**Cut-protection areas on chain saw cut-protection clothing**

You can find more information about cut protection on page 280.

	Cut-protection trousers and chaps (depending on model)	Leather cut-protection boots (depending on model)	Cut-protection rubber boots (depending on model)	Cut-protection jackets (depending on model)	Cut-protection gloves (depending on model)
<b>Cut-protection classes</b>					
<b>Cut resistance/class 0 (≥ 16 m/s*)</b>	–	–	–	●	●
<b>Cut resistance/class 1 (≥ 20 m/s*)</b>	●	●	●	●	●
<b>Cut resistance/class 2 (≥ 24 m/s*)</b>	●	●	–	–	–
<b>Cut resistance/class 3 (≥ 28 m/s*)</b>	–	–	●	–	–

Personal protective equipment cannot provide absolute protection from injury. Nor is it a substitute for safe working practices. It is therefore essential to follow the safety instructions in the user manuals for both personal protective equipment and power tools as well as applicable accident prevention guidelines.

\* Chain speeds in test conditions cannot be applied exactly in practice. (The maximum chain speed of a chain saw cannot be used as a basis here.)

**1 Safer with STIHL**

Product safety is paramount for STIHL. The use of large areas of fluorescent orange material and reflective elements ensure that you are visible at work, even in unfavourable lighting conditions. Our cut-resistant inlays have been specially designed for each garment to ensure that even the lightest outfits provide excellent protection. Our products are inspected according to strict internal criteria and in regular product inspections performed by the most exacting certified European institutes. In addition, we work closely with our suppliers and regularly audit their performance.

**2 Innovative**

Our personal protective clothing features exclusive details and materials developed in-house with the user in mind. Our robust high-tech fibres are a perfect example. They provide reliable protection against water, wind and cold without compromising breathability. No matter how hard you work, STIHL protective clothing will help you through.

**3 Practical**

Useful technology can be found throughout our functional clothing. Our clothing engineers are constantly transforming the users' requirements into practical solutions. These include individually adjustable ventilation openings to give the best moisture-handling properties and specially reinforced fabric in areas subject to particular stress, such as knees and elbows.

**4 User-friendly**

STIHL protective clothing can also be washed at 60 degrees, making it easier to remove stubborn stains such as resin marks. To ensure our clothing is not just easy to wash but also desirable to wear, we carry out extensive tests to check the usability of our products. We especially focus on user comfort and freedom of movement through the use of 'stretch' materials, comfortable waist bands and elasticated fabrics in the crotch. The selected outer fabrics provide a very high level of UV protection. The skin-friendly quality of the selected materials is certified by the Oeko-Tex® Standard 100.

**5 The perfect fit**

STIHL also offers clothing in half sizes and made to measure. You can choose among comfortable, close-fitting or form-fitting cuts depending on your personal preference. That ensures our protective clothing always fits you absolutely perfectly. Our premium outfits are ideal for women. They are available in special women's versions or in unisex cuts (ADVANCE trousers).

**i** Please note that not all products are equipped with the features listed here. Only the most important features are described on this page. You can find further explanations and information from page 272 onwards and online at [www.stihl.com](http://www.stihl.com).

## Forestry clothing with cut-protection trousers

- For professional forestry workers, land or forest owners, or cutting your own firewood
- For optimal protection during forestry work
- Comfortable to wear thanks to innovative materials and precise workmanship

**ECONOMY PLUS protective clothing**

You put safety first, whether you're cutting a few cords or preparing some firewood for the stove. Close-fitting STIHL ECONOMY PLUS protective clothing is designed precisely for that purpose. The trousers provide certified cut protection and the outfits offer great insulation against the cold. The jacket – with large high visibility orange sections – ensures that other forestry workers are always aware of your presence.

**Jacket**

With large areas of high visibility orange (similar to EN 471) for improved safety. Individually adjustable cuffs, breast pocket with Velcro, phone pocket, two side pockets, vents on the front, concealed zipper, large STIHL logo on the back.

Colour – green and high visibility orange, sizes S–XXL

**Order No. 0000 883 46..**

Colour – anthracite and high visibility orange, sizes S–XXL

**Order No. 0000 883 49..**

**Trousers**

With contrasting inserts. Certified cut-protection (EN 381, design A, protection class 1  $\hat{=}$  20 m/s), waistband with buttons for braces, preformed knees for good freedom of movement, hip pockets, folding rule pocket, two slit pockets.

