. Each application will be embossed with the corporate seal and numbered. Applications must be presented to the measuring recorder before the dog is measured and the Measuring Head Judge must be notified prior to measuring the dog. All dogs will need 3 matching measurements from 3 different approved NAFA judges. At least 1 of the 3 judges must be a NAFA designated, Supervising Head Judge.

(b) Final jump height cards cannot be contested. Height cards issued by NAFA will be wallet-size laminated cards and will be good for the life of the dog. Handlers who forget their height cards at any given tournament, may have their jump height contested. Completed height card forms are not accepted in lieu of a jump height card.

Section 7.2 – Record Times

(a) To verify a new NAFA record time the judge must verify the following using NAFA form C.13: Race lane length, jump placement, box throw, jump heights, and height dog measurement.

(b) Video recorded record breaking times shall be reviewed by a minimum of two neutral members of the Board of Directors. The video must be set on the starting line. The Head Judge must also verify the measurements of the lane, the height dog, and the Flyball box. Only video recorded record breaking times can be verified by the Board of Directors. Record breaking times not recorded on video in the described manner will not be recognized as a NAFA record.

Section 7.3 – Racing Year

NAFA'S racing year is October 1st through September 30th.

Section 7.4 – Meaningless Heats

Heats that are meaningless to the outcome of a sanctioned tournament are not to be run just for the sake of allowing teams to accumulate more points toward flyball titles.

Section 7.5– Changing Clubs

If a dog has raced in a NAFA sanctioned tournament, the dog may not race with another club for **90 calendar days**. Any deviation from this rule requires the team to run "non-

competitive", and no NAFA points will be awarded. This rule will start being enforced January 1, 2003.

Until that time the old rule is in affect:

If a dog has raced in a NAFA sanctioned tournament, the dog may not race with another club for **four (4) calendar months**. Any deviation from this rule requires the team to run "non-competitive", and no NAFA points will be awarded. Once an exception to the four month rule is granted, no further exceptions for that dog will be granted for 12 months. Exceptions are as follows, and must be approved by the Regulatory Committee:

- (i) The handler/dog have moved to another area;
- (ii) A dog is sold to a new owner;
- (iii) A club agrees to dissolve;
- (iv) A new club is formed. Once a dog has joined a club, that dog may not run with another club, new or existing, for a period of **four (4) months**. A club is considered to be "new" until they race in their first NAFA sanctioned tournament.

CHAPTER 8 – AWARDS

Section 8.1 - Points

Each time a team races in a NAFA sanctioned Flyball tournament with a recorded time under 24 seconds, each dog racing in that heat will receive 25 points toward a Flyball title; under 28 seconds each dog racing in that heat will receive 5 points; under 32 seconds each dog racing in that heat will receive 1 point; provided that a NAFA judge is present and at least four teams compete. Each of the four teams must actually compete. All four teams may be from the same club provided each team registered with NAFA was given an equal opportunity to enter, but chose not to.

Section 8.2 - Titles

(a) NAFA will award a certificate of achievement and the title Flyball Dog (FD) to any dog receiving 20 points.

(b) NAFA will award a certificate of achievement and the title Flyball Dog Excellent (FDX) to any dog receiving 100 points.

(c) NAFA will award a certificate of achievement and the title Flyball Dog Champion (FDCh) to any dog receiving 500 points.

(d) NAFA will award a certificate of achievement, a commemorative pin and the title Flyball Master (FM) for any dog receiving 5,000 points.

(e) NAFA will award a certificate of achievement, a commemorative pin and the title Flyball Master Excellent (FMX) for any dog receiving 10,000 points.

(f) NAFA will award a certificate of achievement, a commemorative pin and the title Flyball Master Champion (FMCh) for any dog receiving 15,000 points.

(g) NAFA will award a commemorative pin, plaque and the title "Onyx", named after its first recipient, for any dog receiving 20,000 points.

(h) NAFA will award a commemorative pin, plaque and the title Flyball Grand Champion (FGDCh) for any dog receiving 30,000 points.

Section 8.3 - Regional Champions

(a) Club must be in good standing with NAFA for the entire racing year.

(b) All points for Regional Championships are to be earned in the club's home region.

(c) Only one team from each club will qualify for Regional Championship points at each tournament (i.e. Clubs fielding more than one team may not count points accumulated from both teams towards the Regional Championship). Points accrue to a Club.

(d) A minimum of four tournaments must be competed in during the competition year, which runs from October 1st to September 30th the following calendar year. To qualify for points towards Regional Championships, tournaments must have a minimum of four teams competing. Regular classes limited below 20 teams that fill will not count. Multi-breed classes limited below 12 teams that fill will not count.

(e) Points are to be accumulated from up to 80 percent of the tournaments within any given region. For example, if a region has a total of 11 tournaments in the competition year, 80 percent of that would equal 8 tournaments. Points towards Regional Championships would count from the best 8 finished for any given Club.

Top Finishing Regional Team	3 points
2 nd Place Regional Team	2 points
3 rd Place Regional Team	1 point

(f) The Club with the highest total points will be named the Regional Champions.

