

4th international Engineering Safety Management (iESM) Conference “iESM from Start through Operations”

18th May 2016 (Wed) Conference
Silla Stay Hotel Guro, Seoul, Republic of Korea
16th-18th May 2016 iESM Training
Silla Stay Hotel Guro, Seoul, Republic of Korea

The conference headline “**iESM from Start through Operations**” introduces the theme for fourth international Engineering Safety Management (iESM) Conference, to be held in Republic of Korea on Wednesday 18th May 2016. Having held successful conferences in Hong Kong and China, this represents the launch event for iESM into Korea. Book early as places are limited this year.

Our theme reflects the latest guidance on Maintenance, published in iESM, which helps fill the space left since the well known “Yellow Book” was given the status of a withdrawn document and ceased to be maintained. There will be excellent opportunities during the day for networking with industry peers from around the globe, to hear presentations from a range of engineering safety management practitioners and hear about the latest research. There is an optional visit to a Seoul Metro facility on the morning on 18th and a dinner in the evening. The conference language is English and the event is free to attend.

Beforehand on Monday 16th through to the morning of Wednesday 18th there will be an opportunity to learn about the iESM guidance in more detail and take an optional examination to join the list of approved practitioners.

The iESM guidance for the worldwide railway industry has been developed by Technical Programme Delivery Ltd (TPD) and reviewed by an international Working Group of practitioners supported by MTR Corporation. The iESM guidance is supported by these organisations:

London Underground

RioTinto

北京全路通信信号研究设计院有限公司
Beijing National Railway Research & Design Institute of
Signal & Communication Co., Ltd.

BOMBARDIER
the evolution of mobility

EC HARRIS
BUILT ASSET
CONSULTANCY
AN ARCADIS COMPANY

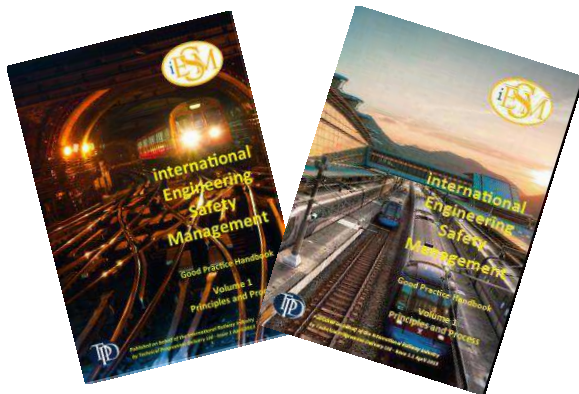

機電工程署
EMSD

Electrical and Mechanical Services Department
The Government of the Hong Kong Special Administrative Region

Importantly, there will also be a training session (in Korean language) where delegates can attend the two and half days **iESM Overview & Practical course** supported by TPD, the authors and publishers of iESM, and bring themselves up to date with the latest developments in ESM as published in the new iESM guidance. The course price is attractively priced for attendees at the iESM Conference. iESM is most effectively practiced by trained and competent professionals. iESM resources and a list of competent practitioners will be found at

http://www.intesm.org/training_approved-practioners.html

The objective of the one-day course is to provide project managers, engineers and others involved with new railways or changes to existing railways with a understanding of the international Engineering Safety Management (iESM) Principles and Processes. Attendees will gain an understanding of how to implement them successfully on a project. The course is examined with a certificate for the successful candidates who wish to take the exam.

Supported by practical railway examples, the course covers:

- The need for a systematic approach to Engineering Safety Management;
- Key safety concepts and terminology;
- The principles and international expectations on professional ESM;
- Good practice processes for ESM and how to apply the iESM Guidance to real projects; and
- How to focus spending on preventing incidents and smooth the way for acceptance of new technology or novel applications.

You can download your copy of the latest iESM guidance and supporting Application Notes free of charge from <http://www.intesm.org/download>:

Volume 0 - Summary of iESM

Volume 1 - iESM Principles and Process

Volume 2 - iESM Detailed Guidance

Application Note 1 – Checklists

Application Note 3 – Tools and Techniques

Application Note 4 – Independent Assessment

Application Note 5 – Examples of Estimating and Evaluating Risk

Application Note 8 – Accounting for Human Factors within ESM

To register, please complete the attached registration form and return as directed. Updated program details will be posted on the iESM website at: www.intesm.org.

DELEGATE REGISTRATION FORM

Return to: Systems House, 10 Heathfield Close
Henley on Thames, RG9 4DS
Tel: +852 6128 8998 or +44 7775 631033
Fax: +44 1932 228710
Email: booking@intesm.org

Please complete one form both pages, per delegate (photocopy if necessary). Scan / pdf and email is preferred.

DELEGATE INFORMATION

Title: Mr/Mrs/Ms/Miss/Prof/Dr _____ Given name _____ Family name _____

Position _____

Organisation _____

Address _____

Town/City _____ Post Code / Zip _____

Country _____

Tel _____ Fax _____

E-mail (please write clearly) _____

Please indicate any special dietary requirements: _____

Please tell us how you heard about this Conference: _____

Technical Programme Delivery Ltd ("TPD") and iESM Working Group (iESM WG) will use your personal information for advertising, marketing, public relations and event and conference management. We may disclose your information to our service providers and agents for these purposes. We may keep your information for a reasonable period to contact you about our services in the future. If you do not want us to do this, you can opt out by ticking the box below. We do NOT sell or share your information with anyone else.

Please tick this box if you do not wish to receive such information from TPD and the iESM Working Group. Remember that doing so will preclude you from receiving information about forthcoming documents, events and conferences.

Booking Form Sheet 2 of 2

WHAT SESSIONS DO YOU WISH TO ATTEND?

It is important that you tell us which sessions you wish to attend. You will be informed if you have secured a place.

- Monday 16th to May 18th (morning) : iESM Training (2.5 days) KRW 1,430,000 including VAT
- Wednesday 18th May : Seoul Metro maintenance depot visit (morning) Free of charge
- Wednesday 18th May : 4th iESM Conference (afternoon) Free of charge
- Wednesday 18th May : Launch Dinner (evening) Free of charge

In order to avoid disappointment, please complete your form and return it as soon as possible.