Colour – green and high visibility orange, sizes 44–64

**Order No. 0000 883 44..**

Colour – anthracite and high visibility orange, sizes 44–64

**Order No. 0000 883 47..**

**Overalls**

With contrasting inserts. With certified cut protection (EN 381, design A, protection class 1  $\hat{=}$  20 m/s), preformed knees, button fastening on the side for individual adjustment of the width, fly with concealed buttons, breast pocket, hip pocket, folding rule pocket, two slit pockets.

**Order No. 0000 883 48..**

**STANDARD protective clothing**

Do you own a forest or a large piece of land? Is your chain saw a standard part of your equipment? Then you'll already know the benefits of hard-wearing STIHL STANDARD protective clothing. These comfortable, water-resistant outfits will keep you warm in the cold. And with trousers and overalls featuring certified cut protection and high visibility orange on green Beaver-Nylon® blended fabric (cotton inside, nylon outside), you can stay safe on the job..

**Jacket**

With large areas of high visibility orange (similar to EN 471). Green and high visibility orange colour, ventilation openings for good breathability, preformed elbows for increased freedom of movement, size adjustable cuffs with Velcro, adjustable width, concealed zipper, two breast pockets, phone pocket.

Sizes S-XXL  
**Order No. 0000 883 35..**

**Trousers**

Robust trousers with certified cut protection (EN 381, design A, protection class 1  $\hat{=}$  20 m/s) and contrasting inserts in high visibility orange. Green and high visibility orange colour, hip pocket, folding rule pocket, two slit pockets.

Sizes 44-60  
**Order No. 0000 884 65..**

**Overalls**

Robust overalls with certified cut protection (EN 381, design A, protection class 1  $\hat{=}$  20 m/s) and contrasting inserts in high visibility orange. Green and high visibility orange colour, fully elastic braces, high kidney protection, waistband with side adjustment, breast pocket with zipper, hip pocket, folding rule pocket.

Sizes 40-64<sup>①</sup>  
**Order No. 0000 884 64..**

**Jacket**

**NEW**

Very light, breathable jacket for the summer. orange, black and khaki colour, ventilation openings, stretch inserts, reinforced elbows, reflective areas, four zipped pockets, inner phone pocket.

