SPEC CODE

This space on the last page of the tax return is to be used only when specifically instructed by the Louisiana Department of Revenue (LDR). Otherwise, leave blank.

WHO MUST FILE A RETURN

- If you are a Louisiana resident who is required to file a federal individual income tax return, you must file a Louisiana income tax return reporting all income earned in 2013.
- 2. You must file a return to obtain a refund or credit if you overpaid your tax through withholding, declaration of estimated tax, credit carried forward, claiming a 2013 refundable child care credit or a Louisiana earned income credit.
- If you are not required to file a federal return but had Louisiana income tax withheld in 2013, you must file a return to claim a refund of the amount withheld. Refer to the IRS requirements for filing in order to determine if you must file a federal return. For additional information, see the NOTE on page 21.
- Military If you are military personnel whose home of record is Louisiana and you meet the filing requirements of 1 or 2 above, you must file a return and report all of your income, regardless of where you were stationed. If you are single, you should file a resident return (Form IT-540), reporting all of your income to Louisiana. If you are married and both you and your spouse are residents of Louisiana, you should file a resident return (Form IT-540), reporting all of your income to Louisiana.

Any military personnel whose domicile is NOT Louisiana must report any nonmilitary Louisiana sourced income on Form IT-540B. The federal Military Spouses Residency Relief Act has extended certain residency protections to spouses of military members. Under this Act, a spouse's state of residence does not change when he or she moves to a new state to be with a servicemember who is under military orders to be in the new state. A spouse who is NOT a resident of Louisiana but is in Louisiana solely to be with a Louisiana stationed servicemember who is NOT a resident of Louisiana must report all Louisiana sourced income other than wages, interest, or dividends, on Form IT-540B. Income earned within or derived from Louisiana sources such as rents, royalties, estates, trusts, or partnerships is taxable to Louisiana. See Revenue Information Bulletin 10-005 for more information.

If you are married and one of you is not a resident of Louisiana, you may file as a resident (Form IT-540) or a nonresident (Form IT-540B), whichever is more beneficial to you and your spouse. Resident taxpayers are allowed a credit for income tax paid to another state on nonmilitary income or on income earned by your spouse if that income is included on the Louisiana return. Use Nonrefundable Tax Credits, Schedule G, Line 1 to report taxes paid to another state.

Louisiana residents who are members of the armed services and were stationed out-of-state for 120 or more consecutive days on active duty may be entitled to an exemption of up to \$30,000 of military income. See the instructions for Schedule E, page 25, Code 10E.

- Professional Athletes Louisiana Administrative Code (LAC) 61:III.1527 requires all professional athletes that participate in athletic events within Louisiana to file all tax returns, including extension requests, electronically, Nonresident professional athletes must file Form IT-540B-NRA electronically.
- A temporary absence from Louisiana does not automatically change your domicile for income tax purposes. You must confirm your intention to change your domicile to another state by actions taken to establish a new domicile outside of Louisiana and by actions taken to abandon the Louisiana domicile and its privileges. Examples of establishing a domicile include registering to vote, registering and titling vehicles, obtaining a driver's license, changing children's school of attendance, obtaining a homestead exemption, or any other actions that show intent to establish a new domicile outside of Louisiana. These are intended as examples and do not necessarily indicate a change in residency. You are considered to be a Louisiana resident if you continue to maintain a residence in Louisiana while working in another state. Use Nonrefundable Tax Credits, Schedule G, Line 1, to report taxes paid to the other states.
- Surviving Spouses, Executors, Administrators, or Legal Representatives -A final return for a decedent must be filed if you are the surviving spouse, executor, administrator, or legal representative, and the decedent met the filing requirements at the date of death. If both conditions apply, mark the decedent box on the face of the return for the appropriate taxpayer and attach a copy of the death certificate. If a refund is due to the decedent's estate, survivor, etc., you must also complete and attach Form R-6642, Statement of Claimant to Refund Due on Behalf of Deceased Taxpayer.

Instructions for Preparing Your 2013 Louisiana Resident Income Tax Return Form (IT-540)

In compliance with the Louisiana Constitution, the Louisiana Department of Revenue shall not recognize same-sex marriages when determining filing status. Individuals who entered into a same-sex marriage in another state cannot file a Louisiana income tax return using a tax status of married filing jointly or married filing separately.

In the case of same-sex individuals who are considered married for federal tax purposes:

- · Each individual must file a separate single, qualified head of household or qualifying widow(er) Louisiana tax return.
- Taxpayers must take the income on the federal joint tax return and allocate it between the taxpayers for use on their single, head of household, or qualifying widow(er) state tax return.
- · Items of income must be allocated to the taxpayer who actually earned the income.
- · No amended returns for past years will be permitted to change filing status.

