

In|Site:Ex|Site Public Art Program

Ex|Site:Cabochon Project

The **In|Site:Ex|Site (ISES) Public Art Program** is excited to release a call for entry to Sublette County residents for our **2015 Ex|Site:Cabochon Project**.

One artist will be chosen to design a 30" relief medallion, which will be produced in cast iron and permanently imbedded in a sidewalk within the Pinedale community. **The artist will receive a \$500 honorarium for his or her design.** This opportunity is open to permanent Sublette County residents of all ages. The selection process will be by official entry form, which includes a space for a black and white design concept and explanation.

The committee will take into account that this is a preliminary design, and that it may be refined before final approval. It should be noted, however, that a finished and professional design makes it easier for the committee to make a final decision for the winning design. Please keep in mind that the finished installed casting will be viewed from all directions.

ISES reserves the right to reproduce replicas/images for fundraising and marketing efforts to help support the **ISES** public art program.

Entries are due 5pm, February 9th at the PFAC office on 432 W. Pine Street, across from the Post Office in Pinedale.

ISES is the public arts program of the Pinedale Fine Arts Council, in partnership with the Town of Pinedale. **ISES** is a comprehensive public arts program placing temporary and permanent works of art throughout the community of Pinedale, Wyoming. This program aims to enhance our community through dialog, education, and visibility of contemporary visual art. We have the ability to partner with public, private, and non-profit organizations to realize their own public art visions.

By submitting this application, you the artist, agree to the terms and conditions here in.

Examples:

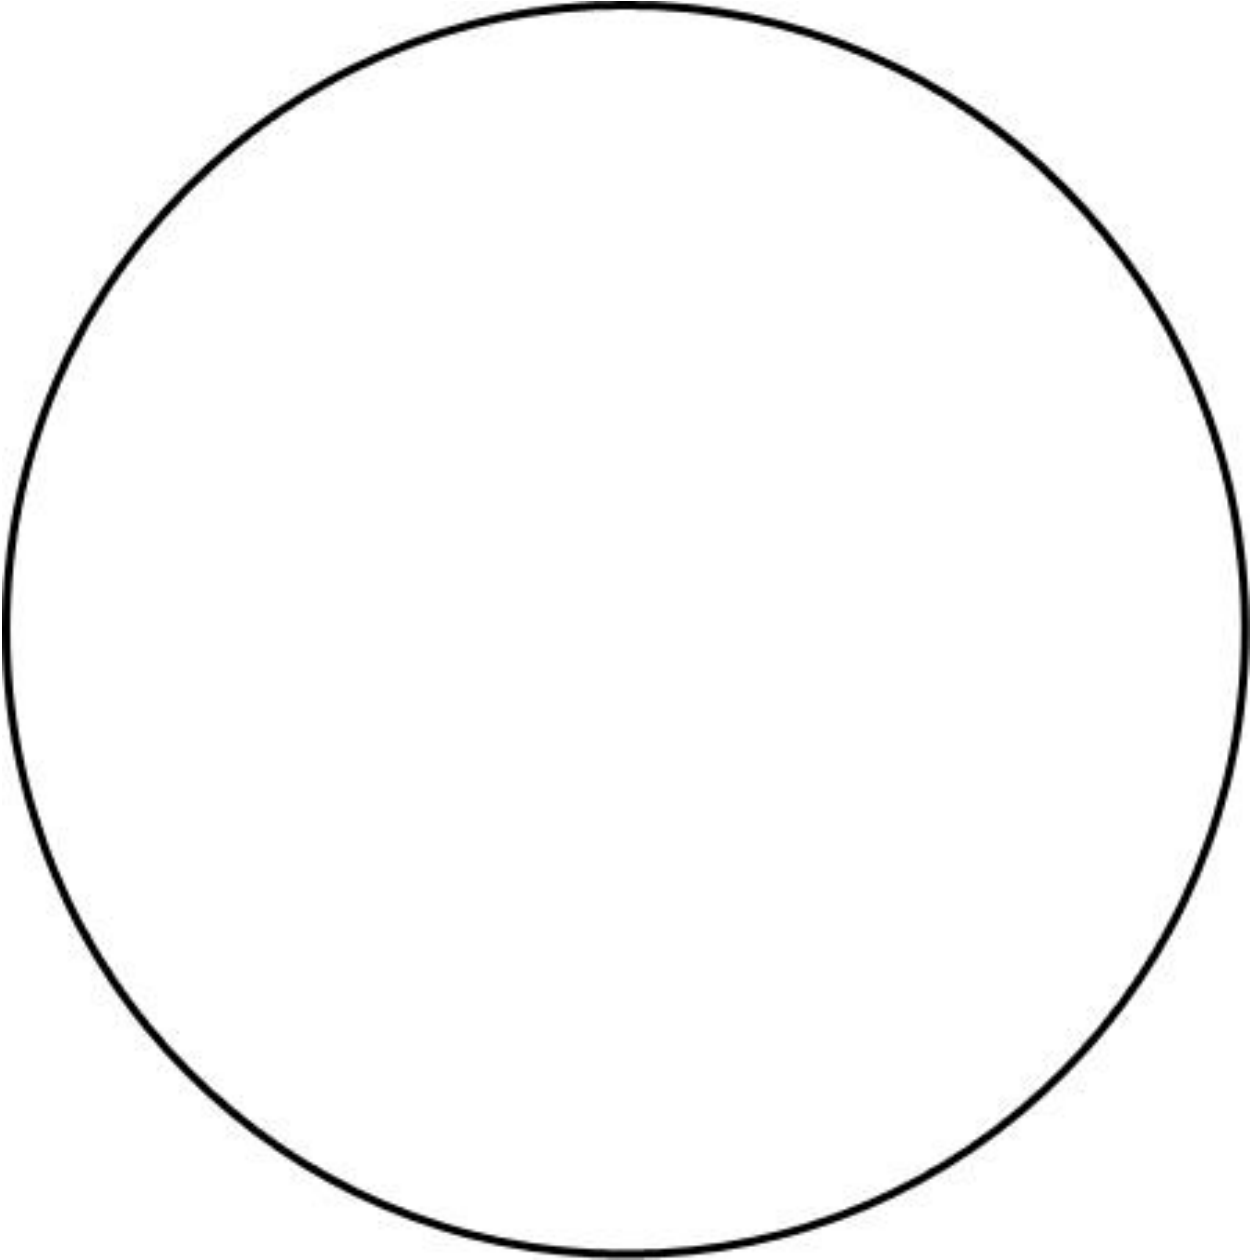

The final design must be similar to the above images. Sketchy designs, or designs with a lot of fine lines will not translate into the relief model for casting. All finished castings will have a 1/2" border, and a relief depth of approximately 1/4".

Please go to our Ex|Site: Cabochon album on our Facebook page (www.facebook.com/pinedalepublicart) for more images, and processed pictures of the 2013/14 design winners. Share with a friend, and “Like” our page!

Please write a brief description of your concept and how it applies to the Pinedale, Wyoming area. (You may use another sheet of paper.)
