

BUILD A KENOSHA CANOE!!

TAYLOR DIVERSION PROGRAMS OFFERS A BOAT BUILDING COURSE IN TIONESTA, PA

WHEN: SEPTEMBER, 2014 – Weekends only (9:00 AM – 8:00 PM)
September 6, 7
September 13, 14
September 20, 21
September 27, 28

WHERE: Taylor Diversion Programs
One Lighthouse Island (Quonset hut)
Tionesta, PA 16353

PRICE: \$250.00

INSTRUCTOR: James Sparks (Sparky)
McGregor, MN

TOOLS Hearing and Eye Protection
NEEDED: Dusk Mask

COURSE OVERVIEW: According to the instructor, "Cedar strip boats are light-weight, strong and beautiful. With very little instruction, anyone can build a canoe in 100 hours or so..." Thus, at the end of this 4 week-end course, class participants will have constructed a 17.6 foot Kenosha 2-person canoe. The class will start with setting up forms on the strong back, followed by: stripping the hull; fiber glassing the outside and inside of the canoe; installing gunwales; thwart and portage canoe yoke and seats, then adding the finishing touches! Snacks will be provided!

COURSE INSTRUCTOR: James Sparks (Sparky) comes as a guest artisan to Tionesta, PA from McGregor, Minnesota. Sparky started building canoes in 1988 and to date, has built 50+ canoes which have been displayed, sold, and/or shared with canoe enthusiasts throughout the US. In addition to the week-end course, Sparky is willing to work one-on-one (during the week) with any participant who has a desire to build their own individual canoe. (Canoe kits are from Ray Klebba's White Salmon Boat Works, White Salmon, WA).

BONUS: At the end of the 4 week-end course, there will be a drawing and one of the class participants will WIN the canoe they have just constructed!