Sizes XS-XXL  
**Order No. 0000 883 92..**

**Trousers**

**NEW**

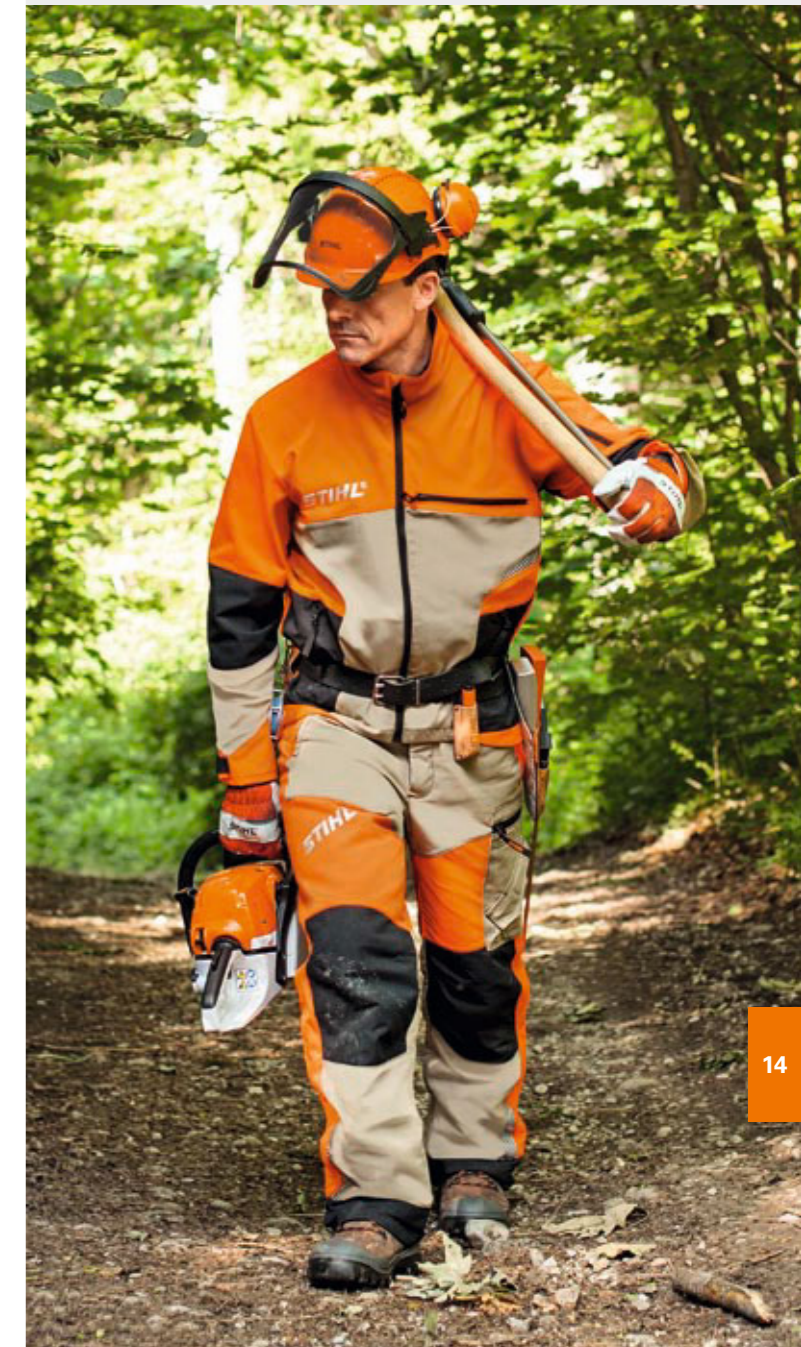

Very light, breathable trousers for the summer. With certified cut protection (protection class 1  $\hat{=}$  20 m/s), orange, black and khaki colour, elastic cuff to keep out dirt, zipped ventilation openings on the back of the thighs, elasticated trouser back, reflective areas, stretch inserts, reinforced knees, three zipped pockets, thigh/phone pocket.

Sizes 42-60<sup>②③</sup>  
**Order No. 0000 883 93..**

**DYNAMIC VENT protective clothing**

When the summer sun is beating down and the forest breeze has disappeared, that's when forestry work is at its toughest. Made from light, breathable fabrics, the close-fitting STIHL DYNAMIC VENT protective clothing range is designed especially for these kinds of conditions. The ventilation openings on the jacket and trousers allow fresh, cool air to circulate. Elasticated stretch inserts on the trousers also ensure they're very comfortable to wear.

① Also available in half sizes  
② Also available made to measure

③ Available in half sizes 98-110 and 25-29

The last numbers (..) of the order number stand for the desired size: See measurements chart on page 246 for the appropriate size.

**DYNAMIC protective clothing**

Anyone who works with a chain saw on a daily basis knows the value of maximum freedom of movement and tough, professional protection. And you get both with STIHL DYNAMIC close-fitting protective clothing. Thanks to the elasticated inserts and preformed elbows and knees, it adapts to your movements without restricting you. Ventilation zippers on the jacket and trousers regulate the temperature. With tear-resistant material, it's also ideal for working in thorny scrub.

**Jacket**

With large areas of high visibility orange (similar to EN 471). Anthracite and high visibility orange colour, soft-shell collar, comfortable stretch insert on the back, preformed elbows, elasticated wristbands, good breathability with ventilation zippers under the arms, four practical pockets.

Sizes XS-XXXL<sup>①</sup>  
**Order No. 0000 885 09..**

**Order No. 0000 885 77..**

**Trousers**

Highly flexible, comfortable and breathable. With certified cut protection (EN 381, design A, protection class 1  $\hat{=}$  20 m/s), protection against thorns and rain thanks to ACTION ARCTIC material on the front of the trouser legs, hip pockets with zippers, thigh pocket, double tool pocket, phone pocket.

Colour - anthracite and black, sizes 46-60<sup>③</sup>  
**Order No. 0000 885 46..**

Colour - black and black, Sizes 46-60<sup>③</sup>  
**Order No. 0000 885 47..**

The ADVANCE trousers are also available without cut protection (see page 244).

**ADVANCE forestry clothing**

Professional forestry workers carry out tough physical work every day. Out in the woods, every single gram of tools, equipment and protective clothing counts. That's where extremely light, form-fitting STIHL ADVANCE forestry clothing comes in. Six layers of high-tech cut-protection padding make the material 20% lighter than conventional trousers with cut protection. The Schoeller<sup>®</sup> dynamic outer layer is highly elastic and breathable, providing reliable, long-term water resistance.

<sup>①</sup> Also available made to measure

## Weather-proof clothing and functional clothing

-  The best protection against rain, wind and snow
-  Easy to wear over cut-protection clothing
-  Breathable, functional clothing ideal for physically tiring work
-  Moisture wicking from the inside to the outside

### ADVANCE weather-proof clothing

Made of extremely hard-wearing, bi-elastic material anthracite and orange colour, very supple, most seams sealed watertight.

