

VCE Planning your Program for Units 2 & 4

The VCE Planning Programs are designed for VCE teachers who are new to teaching VCE Health and Human Development, VCE Physical Education, VCE Outdoor and Environmental Studies or are seeking guidance to develop their programs.

The structure of these intensive sessions will see teachers consider the timelines and units of work that are suitable for this area of study and the methods of assessment and reporting that should be completed to fulfil VCAA requirements. These sessions will have you rejuvenated and returning to school ready to guide your students through the second semester.
