

VIDEO PARENTAL PERMISSION FORM

Dear Parents,

According to the policies of the Greenville County School District, schools must secure parental permission for students to view videos that are rated "PG." Many times, videos that are related to lessons are rated "PG." In order for your child to watch the video, this form MUST be returned with your signature.

We are planning to view the video **WAR GAMES** to supplement our Computer Tech lessons.

If you do not want your child watching the video, there will be an alternate assignment given to your child relating to the subject matter to be completed in another room.

Questions may be addressed to the teacher by calling 355-1429 and leaving a message for him/her to return the call.

My child has permission to view the video listed above.
