

TOILET/ URINAL REBATE PROGRAM RESIDENTIAL/COMMERCIAL APPLICATION FORM

Toilet Replacement Program Guidelines and Limitations

Overview: Commercial/Residential Toilet/Urinal Rebate Program

The City of Lake Oswego offers a Toilet/Urinal Rebate Program that encourages commercial and residential water customers to replace pre-1996 toilets and/or high-flow urinals with efficient water-conserving models to save water and money. Commercial and residential Lake Oswego water accounts may replace a maximum of two toilets / urinals per account. Toilets being replaced must have been installed before January 1, 1996 and/or have a flush volume exceeding 1.6 gallons per flush. Qualifying urinals must replace existing urinals that have a flush volume exceeding 1 gallon per flush. Rebates are offered on a first completed application received, first serve rebate paid basis and will continue until current funding is exhausted, or other reasons as may apply.

Rebates (up to two rebates per water account):

- **\$75.00** per toilet for 1.6 Ultra Low Flow standard model toilets and/or Urinals with volumes of 1 gallon or less per flush.
- **\$125.00** per toilet for High Efficiency Toilets (HET or dual **flush models**)* and/or urinals with volumes of ½ gallon or less per flush.* ***ONLY HET or dual flush toilets certified by EPA WaterSense program will qualify for this rebate. Go to: <http://epa.gov/watersense/> for a list of acceptable brands and models.***

Rebate will be generated within 4 to 6 weeks after verification and approval. (Rebate amounts will be credited to the water account.)

Rebate Requirements:

- Toilet/urinals(s) must be installed on commercial and residential property that has a Lake Oswego water account.
- There is a limit of two toilets/urinals per water account for rebate.
- To receive the rebate:
 - Each new toilet must replace an existing toilet installed before January 1, 1996 and had a per flush volume exceeding 1.6 gallons (volume stamped on rim).
 - Each new urinal must replace an existing urinal that exceeded 1 gallon per flush volume stamped on urinal.
 - Old toilets/urinals cannot be reused; they must be disabled and recycled.
- Applications must be submitted with a copy of the sales receipt showing the toilet / urinal brand, model, and proof of recycling for toilets/urinals purchased after November 18, 2009.**Note: *Environmentally Conscious Recycling (ECR) is one source that recycles toilets / urinals.*** The cost is \$7.50 per unit. Request a scale ticket as proof of recycling. ECR is located at 12409 NE San Rafael, Portland, OR 97230, (503) 253-0867 ecr@ecrrecycling.com
- Rebates are offered on a first completed application received, first serve rebate paid basis and will continue until current funding is exhausted, or other reasons as may apply.

STATEMENT OF ACCEPTANCE OF TERMS

I have read and understand the Toilet Replacement Program Guidelines and Limitations.

I understand that I must recycle any replaced toilet or urinal so that they cannot be reused. I also understand that I will allow City Staff, with a scheduled appointment, to visit my home/business and verify the information submitted with the application and installation prior to receiving a rebate. I understand that rebates are on a first completed application received, first rebate paid basis, and may be discontinued at anytime due to unavailability of funding, or other reasons as may apply and that approval of this application may not guarantee a rebate by the city in such cases.
