Online version syncs to your calendar

Be in the know! The School Calendar (print & online) has all those important school dates, concerts, meetings and community events that you need to know about. Buying a calendar supports the Duxbury High School PTO.

In addition to the print calendar, we are now offering an online version which syncs to your digital calendar (Outlook, Google & more). Order, provide your email address and receive the invitation in your inbox. Have the calendar with you wherever you go.

Plus the online version is updated as dates get added or changed.