ABOUT THIS FORM

The return has been designed for electronic scanning, which permits faster processing with fewer errors. In order to avoid unnecessary delays caused by manual processing, taxpayers should follow the guidelines listed below:

- 1. Enter amounts only on those lines that are applicable.
- 2. Use only a pen with black ink.
- Because this form is read by a machine, enter your numbers inside the boxes like this:

0 1 2 3 4 5 6 7 8 9 X

- All numbers should be rounded to the nearest dollar. Numbers should NOT be entered over the pre-printed zeros, in the boxes on the far right, which are used to designate cents (.00).
- 5. To avoid any delay in processing, use this form for 2013 only.
- 6. If you are filing an amended return, mark an "X" in the "Amended Return" box on the face of the return.

Nonresidents and part-year residents must use Form IT-540B to file their Louisiana return. Nonresident professional athletes must electronically file Form IT-540B-NRA.

Name, address, and Social Security Number — Enter your name, address, daytime telephone number, Social Security Number, and date of birth on your return. If there is a change in your name since last year's return (for example, new spouse), mark the "Name Change" box. LDR automatically updates your account when you change your address with the Post Office. Failure to notify the Post Office of your address change will result in your account not being updated. A direct address change can also be accomplished by filing your tax return electronically. If married, enter Social Security Numbers and date of birth for both you and your spouse. On a joint return, your names and Social Security Numbers must be listed in the same order that you listed them on your federal return.

NOTE: If you are not required to file a federal return, but had Louisiana income tax withheld in 2013, complete Lines 1 through 6D. In the appropriate boxes above Line 7, enter the total amount of wages and income and mark the box to the right. Skip to Line 16, enter zero "0" and complete the remainder of the return. You must enter the total amount of wages and income in the boxes above Line 7. Failure to do so will result in processing delays.

Lines 1-5 – Filing status – You must use the same filing status on your Louisiana return as you did on your federal return. In the box on the left, enter the number corresponding to your filing status: "1" for Single, "2" for Married Filing Jointly, "3" for Married Filing Separately, "4" for Head of Household, and "5" for Qualifying Widow(er). Head of Household status is for unmarried people who paid over half the cost of keeping up a home for a qualifying person. If you file as Head of Household, you must show the name of the qualifying person in the space provided if the person is not a dependent.

Lines 6A and 6B – Exemptions – Mark an "X" in the appropriate boxes. You must use the same number of exemptions on your Louisiana return as you did on your federal return, unless: you are listed as a dependent on someone else's return, you are age 65 or over, you are blind, or your filing status is Qualifying Widow(er). You must claim an exemption for yourself on Line 6A, even if someone else claimed you on their federal tax return. This box has already been marked with an "X" for you.

Mark the box on Line 7 if the amount from Schedule E, Line 5C, is used. In order to complete Schedule E, you may need to first compute your modified federal income tax deduction for Louisiana purposes if you claimed federal disaster relief credits on your 2013 federal return.

However, the credits must be utilized on your federal return. Attach a copy of your federal return that indicates the amount of the credit, a copy of Federal Form 3800, and a copy of the appropriate IRS form to substantiate the amount of the credit.

For certain taxpayers who file Federal Form 1040, your federal income tax liability may be increased by the amount of the Net Investment Income Tax. Under La. R.S. 47:302(K), LDR is required to collect an 8 percent tax on out-of-state purchases subject to use tax. This 8 percent rate (which includes 4 percent to be distributed by LDR to local governments) is in lieu of the actual rate in effect for your area, and is payable regardless of the actual combined state and local rate for your area.

This law ensures that Louisiana businesses are not at a competitive disadvantage with out-of-state businesses who are not required to collect sales tax.

General Information about Disaster Relief Credits

Federal Disaster Relief Credits

Louisiana provides a deduction for federal income taxes paid on Louisiana income. Generally, when the federal income tax liability is decreased by federal credits, the amount of the Louisiana income tax liability increases. R.S. 47:293(4)(b) expands the relief granted to Louisiana taxpayers who claimed certain disaster credits granted for Hurricane Katrina or Hurricane Rita. To avoid paying additional income tax, Louisiana taxpayers who received these federal credits may increase the amount of their Louisiana federal income tax deduction by the amount of certain disaster relief credits claimed on the 2013 federal income tax form. Louisiana Administrative Code (LAC) 61:1.601 designated the following federal credits as disaster relief credits:

- 1. Employee Retention Credit
- 2. Work Opportunity Credit

3. Rehabilitation Tax Credit

- 4. Employer-Provided Housing Credit
- 5. Low Income Housing Credit
- 6. New Markets Tax Credit

For complete information about disaster relief credits, see LAC 61:I.601 on www.revenue.louisiana.gov/policies.

