DID YOU KNOW...

- To provide a safe place for babies and an opportunity for Moms and Dads to worship together we invest \$1200.00 per month in our **Child Care Ministry**. This ministry is staffed by fully qualified ECE's from All Nations Children's Centre. On any given Sunday they may have up to 17 children under 4 in their care.
- To reach our community with the true meaning of Christmas we invest approximately \$5000.00 each year to present **The Living Nativity** outside on the grounds of Science North. Science North does not invoice us for the use of the space and the electricity, and KFM partners with us in providing the fireworks for the Christmas Eve presentation.

Important Info!

Due to the rarity of calls we receive after office hours and the fact that most calls are not emergency in nature we are suspending our live operator after hours service as of Monday, October 17th. This will save us approximately \$1099.72/ year. If you have an emergency after hours please contact a Pastor directly, the leader of your Small Group or our emergency prayer line (Gayle @ 705-524-9712).