#### Jacket

With hood and ventilation openings under the shoulder yoke.

Sizes S-XXL

Order No. 0000 885 54..

#### Trousers

With zippers on the seams, making the trousers easy to put on over boots.

Sizes S-XXL

Order No. 0000 885 55..

### RAINTEC weather-proof clothing

With watertight seams and water-repellent zippers. Black and high visibility orange colour, reflective piping, EN 343 class 3 (top class) in breathable properties: RET < 18 m<sup>2</sup> PA/W, water resistance: ≥ 13,000 PA.

#### Jacket

Long ventilation openings under the arms, large areas of high visibility orange, large, reflective STIHL logo on the back, adjustable softshell collar, foldaway hood with brim.

Sizes S-XXL

Order No. 0000 885 11..

#### Trousers

Ventilation zippers on the thighs, side zipper making the trousers easier to put on, ventilation openings in the hip provide access to work trousers, proven thorn resistance made of ACTION ARCTIC material in vulnerable areas, practical thigh pocket.

Sizes S-XXL

Order No. 0000 885 10..

### LOGGER t-shirt

ACTIVE COTTON

Special ACTIVE COTTON cotton fibres transport moisture away from the body: the sophisticated design ensures moisture is transported to the outside. There are water-repellent fibres on the inside and water-absorbing fibres on the outside. Odour-neutral and very comfortable to wear. Flat seams prevent chafing. Orange and anthracite colour, crew neck, Oeko-Tex® Standard 100.

For working outdoors in winter. Very warm, traps air for maximum heat retention, very soft interior, modern design, close-fitting cut, optimal protection in cold temperatures, thinner functional material around the armpits, high collar, two side pockets, thumb loops at the cuffs.

**ADVANCE**  
Colour – anthracite/orange.  
Sizes S-XXL  
**Order No. 0000 883 79..**

Available from spring 2014!

**COMFORT**  
Colour – green/black.  
Sizes S-XXL  
**Order No. 0000 883 78..**

**STIHL professional tip:**

Our functional clothing protects you in cold temperatures by transporting moisture away from the skin to the outside, ensuring it stays dry. Thanks to an ergonomic cut and functional zones, ADVANCE functional clothing snugly fits your body and ensures better moisture wicking. Silver ion technology neutralizes unpleasant odours so that your functional clothing stays clean longer. In addition, flat seam technology prevents chafing against your body. That makes the clothing even more comfortable to wear.

## Work clothes, belts and braces

- For a safe and comfortable work environment
- Great user comfort
- High-quality design packed with extra features

### ADVANCE trousers without cut protection

Semi-elastic work trousers, optimal for climbing work. Anthracite and orange colour, highly elastic Schoeller® outer fabric, 93% polyamide, 7% elastane, reinforced on the inside leg, seat, front and knee, high kidney protection, thigh pocket with phone pouch, slit pockets and hip pockets with zippers.

**LP Super leather care**

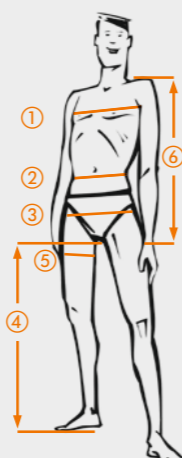

For taking care of all leather boots, gloves and other leather products. Colourless, 100ml tube, contains ingredients for improved leather protection and water-resistance.

**Order No. 0000 884 1901**

**To order correctly:**

1. Find out the appropriate size using the tables.
2. Select the desired item of forestry clothing.
3. Then add your size at the end of the order number (...). Sizes are highlighted in the table to the right.
4. **Note:** the stated measurements are body dimensions. Body dimensions differ from clothing measurements.

**Dimensions for standard and custom clothing**

- ① **Chest circumference**  
running horizontally around the body at the widest point of the chest
  - ② **Waist circumference**  
around the waist, without tightening  
For trousers: waistband circumference (at trouser waist)  
For overalls: stomach circumference (at navel)
  - ③ **Seat circumference**  
at the widest point of the seat
  - ④ **Inside leg**  
measured from the crotch to the ground
  - ⑤ **Thigh circumference**  
at the widest point of the thigh
  - ⑥ **Arm length**  
length from shoulder edge to knuckle with arm angled
- Height**  
**Jacket length**  
without collar, to hem (measured with a well-fitting jacket)

Stand upright with a relaxed posture. Ask a second person to measure you.

