

Kindle Permission Form

Washington Middle School is offering Kindle Fire tablets to increase student learning through access to e-books and online reference materials, in addition to supporting digital citizenship and introducing online education applications.

Using the Kindle Fire is a privilege and students are expected to treat the devices with care. Each device is valued at \$100 (Kindle Fire HD 7" \$75, case \$15 and charger \$10). Unpaid fines for damaged or missing devices and accessories will remain on the student's record through high school and will prevent participation in after-school activities as well as release of transcripts.

Parent or guardian permission is required to issue a Kindle for use at home and school, though participation is optional. Participating students are also required to have a signed Personal Use of Technology form on file. These forms were collected from students at the beginning of the school year. Students are encouraged to have their own email addresses in order to enhance their Kindle experience.

Please respond below with your preference, contact information and signature. Return this form and if necessary, the Personal Use of Technology form to your student's Language Arts teacher.
