

It takes hundreds of studs (2x4x92&5/8") to build the interior walls of a Habitat home. Stud sponsorship is available at \$100 per stud. Each Stud Sponsor will be invited to a STUD FINDER event later in the year during which you and your family or team will be able to find your studs in the house and have your picture taken with your special memory stud. Then the walls will go up and the memories will be forever embedded there to keep the families protected and safe!
