THINK SNOW

Roger Reeves, VP Trips

Thanks to our members who have signed up for our trips. ALL TRIPS ARE GOING. Also, all trips have spaces for more skiers, but I must reduce the number of spaces very soon. If a trip is full when you inquire, get on the "wait list". If you are #1, 2, or 3 there is a very good chance of landing the trip due to cancellations or the trip expanding . Big Sky, Vail and Andorra (Europe) are almost full and Crested Butte is filling rapidly, but the other trips have space.

I have some comments about destinations we've chosen.

WINTER PARK

This is a huge ski area but for years was considered only the haven for day-trippers from nearby Denver. This trip was designed to avoid the locals and Presidents Weekend crowd by making it 6 days, not 7. With the new slope-side lodging and over 3000 acres of skiing, a very short ride from DIA, and 4 full days of skiing, please consider this super destination and sign-up with Marilyn Rader.

WHISTLER – HERE'S THE SECRET

You will not find a better resort for accommodations, night life/restaurants/shopping, and convenience in the US. Whistler's bum rap is weather. MY SECRET: I totally agree that some days the weather at the base and lower mountain "sucks". Yes, rain, slush and heavy fog are common down low. After three ski trips to this area I found the secret! Simply ski above mid-mountain, and it's *perfect*. Do not forget it is two mountains, Whistler and Blackcomb, and above mid-mountain is more than a week's skiing for all levels of skier. The rest of the secret - if the base is nasty, download on the Gondolas from mid-mountain and don't risk a bad run. Contact Dick Surber for more information.

Your Trip Leaders and I can assist with your questions and special requests, so do not hesitate to contact us. Check our web site at indyskiclub.org for the Trip Leader list and contact info, or contact me at 317/844-3921 or rogreeves@msn.com. Have a Merry Holiday season.

Roger

March 18 - 25—WHISTLER B.C.

Seven nights at Valhalla, 5 days lifts, pizza party, Clubstar
\$1330 Dick Surber, Leader

April 1 – 8 - VAIL CO with OVSC

Spring Meltdown – Round trip air through Denver, transportation to Vail, lodging at the Vail Spa in the Lionshead base area, 5 day lifts, reception party, Club Party and Club race. Many Vail festivities during the day and evenings for free amusement.
30 Spaces \$ 1079.00 Georgie McCarty, leader

The President's Review

-by Martha Heinrich

Yikes, where has 2005 gone? By the time you read this, the Holidays will be nearly upon us with Thanksgiving only a few weeks away and the December festivities lurking nearby. Although that's somewhat stressful to think about, it could mean that SNOW can't be far behind! As you may know, some of the Western states already had their first big dump of snow in early October, and Loveland, Colorado opened on October 14th, making it the first North American resort to open (the 6th consecutive year for this title). The others can't be too far behind; good news for all of us itching to get back out on the slopes.

Thanks again for renewing your membership, and thanks in particular to those new members joining us for the first time this year. The Club has been successful for over 50 years due to folks like you who love winter sports and want to travel, ski, board, and socialize with other like-minded people. Although the names and faces of our members change over time, our focus has always been the same - to provide well-managed, cost-effective, fun trips. This makes it easy for you to travel with a group and have as much independence or camaraderie as you desire.

In reviewing how the year is going so far, it seems that the changes the Club implemented late last year are working well. Our first two meetings of this year (picnic and signups) were both well attended, and although a few of our trip signup numbers are slightly lower than we hoped for, we are still working to make all trips go.

Social events can be initiated by anyone willing to organize one, so.....if you miss those Thursday Thirsts, give me a call or e-mail and we'll have you sponsor one at a location of your choice.

The golf outing was a blast, and we are thinking of adding an additional one in the spring. Any volunteers to help head that one up? Again, please contact me so we can make that happen. Thanks so much to AnnaMarie Ballard for this past one. It was the most beautiful day of the year and AnnaMarie ran it flawlessly. (see photos elsewhere in this issue)

Last of all, please mark your calendars for both the November 17 wine/cheese gathering sponsored by Rusted Moon and our December 8 Club meeting and holiday party at the Adams Mark. More info on both of these can be found on the cover of this issue as well as on the web. These two events will be our last big hurrah before we take off on our trips in the first quarter of 2006. During our ski travel timeframe, we won't hold regular club meetings, but we'll reconvene in April to share all our stories and re-connect with the new friends we made this year.

Make it a year full of memories!

Martha

From Juli Clark..... As an OVSC member club, we are "connected" with the **National Ski Council Federation (NSCF)**, and therefore are "allowed" discounts. Any member can go to the website, www.skifederation.com, log in (log in: skiclub; password: member) on the *Members Only* tab (bottom left), then hit the *Benefits* button (top left). One can get discounts on boot heaters, helmets, glasses, clothing, travel accessories, rentals, helmet covers, lodging, skis and boards, all sorts of stuff.

Racing News - by Russ Boehm, Racing Chair

The schedule is complete and lodging has been booked. Another race season is fast approaching. Let's take a minute and dispel the 5 most common racing myths.

1. **I'm not good enough to race.** Can you turn left and right? Then you are good enough. By far, most recreational racers are in the "C", "D" and above start groups. Are all golfers par shooters? Do all bowlers have a 220 average? "Not good enough" is no excuse. Recreational racing is by far the best path to skiing improvement.
2. **Those racers are a bunch of snobs.** Some times we all feel uncomfortable around people we don't know very well. Let me assure you, our racing crowd is the most helpful and supportive bunch of skiers you'll ever meet.
3. **I hate standing around wasting my whole day.** Some times there are unavoidable delays. Pay attention to your start group and be ready to race when your group lines up. Use your "wait" time to watch racers on the course. Watch their line and take notice where ruts and trouble may be.
4. **Our local hills are SOOOO boring.** Recreational racing is what makes our local hills NOT boring. What was once a simple, short blue run, is now a fun challenge with gates, a clock, and your personal best run on the line.
5. **I'll look ridiculous in one of those tight suits.** No suit required. But be warned, once you catch the racing bug and need a couple tenths of a second to better your personal best or beat your racing buddy, you'll throw vanity to the wind and get a suit too!

To become active in our club race league, contact your Race Chairman (Russ Boehm) and obtain a bib number. Check the schedule, read the rules and show up! There are two weekends at Paoli (Jan 28-29 and Feb 25-26) and one at Perfect North (Feb 11-12) this year. Both have great race hills and excellent nearby lodging packages.

Give it a try. As the saying goes: "Try it, you'll like it!" *Russ*
