Allentown, PA 18104
Pick up: 8:30 am
Returns Approximately: 5:30 pm

FREQUENTLY ASKED QUESTIONS ABOUT SUMMER CAMP

I worry about the trips.

We have been going on trips for a very long time and we know the places that we go to very well. For example, Dorney Park is our first trip every year. Our staff to camper ratio is as low as 1 staff with up to 6 campers for water trips to a maximum of 1 staff to 12 campers for a non-water trip. 2 groups stay together and we use a buddy system for the campers in the groups. Our staff is experienced, carry camper ID cards with emergency information, first aid kits, and cell phones. All of our staff are CPR and First Aid Certified. All of the children wear tie dye camp T-shirt's for quick identification. And all campers can choose to go on rides or stay behind, staff is always with them. Also, from our experience the children are more aware that they are in a group and not with their parents and are very careful to stay with their groups.

How are campers grouped on the trips?

Campers are grouped by age for most trips. This keeps campers with the same interests and abilities together so all things we participate in are age appropriate. For a few of the trips campers will be grouped by height because of the ride restrictions at some parks.

What type of transportation is used on the trips?

All of our campers ride in a late model certified yellow school bus with seatbelts. All buses are driven by experienced certified drivers who operate buses all year long, not just during the summer. All staff rides on the buses with the campers and sit scattered throughout the bus for proper supervision.

My child does not swim well and I'm worried about the pool?

Our counselors are in the water with the campers at all times and lifeguards are also on duty. It is a good idea to relay your campers swimming ability to a camp counselor on the first day. There is also an arcade and snack shop at the pool, you may send money with your children for this.

What if something happens to my child on a trip?

On every trip all of your camper's emergency and medical information (Child ID cards) is taken with us and carried by your camper's group leader. If anything should happen you would be contacted immediately. Our staff directors carry cell phones on all trips. Again our camp director's are CPR and First Aid certified. If we should have a serious emergency, we would call 911 or go to the emergency station at the location that we were on a trip.

**THE WORK-FAMILY CONNECTION'S
SUMMER CAMP**