For **standard clothing** the chest circumference, waist circumference, seat circumference and inside leg length are needed.

For **custom sizes**, we require all listed measurements. You can find prices and delivery methods for custom sizes at your local authorised STIHL dealer.

Your jeans size for **waist** and **length** are also a good way to estimate your correct size.

**Measurement chart for women**

International sizes (jackets and trousers)			
International sizes	S (36–38)	M (40–42)	L (44–46)

● Fitted as standard \* No safety reflectors on sides in sizes 38, 48–50  
\*\* Soles in sizes 36–38 and 48–50 differ

The last numbers (..) of the order number stand for the desired size: 36/37/38/39/40/41/42/43/44/45/46/47/48/49/50

**Face/ear protection, short, with plastic visor**

With double headband\* and four ear plugs. EN 166, EN 352, SNR 33 (H:32; M:29; L:29) (up to 113 dB(A)).<sup>Ⓞ</sup>

**Order No. 0000 884 0510**

With soft padded head strap and ear defenders. Enlarged visor, inner visor with anti-fog coating, additional forehead protection, EN 166, EN 352, SNR 30 (H:34; M:27; L:18) (up to 110 dB(A)).<sup>Ⓞ</sup>

**Order No. 0000 884 0565**

**G500 PC**  
Professional combination, perfect balance, adjustable straps with adjustable ratchet, anti-fog coating on both sides, ear defenders are removable for use in summer, forehead protection with ventilation slots, with polycarbonate visor, ballistic protection class F according to EN 166, EN 352, SNR 28.<sup>Ⓞ</sup>

**Order No. 0000 884 0563**

**Face/ear protection, long, with plastic visor**

With approx. 30% larger face protection. Inner visor with anti-fog coating. With double headband\* and four ear plugs, EN 166, EN 352, SNR 33 (H:32; M:29; L:29) (up to 113 dB(A)).<sup>Ⓞ</sup>

**Order No. 0000 884 0233**

**Face/ear protection with nylon mesh visor**

With double headband\* and four ear plugs. EN 352, EN 1731, SNR 33 (H:32; M:29; L:29) (up to 113 dB(A)).<sup>Ⓞ</sup>

**Order No. 0000 884 0511**

**ECONOMY**  
Lightweight combination with ear defenders for good noise reduction and pivoting nylon visor, adjustable head strap, EN 352, EN 1731, SNR 24 (H:28; M:21; L:13) (up to 104 dB(A)).<sup>Ⓞ</sup>

**Order No. 0000 884 0517**

**Face/ear protection with nylon mesh visor**

With soft padded head strap and ear defenders. Enlarged visor, additional forehead protection, EN 352, EN 1731, SNR 30 (H:34; M:27; L:18) (up to 110 dB(A)).<sup>Ⓞ</sup>

**Order No. 0000 884 0566**

**G500**  
Professional combination, perfect balance, adjustable straps with adjustable ratchet, anti-fog coating on both sides, can be worn with or without ear defenders depending on the job, forehead protection with ventilation slots, with polycarbonate visor, ballistic protection class S according to EN 1731, EN 166, EN 352, SNR 28 (H:35; M:26; L:16) (up to 108 dB(A)).<sup>Ⓞ</sup>

**Order No. 0000 884 0562**

**Face/ear protection, long, with nylon mesh visor**

With ear defenders, double headband\* and longer visor. EN 352, EN 1731, SNR 30 (H:34; M:27; L:18) (up to 110 dB(A)).<sup>Ⓞ</sup>

**Order No. 0000 884 0535**

**AERO LIGHT helmet set**

Lightweight helmet set with a large visor and vents on both sides in the top part of the crest. Orange colour, rain gutter. EN 352, EN 397, EN 1731.

**Order No. 0000 884 0141**

**STANDARD helmet set**

Tried and tested helmet set with high noise protection. Orange colour, EN 352, EN 397, EN 1731.

**Order No. 0000 884 0186**

**SPECIAL helmet set**

Helmet set with metal mesh V5A visor system. Vents on the top part of the crest, orange colour, high noise protection, anti-dazzle peak, EN 352, EN 397, EN 1731.

**Order No. 0000 884 2401**

**EXPERT helmet set**

Helmet set with adjustable ratchet and metal mesh V5B visor system. Vents on the top part of the crest. Orange colour, good noise protection, with UV indicator, EN 352, EN 397, EN 1731.