(g) In the case of a point tie, the best times from each Club's four (4) best tournament placings will be averaged. So if a Club places second in a tournament, but has four other tournament wins, the times from the tournament wins will be used in the average, regardless of how good a time was in the 2nd place result. The Club with the lowest average time will be named the Regional Champion. If a tie still exists after the tiebreaker is exhausted, Co-Champions will be named.

(h) If a team disbands prior to the end of a racing year, they are not eligible to win a regional championship and all points are null and void.

Section 8.4 – NAFA Champions

(a) The NAFA Champions will be named from among the Regional Champions.

(b) A minimum of six (6) tournaments must be entered, regardless of their location, to qualify for the NAFA Championship. Of all tournaments entered in any competition year (inside or outside of a team's region), the best time from a club's six fastest tournaments will be averaged. The Club with the lowest average time will be named the NAFA Champions. If a tie exists, Co-Champions will be named.

Section 8.5 – Clyde Moore Memorial Hall of Fame

NAFA may induct two dogs per year into the Hall of Fame. Using the following criteria, NAFA members are asked to nominate candidates that they consider deserving of this award using form C.7.

- (i) Longevity: A dog must have raced in NAFA sanctioned events for a minimum of four (4) years;
- (ii) Notoriety: How well known is this dog? Nominees should be easily recognizable within their own racing area;

The business of the Corporation shall be managed by and under the direction of the Board of Directors, which may exercise all powers of the Corporation and do all such lawful acts and things not prohibited by statute or by the Articles of Incorporation or these Bylaws. In addition to the authority conferred by other provisions of the Bylaws, the Board of Directors by majority vote may promulgate such rules, regulations and orders as they deem appropriate to carry out the provisions of the Bylaws or any other laws applicable to the activities of the Corporation.

Section 2. Number. The number of voting members of the Board of Directors shall consist of no less than nine (9) nor more than fifteen (15), unless pursuant to the

Michigan Nonprofit Corporation Act and in accordance with these Bylaws such number is increased by amendment to these Bylaws. Section 3. Eligibility. Directors shall meet the following eligibility requirements: (i) be an individual who subscribes to the purposes and goals of the Corporation, (ii) receive no compensation or honoraria from the Corporation for their Board duties except reimbursement for reasonable expenses as set forth in corporate policies and procedures, (iii) not related to nor living with another director, and (iv) shall be in good standing with the corporation. Good standing shall be defined as current in all financial obligations to the corporation and not currently under any disciplinary action (probation, suspension, etc.). There will be permitted no more than one (1) Board member from any NAFA recognized Flyball club.

Section 4. Election of Directors. Unless expressly provided otherwise in these Bylaws, Directors and the Executive Director shall be elected for a three-year term. The Nominating Committee shall distribute a slate of candidates for Directors and Executive Director at least 60 days prior to the Annual Meeting pursuant to Section 7 herein. The slate of officers shall appear in the newsletter or be mailed to the registered clubs' delegates separately. The candidate(s) for each office receiving the most eligible votes shall be deemed elected. Ballots will be counted at the Annual meeting by the Election Committee, or by a professional attorney or accountant retained to conduct tabulation of the ballots.

Section 5. Term of Office. Unless elected to fill a vacancy, each Director shall be elected to a three-year term to commence at the conclusion of the Annual Meeting of the Board of Directors at which their election is confirmed. Terms of office shall be staggered so that approximately one third (1/3) of the board members' terms will expire each year. No member of the Board of Directors may serve for more than two full consecutive terms of office. Newly elected Directors shall commence their term of office at the conclusion of the Board meeting in which they are elected or confirmed, and terms will expire at the end of the Annual Meeting in the third year of the term.

Section 6. Vacancies. Vacancies occurring as a result of the resignation, death or removal of a Director, or the expansion of the size of the Board, may be filled by interim appointment by the Chairperson and ratified by the Board. Any Director who is appointed to fill a vacancy in mid-term shall serve the remaining term of office for the directorship so filled. Section 9. Special Meetings. Special meetings of the Board of Directors may be called by the Chairperson of the Board, any two officers, or any three Directors. Such meeting shall be held on such date and at such time and place as shall be designated in the notice of the meeting by the person or persons calling the meeting. Notice of any special meeting shall be given at least 24 hours previous thereto if given either personally (including written notice delivered personally or telephone notice) or by telex, telecopy, telegram or other means of immediate communication, or by written notice mailed or delivered in accordance with Section 11. The Chairperson shall preside over all Special Meetings of the Board of Directors.

Section 10. Attendance. Subject to Section 13, meetings of the Board of Directors shall be open unless otherwise provided by Robert's Rules of Order.

A waiver of notice in writing, signed by the person or persons entitled to such notice and filed with the records of the meeting, whether before or after the holding thereof, shall be equivalent to the giving of such notice. Presence at any meeting without objection also shall constitute waiver of any required notice. Neither the business to be transacted at, nor the purpose of, any regular meeting of the Board of Directors need be specified in the notice or waiver of notice of such meeting. In the case of special meetings, however, the purpose or purposes of the meeting shall be described in the notice.

