## *President's Message*

Indian Pharmaceutical Congress is the most important event of every year for Pharmacy professionals in India. It has evolved as showcase of the progress made by Pharmacy profession in India. The unique feature of the Congress is its movement across the country, connecting with professionals. The Congress attracts stakeholders from all facets of the profession like Education, Regulatory and Industry. It proves to be a window of the profession for numerous students and has significant impact on their minds.

The 63rd Indian Pharmaceutical Congress will be held in Bengaluru in Dec 2011. Continuing the Vision 2020 theme over the last few years, the theme this year is "Vision 2020 – India The Pharma Powerhouse". Our team of strong dedicated LOC has already started working on various aspects of the Congress. The four important pillars of any successful Congress are scientific programme, the venue, the exhibition and the arrangements /execution of the event. This year, the venue is BIEC, which I rate as the best venue IPC has ever had till date. The scientific committee will work with the Scientific convener of IPCA to put forth a relevant programme meaningful to all participants.

We have seen that the participation from the Industry is receding over the last few years. This year we shall ensure that the programme is attractive to Industry and we shall address the issues faced by the Industry. If India has to evolve as the Global Pharmaceutical Powerhouse, there is a need to upgrade the other facets of the profession namely Education and Pharmacy Practice. I am sure that we shall have interactive sessions on the above resulting into a document with well laid down action items to reach the desired objective. We shall focus on quality rather than quantity.

I request you to support 63<sup>rd</sup> Pharmaceutical Congress wholeheartedly. Our team is striving hard to ensure the highest level of value addition and satisfaction to all participants.

Please join us to make the Congress a successful event.

Subodh Priolkar

President,  
63rd Indian Pharmaceutical  
Congress - 2011

## About IPCA

Indian Pharmaceutical Congress Association (IPCA): A federation of five National Pharmaceutical Associations as its constituents - is the apex body representing Indian Pharmacists working in various capacities, viz, Pharmaceutical Industry, Research and Development, Quality Control, Quality Assurance, Academics, Drugs Control Departments, Hospitals, Community and Clinical Pharmacy, Marketing, etc. Total strength of all federating associations would be more than 20000 Professionals/Pharmacists as members.

The five federating associations of IPCA include:

**IPA** Indian Pharmaceutical Association

**IHPA** Indian Hospital Pharmacists Association

**APTI** Association of Pharmaceutical Teachers of India

**IPGA** Indian Pharmacy Graduates' Association

**AIDCOC** All India Drugs Control Officers' Confederation

The First Indian Pharmaceutical Congress (IPC) was organized at Kolkata in December 1948, with Prof. M. L. Schroff as its President. Thereafter, each year Indian Pharmaceutical Congress has been organized successfully. The professionals elected to preside over the Indian Pharmaceutical Congress during these years have been persons of great eminence in their fields. The Presidents have been personalities mainly from Pharmaceutical Industry, Research and Development, Quality Control, Quality Assurance, Academics, Drugs Control Departments, Hospitals, Community and Clinical Pharmacy and Marketing. Intelligent and appropriate expression has been given by each of them to particular issues and fields of prime importance in the form of a theme statement.

## *Chairman's Message*

Welcome to the Garden City and the Knowledge Capital of India – Bengaluru.

With the growing focus on knowledge and entrepreneurship, India is recognized as one of the powerhouses in the field of Pharmacy. While we are proud to produce quality generic drugs at affordable prices for the world, we have also taken on the challenge to explore and discover newer therapeutic molecules. The need to evaluate new areas for mitigation of ailments while ensuring speed of bringing them to the suffering provides us the opportunity to be in the cutting edge.

The 63rd Indian Pharmaceutical Congress at Bengaluru is being hosted by the Indian Pharmaceutical Association, Karnataka State Branch (IPA-KSB) with the support of IPA Central. The activities during the Congress are meticulously planned to ensure that Science based knowledge is shared in concurrence with its practical application.

The venue of the Congress is the world class Bangalore International Exhibition Centre (BIEC), where the architecture is inspired by silk weaving, a traditional industry in Bengaluru. The ambience is conducive to meeting the requirements of all activities, right from networking to peer professionals' debates at various locations such as the Exhibition area, Speaker's corner, Poster sessions, Key note speeches, or just across anywhere on the site. The weather at Bengaluru is mild and one of the greatest advantages compared to other locations in the country.

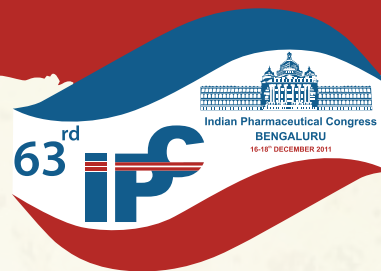

Please be assured of the best possible arrangements at, and off the venue that will make your stay comfortable so you will carry pleasant memories back home. Highly committed local committees for various activities are making all efforts, with a smile on their face to make your presence in the Congress memorable and to set a new bench mark.

With the rejuvenation of the economy across the world, it's time for Pharmaceutical professionals to contribute to help India to move to a bigger league in line with the 63<sup>rd</sup> IPC theme:

***"Vision 2020 – India the Pharma Powerhouse"***

I look forward to welcoming you to the 63<sup>rd</sup> IPC from December 16<sup>th</sup> to 18<sup>th</sup>, 2011.

Dr. B. R. Jagashetty,  
Chairman,  
Local Organizing Committee,  
63<sup>rd</sup> Indian Pharmaceutical  
Congress - 2011