**Order No. 0000 884 2402**

**INTEGRA helmet set**

Lightweight helmet set with large visor and integrated safety glasses (also for use with clearing saws). Orange colour, rain gutter, EN 166, EN 352, EN 397, EN 1731.

**Order No. 0000 884 0180**

**EXTREME helmet set**

Helmet set with adjustable ratchet and V5C visor system with 3-zone spring steel mesh. Vents on the top part of the crest, orange colour, visor with very high light penetration, with UV indicator, EN 352, EN 397, EN 1731.

**Order No. 0000 884 2403**

**ADVANCE helmet set**

Head protection combination in a modern design. Intelligent visor swivelling system, many ventilation openings, integrated rain gutter, pre-formed metal or nylon visor, adjustable ear protection, optional integrated safety glasses and neck protection, EN 352, EN 397, EN 1731.

Orange, nylon mesh  
**Order No. 0000 884 0192**

Orange, metal mesh  
**Order No. 0000 884 0191**

Fluorescent orange, nylon mesh  
**Order No. 0000 884 9706**  
Fluorescent orange, metal mesh  
**Order No. 0000 884 9705**

**Attachable safety glasses**

Suitable for AERO LIGHT, INTEGRA and ADVANCE helmet sets. Included in INTEGRA helmet set, EN 166.

**Order No. 0000 884 0182**

**VENT PLUS arborist helmet set**

Functional design with five large adjustable and closable vents on each side. Removable nylon visor, easily adjustable chin strap, removable ear protection that insulates well, only approved for arborist work or rope access work, not suitable for working at ground level, EN 352, EN 1731, EN 12492. The helmet has a service life of up to ten years.\*\*

Orange  
**Order No. 0000 883 9100**

Helmet without visor or ear protection.  
Orange  
**Order No. 0000 883 9101**

**Construction helmet**

Lightweight polyethylene construction helmet with ventilation openings on both sides in the top part of the helmet crest. Moisture is absorbed by an adjustable sweatband on the inside, with rain gutter to channel off water, compliant with EN 397.

Blue  
**Order No. 0000 884 0197**

White  
**Order No. 0000 884 0198**

Yellow  
**Order No. 0000 884 0199**

Ear defenders and face protection for construction helmets are available as an accessory from your STIHL authorised dealer.

Individual rain protection is available for many STIHL helmet combinations. See page 254.

<sup>Ⓞ</sup> When working with brushcutters, edge trimmers, clearing saws, blowers/mistblowers and cut-off saws, eye protection (EN 166-compliant safety glasses) must always be worn!  
<sup>Ⓜ</sup> Provides 100% UV protection

\* Rear head support, prevents slipping. Individually adjustable fit.  
\*\* Up to a maximum of ten years after the date of manufacture. Please consult the user manual to determine the actual lifespan.

## Ear protection, safety glasses and work gloves

- The appropriate ear, eye and hand protection for your individual needs
- All safety glasses feature the highest optical quality and 100% UV protection
- Work gloves for every job: with cut-protection, wind and waterproof, thermal or oil and thorn-resistant

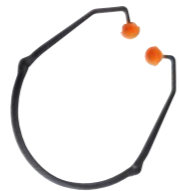

### Ear plugs

Made from conically shaped polyurethane foam. Soft material, gently fits into the ear canal, two pairs in a multibox, EN 352, SNR 33 (H:32; M:29; L:29) (113 dB(A)).

Order No. 0000 884 0476

### Head strap

Extremely light (10 g), foldable, EN 352, SNR 24 (H:27; M:20; L:18) (up to 104 dB(A)), no pressure on the ear canal.

Order No. 0000 884 0509

### CONCEPT 23 ear protectors

Extremely light, adjustable, soft pads for comfortable wear, EN 352, SNR 23 (H:27; M:20; L:14) (up to 103 dB(A)), rotatable ear defenders/headband.

Order No. 0000 884 0532

### CONCEPT 24 ear protection

Stable, breathable metal headband. Soft pads for comfortable wear, EN 352, SNR 24 (H:28; M:22; L:14) (up to 104 dB(A)).

Order No. 0000 884 0528

### CONCEPT 24 F ear protection

Padded head strap, soft ear pads for a comfortable fit, foldable, EN 352, SNR 24 (H:28; M:21; L:13) (to 104 dB(A)).

Order No. 0000 884 0530

### CONCEPT 28 ear protection

Stable, breathable metal headband. Soft pads for comfortable wear, EN 352, SNR 28 (H:31; M:26; L:19) (up to 108 dB(A)).

Order No. 0000 884 0529