Consult your tax advisor or the IRS for information concerning the federal credits. 2013 Louisiana Child Care Credit Instructions

R.S. 47:297.4 allows a state tax credit for child and dependent care expenses allowed by Internal Revenue Code Section 21. The credit is refundable for taxpayers whose Federal Adjusted Gross Income is \$25,000 or less and is nonrefundable for taxpayers whose Federal Adjusted Gross Income is more than \$25,000.

INCOME EQUAL TO OR LESS THAN \$25,000

Taxpayers whose Federal Adjusted Gross Income is \$25,000 or less are allowed a refundable credit whether or not a federal child care credit has been claimed. In order to claim the Louisiana Refundable Child Care Credit, the taxpayer must comply with the same law and rules of Internal Revenue Code Section 21 that governs the federal child care credit for the 2013 taxable year. Use Lines 1 through 11 of the Louisiana Refundable Child Care Credit Worksheet on page 35 to compute your refundable credit. See instructions for the worksheet below.

INCOME GREATER THAN \$25,000

Taxpayers whose Federal Adjusted Gross Income is greater than \$25,000 are allowed a credit against their Louisiana income tax liability for a certain percentage of their federal child care credit. If you are unable to claim the credit in the year in which it is earned, the unused portion of the credit can be used over the next four years. Use Lines 1 through 17 of the 2013 Louisiana Nonrefundable Child Care Credit Worksheet on page 32 to compute your 2013 nonrefundable credit, and to appropriately claim any carry forward you may have from previous years.

REFUNDABLE CHILD CARE CREDIT INSTRUCTIONS

- 1. Your Federal Adjusted Gross Income must be \$25,000 or less to claim a Louisiana refundable child care credit. If you did not file and claim a federal child care credit, you may still file for, and receive, a refundable Louisiana Child Care Credit, if you meet certain criteria. In order to qualify for the Louisiana credit, you must meet the **same tests** for earned income, qualifying dependents, and qualifying expenses as required by the IRS for the federal child care credit.
- 2. In order to claim your Louisiana Child Care Credit, you must meet the following requirements:
 - A. Your filing status must be single, head of household, qualifying widow(er) or married filing jointly. See item number 3 below for information on married filing separately.
 - B. The care was provided to your dependent child to allow you, and your spouse if married filing jointly, to work or look for work. If you did not find a job and have no earned income for the year, you cannot claim the credit.
 - C. The qualifying child must be under age 13.
 - D. The person who provided the care cannot be your spouse, the parent of the qualifying child, or a person whom you can claim as a dependent. If your child provided the care, he cannot be your dependent and must be age 19 or older by the end of 2013.
- 3. If your filing status is married filing separately, you will be considered single for purposes of calculating the credit if all of the following apply:
 - A. You lived apart from your spouse during the last 6 months of 2013.
 - B. Your qualifying dependent child lived in your home for more than half of 2013.
 - C. You provided over half the cost of keeping up your home.

If you meet all these requirements and meet the requirements of 2(B), 2(C), and 2(D), you are eligible for the credit.

DEFINITIONS

Qualifying Child – A child under age 13 who can be claimed as a dependent by the taxpayer. If the child turned 13 during the year, the child qualifies for the part of the year he was under age 13.

Qualified Expenses – Amounts paid for household services and care of the qualifying person while the taxpayer worked or looked for work. Child support payments are not qualified expenses. Also, expenses reimbursed by a state social service agency are not qualified expenses unless the reimbursement was included in the taxpayer's income. Prepaid expenses are treated as paid in the year the care was provided. Do not include the following as qualified expenses for 2013:

- A. Expenses incurred in 2013 but did not pay until 2014
- B. Expenses incurred in 2012 but did not pay until 2013.
- C. Expenses prepaid in 2013 for care to be provided in 2014.

Dependent Care Benefits – These include amounts your employer paid directly to either you or your care provider for the care of your qualifying child while you worked. Also, dependent care benefits include the fair market value of care in a daycare facility provided or sponsored by your employer and any pre-tax contributions you made under a dependent care flexible spending arrangement (FSA). Your salary may have been reduced to pay for these benefits. If you received dependent care benefits, they should be shown on your 2013 Forms W-2 in box 10.