Section 12. Quorum and Vote at Meetings. At any meeting of the Board of Directors, a majority of the Directors in office shall be necessary to constitute a quorum for the transaction of business. A majority of the votes cast at a meeting of the Board of Directors, duly called and at which a quorum is present, shall be sufficient to take and authorize action upon any matter which may properly come before the meeting, unless the concurrence of a greater proportion is required for such action by statute, the Articles of Incorporation or these Bylaws. If, at any meeting of the Board of Directors, there shall be less than a quorum present, a majority of those present may adjourn the meeting without further notice, until a quorum shall be present. Subsequently, at any adjourned meeting at which a quorum shall become present, any business may then be transacted at the meeting as originally notified.

Section 13. Voting. Unless otherwise restricted by law, the Articles of Incorporation or the Bylaws, any Director of the Corporation may vote in person or by proxy executed in writing by the Director. At all meetings of the Board of Directors where a quorum is present, all issues shall be resolved by a majority vote of the

Directors present in person or represented by proxy, unless otherwise required by law, the Articles of Incorporation or the Bylaws.

Section 14. Executive Session. The Board of Directors may adjourn to executive session at any time it feels at its discretion that it is necessary or appropriate for the benefit of the organization. At the direction of the Chairperson of the Board, or upon the request of any two Directors, a matter shall be discussed in executive session. Executive session shall be restricted to members of the Board of Directors, the Executive Director and any other such persons invited by the Chairperson.

Section 15. Telephone Meetings. Members of the Board of Directors or any committee designated by the Board may participate in a meeting of such Board or committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other. Participation in a meeting pursuant to this Section shall constitute presence in person at such meetings and a waiver of notice of the meeting.

Section 16. Action by Unanimous Consent. Any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting if a written consent, setting forth the action so taken, is signed by all the members of the Board of Directors or the committee, as the case may be, and such written consent shall have the same force and effect as a unanimous vote at a meeting of the Board of Directors or the committee.

Section 17. Resignation and Removal of Directors. Any director may resign at any time. Such resignation shall be made in writing and shall take effect at the time specified therein or, if no time is specified, at the time of its receipt by the Chairperson or Secretary. Directors may be removed for two or more unexcused absences from meeting during a term. C.13 World Record Form Instructions

What to do when a possible world record has been achieved:

1. Racing should be stopped immediately.
2. The Head Judge should notify the Regional Director of the possible world record. At that time if they have any questions on how to proceed, or during the time of recording the information and verification, they should be directed to the Regional Director.
3. The world record form should be pulled from the rules of racing and the general information at the top should be filled out in prior to proceeding to the checklist portion.

Checklist portion:

1. Course, height dog, box verification and ball:
 - A. Measuring the course:
 1. If you need assistance to do the measuring it is recommended that you have the Regional Director or Tournament Director help.
 2. All measurements must meet NAFA measurement tolerances.
 3. All jumps should be measured for height and be within 1/4".
 4. Jump placement must be within 2" of the jump-set line.
 - B. Verify the height dog measurement:
 1. Refer to the height dog measurement sheet.
 - a. If the dog has a height card, which was recorded prior to racing, no action is necessary.
 - b. If the dog was measured prior to racing, no action is necessary.
 - c. If the dog was not measured prior to racing, it is mandatory that it be measured at this time.
 - C. Check the flyball box:
 1. Dimensions must meet NAFA standards. It must be measured at this time, unless it was previously measured at the tournament.
 2. Throw of all holes using all sizes of balls used must be checked.
 3. The placement of the box should be at least 51' from the start finish line.

If all of the above requirements are met, the Head Judge should sign and date the world record form. It should be given to the team captain so that they can submit it along with a copy of the video to the Board of Directors.

2. Video tape verification:
 - A. To be considered for a world record an unedited videotape is mandatory.
 - B. The video must be stationary and in line with the start finish line, with a clear view of the sensor panels, and the light tree.
 - C. All passes / exchanges must be clean to qualify for a world record.
 - D. The electronic judging system must not show any errors or faults.
 - E. All dogs must carry their ball over the finish line.
 - F. The heat should be timed with a stopwatch when the video is reviewed. The hand timing is to confirm that the tape is of the actual run in question.

*Special notes

- If two neutral members of the Board of Directors are present at the tournament, the video may be reviewed at that time.
- It may be necessary to view the tape at a later time due to poor tape or lighting quality and or the size of the screen available to view the tape on.
- The run in question must meet all of the above criteria or it cannot be considered for world record status.

If all of the above requirements are met, both members of the Board of Directors should sign and date the world record form. A copy of the world record form must be submitted to the Executive Director within fourteen days in order to record the new record.

3. If there are not two neutral members of the Board of Directors available at the tournament:
 - A. The original or a copy of the video will be forwarded to the Executive Director to coordinate the review process.
 - B. The Executive Director must receive the original or a copy of the video within fourteen days of the run in question.
 - C. A completed copy of the world record form must accompany the tape.
