

# FREE Asbestos Awareness Training

November 2015

**Working Well Together  
North East Group**

Asbestos related diseases are responsible for around 4500 deaths each year - the biggest single cause of work-related deaths in Great Britain. The number of deaths attributable to asbestos continues to rise and is not likely to peak for a few years. Although the use of asbestos is prohibited in new buildings, it is still present in buildings built or refurbished before the year 2000.

There is a legal requirement for asbestos awareness training to be given to anyone whose work could foreseeably expose them to asbestos - the training should be given to all demolition workers, those workers in the refurbishment, maintenance and allied trades where it is foreseeable that their work will disturb the fabric of the building.

**Choose either 6th or 20th November at the following venues:**

1. **Durham** - Northern Counties Safety Group, Belmont, Durham
2. **North Shields** - Carney Consultancy, The Fish Quay, North Shields
3. **Sunderland** - CASA Safety Services, Wessington Way, Sunderland
4. **Teesside** - Durham Tees Valley Training Services, Durham Tees Valley Airport
5. **Seaham** - Seaham Safety Services, Seaham Grange Industrial Estate

***These courses have been designed for operatives in the construction industry and are aimed at the self employed and small to medium sized companies.***

Please note places are limited to **two per company** and a booking confirmation is required prior to attendance.

The course duration is approximately 3.5 hours and will be held in the morning.

All course materials are provided and a certificate issued upon passing a multiple choice test

**To book a place, please complete the booking form.**

***Together, we can make a difference***