Earned Income – Earned income includes wages, salaries, tips, other taxable employee compensation, and net earnings from self employment. A net loss from self employment reduces earned income. Earned income also includes strike benefits, any disability pay you report as wages, and other taxable compensation. You can elect to include nontaxable combat pay in earned income. Earned income does not include: pensions and annuities, social security payments, workers' compensation, interest, dividends, or unemployment compensation, scholarship or fellowship grants, nontaxable workfare payment, or any amount received for work while an inmate in a penal institution.

For additional definitions, details, and information, see the Internal Revenue Service's Publication 503.

Interest and Penalty Calculation Worksheets

In general, you will be charged interest and penalties if you do not pay all amounts due on or before the due date.

- 1. A 2013 calendar year return is due on or before May 15, 2014.
- Returns for fiscal years are due on or before the 15th day of the fifth month after the close of the taxable year.
- If the due date falls on a weekend or legal holiday, the return is due the next business day.

Important: An extension does not relieve you of your obligation to pay all tax amounts due by the original due date.

Interest – If your income tax is not paid by the due date, you will be charged interest on the unpaid tax until the balance is paid in full. The interest rate is variable and the 2014 interest rate is posted on LDR's website on Form R-1111, Interest Rate Schedule Collected on Unpaid Taxes. To compute the DAILY INTEREST RATE, multiply the 2014 monthly interest rate by 12 then divide the result by 365 and carry out to seven places to the right of the decimal. Example: Assume the 2014 monthly interest rate is 0.5833 percent, multiply 0.00583 by 12 then divide the result by 365 to get the daily interest rate of 0.0001917.

5	Total interest due (Multiply Line 4 by Line 3, and enter the result on Form IT-540, Line 42.)	.00

Delinquent Filing Penalty – A delinquent filing penalty will be charged for failure to file a return on or before your due date, or your approved extension date. The penalty is five percent of the tax for each 30 days or fraction thereof during which the failure to file continues. By law, the maximum delinquent filing penalty that can be imposed is 25 percent of the tax due.

7	Total amount of delinquent filing penalty due (Multiply Line 6 by Line 5 and enter the result on Form IT-540, Line 43.)	.00

Important Notice: The sum of both the delinquent filing and delinquent payment penalties cannot exceed 25 percent of the tax due. Thirty-day increments are used for the calculation of the delinquent filing and delinquent payment penalties. These penalties are based on the date LDR receives the return or payment. In addition to the delinquent penalties mentioned above, you may also incur a negligence penalty if circumstances indicate willful negligence or intentional disregard of rules and regulations.

Delinquent Payment Penalty – If you fail to pay 90 percent of the tax due by the due date, a delinquent payment penalty of 0.5 percent of the tax not paid by the due date will accrue **for each 30 days, or fraction thereof,** during which the failure to pay continues. This penalty cannot exceed 25 percent of the tax due.

To determine if you owe a delinquent payment penalty, answer the following questions:

- Are you paying a 2013 tax liability after the due date? If yes, continue to Line 2.
- 2. Have you paid at least 90 percent of total tax due?

a. Enter the amount from Form IT-540, Line 18.	.00
b. Enter the amount from Form IT-540, Line 19.	.00
c. Add the amounts from Form IT-540, Lines	
20 through 23.	
d. Subtract Lines b and c from Line a above.	.00
e. Multiply Line d by 10 percent.	.00
f. Enter the amount from Form IT-540, Line 36.	.00

If the amount on Line f is less than or equal to the amount on Line e, you have paid at least 90 percent of the total tax due. If the amount on Line f is greater than the amount on Line e, you have not paid at least 90 percent of the total tax due by the due date; therefore, you owe the delinquent payment penalty. Use the worksheet below to calculate that penalty.

7	Total amount of Delinquent Payment Penalty (Multiply Line 6 by Line 5 and enter the result on Form IT-540, Line 44.)	.00

Underpayment Penalty – Louisiana imposes an underpayment penalty on an individual's failure to sufficiently pay income tax throughout the year by withholding or declaration payments. In order to determine if an underpayment penalty is due and to compute the amount of the underpayment penalty, you must complete Form R-210R, Resident Underpayment Penalty Return and attach the completed form to your return. See Revenue Information Bulletin 04-004 for the definition of farmer for purposes of applying underpayment penalty.

Line 31 — Although you may have an overpayment, if you failed to sufficiently pay income tax throughout the year, in accordance with R.S. 47:117.1, you may be subject to the underpayment penalty. Complete the 2013 Form R-210R available on LDR's website and enter the amount from Line 19 on this line. Attach the completed R-210R to your return. If you are a farmer, mark the box on Line 30.

Line 45 – If you have a tax deficiency, you may be charged an underpayment penalty. Complete the 2013 Form R-210R and enter the amount from Line 19 on this line. Attach the completed R-210R to your return. If you are a farmer, mark the box on Line 45.

2013 LOUISIANA TAX TABLE - Single or Married Filing Separately (Filing Status Box 1 or 3)

To determine your Louisiana tax, locate the amount of your tax table income (Line 10 of Form IT-540) in the first two columns. Read across to the column with the same number as the total number of exemptions exceeds eight, reduce your tax table income by \$1,000 for each exemption over eight. Locate this reduced amount in the first two columns and read across to the column numbered eight. The \$4,500 combined personal exemption-standard deduction and \$1,000 for each exemption over one have been used in determining the tax shown in this table.

2013 LOUISIANA TAX TABLE - Single or Married Filing Separately (Filing Status Box 1 or 3)

To determine your Louisiana tax, locate the amount of your tax table income (Line 10 of Form IT-540) in the first two columns. Read across to the column with the same number as the total number of exemptions exceeds eight, reduce your tax table income by \$1,000 for each exemption over eight. Locate this reduced amount in the first two columns and read across to the column numbered eight. The \$4,500 combined personal exemption-standard deduction and \$1,000 for each exemption over one have been used in determining the tax shown in this table.

Plus 6% of Tax Table Income in Excess of \$51,000

To determine your Louisiana tax, locate the amount of your tax table income (Line 10 of Form IT-540) in the first two columns. Read across to the column with the same number as the total number of exemptions exceeds eight, reduce your tax table income by \$1,000 for each exemption over eight. Locate this reduced amount in the first two columns and read across to the column numbered eight. The \$9,000 combined personal exemption-standard deduction and \$1,000 for each exemption over two have been used in determining the tax shown in this table.

To determine your Louisiana tax, locate the amount of your tax table income (Line 10 of Form IT-540) in the first two columns. Read across to the column with the same number as the total number of exemptions you claimed on Line 6D. The amount shown in that column is your Louisiana tax liability. If your total number of exemptions exceeds eight, reduce your tax table income by \$1,000 for each exemption over eight. Locate this reduced amount in the first two columns and read across to the column numbered eight. The \$9,000 combined personal exemption-standard deduction and \$1,000 for each exemption over two have been used in determining the tax shown in this table.

To determine your Louisiana tax, locate the amount of your tax table income (Line 10 of Form IT-540) in the first two columns. Read across to the column with the same number as the total number of exemptions exceeds eight, reduce your tax table income by \$1,000 for each exemption over eight. Locate this reduced amount in the first two columns and read across to the column numbered eight. The \$9,000 combined personal exemption-standard deduction and \$1,000 for each exemption over two have been used in determining the tax shown in this table.

To determine your Louisiana tax, locate the amount of your tax table income (Line 10 of Form IT-540) in the first two columns. Read across to the column with the same number as the total number of exemptions you claimed on Line 6D. The amount shown in that column is your Louisiana tax liability. If your total number of exemptions exceeds eight, reduce your tax table income by \$1,000 for each exemption over eight. Locate this reduced amount in the first two columns and read across to the column numbered eight. The \$9,000 combined personal exemption-standard deduction and \$1,000 for each exemption over two have been used in determining the tax shown in this table.

2013 LOUISIANA TAX TABLE - Head of Household (Filing Status Box 4)

To determine your Louisiana tax, locate the amount of your tax table income (Line 10 of Form IT-540) in the first two columns. Read across to the column with the same number as the total number of exemptions you claimed on Line 6D. The amount shown in that column is your Louisiana tax liability. If your total number of exemptions exceeds eight, reduce your tax table income by \$1,000 for each exemption over eight. Locate this reduced amount in the first two columns and read across to the column numbered eight. The \$9,000 combined personal exemption-standard deduction and \$1,000 for each exemption over one have been used in determining the tax shown in this table.

2013 LOUISIANA TAX TABLE- Head of Household (Filing Status Box 4)

To determine your Louisiana tax, locate the amount of your tax table income (Line 10 of Form IT-540) in the first two columns. Read across to the column with the same number as the total number of exemptions you claimed on Line 6D. The amount shown in that column is your Louisiana tax liability. If your total number of exemptions exceeds eight, reduce your tax table income by \$1,000 for each exemption over eight. Locate this reduced amount in the first two columns and read across to the column numbered eight. The \$9,000 combined personal exemption-standard deduction and \$1,000 for each exemption over one have been used in determining the tax shown in this table.
