**Jiffy® LECTRIC™ STX PRO™**

Lighter, Faster and More Powerful.  
 Equipped with Stealth STX™ Cutting Technology - has the longest lasting blade life in the industry. Features that professional fishermen demand.  
 NEW HTT TRANSMISSION™ (High Torque Transmission) with a heavy duty clutch for fast, solid engagements that transfers engine energy for additional torque.  
 Connects to any 12 volt wet cell battery, with deep cycle batteries offering the best performance.  
 HTT TRANSMISSION™ allows 30% more holes on a single battery charge.  
 NEW E-Z CONNECT™ Connection Collar - NO TOOLS REQUIRED to remove the drill assembly. Just slide the E-Z CONNECT™ down, pull the pin out, remove the drill assembly.  
 The LECTRIC™ STX PRO™ powers your choice of 6" or 8" ice drill.  
 Five Serrated Cutting Surfaces - Makes this the fastest and smoothest cutting drill ever built  
 Black D-Ice'r ARMOR - Prevents power-robbing ice build up for fast, clean cutting performance from start to finish.

**Jiffy® 2500 Series Stealth STX™**

Jiffy® 2500 Series Engine - The Ultimate in Power. This engine exceeds the performance of the 2 HP from the 2008-2009 season.  
 HST High Speed Transmission - This transmission is a High Speed Drilling Performance only Jiffy can provide.  
 NEW E-Z CONNECT™ Connection Collar - NO TOOLS REQUIRED to remove Drill Assembly  
 STEALTH STX™ Cutting Technology - Serrated Ripper Blade and Power Point Blades - last 2-3 times longer than any blade on the market, which give the owner 2-3 times more fishing time. Ideal for initial drilling and redrilling of ice holes.  
 Black D-Ice'r ARMOR™ - prevents power-robbing ice build-up for fast clean cutting performance.  
 Five Cutting Surfaces - makes this the fastest and smoothest cutting Jiffy drill ever built.  
 Mitten Grip Recoil Handle  
 Non-flood Primer  
 See-through Fuel Tank  
 Jiffy® 2500 Series Stealth STX™ powers your choice of 6", 8", or 9" Stealth STX™ drill assembly.

### Jiffy® STEALTH STX™ Replacement Blade Kit

The STEALTH STX™ Serrated Ripper Blade and Power Point Blades - lasts 2-3 times longer than any blade on the market, which give the owner 2-3 times more fishing time.  
 Jiffy® Replacement Stealth STX™ Blade Kit Includes the Yellow Ripper™ Blade and the two small Stealth STX™ Blades

### Jiffy® Replacement RIPPER™ Ice Blade Teeth

ALL 30 and 70 Series POWER Ice Drill Assemblies w/ Counter-Clockwise Rotation  
 The Ripper™ serrated replacement blade features baked on, E-friendly, zinc clear coat to protect the blade, while the serrations provide a faster, smoother cut.  
 When combined with D-Ice'r ARMOR™ on the bottom end of the drill assembly, the Ripper™ provides the best in super-fast cutting and resistance to ice-up.

### Jiffy® JET™ Hand Ice Drill Turbine-Blade Sets, for Jiffy® JET™ Hand Ice Drills Only

Jiffy® Hand Ice Drill Replacement Blades give you like-new drilling performance. All Jiffy hand ice drill blades have induction-hardened edges that are precision ground to razor sharpness. The replacement blade sets include all the hardware needed to install them.

	Description	Quantity
--	-------------	----------

**Jiffy® Easy Snap Blade Protector**

Easiest blade cover to install - just set your Jiffy® Drill into the Easy Snap Cover and the cover will snap tight to drill assembly.

Easy Snap™ Cover is available in 8", 9" and 10" sizes.

**Jiffy® Jiffy® POWER Ice Drill Blade Protector (includes Blade Protector Strap)**

The Jiffy® Blade Protectors are the same as those provided as standard equipment on Jiffy® ice drill assemblies. The Power Ice Drill blade protectors are made of tough and durable polyethylene to protect the blade and the critical pilot point from dulling and performance loss. They fit all Jiffy® power ice drills, 6", 8", 9", and 10" drill sizes and include the flexible-when-cold vinyl strap to attach the protector to the drill. The blade protector for the Six Inch power ice drill is one piece, made of tough, high visibility yellow vinyl. The vinyl stays flexible in even the coldest weather for easy-on, easy-off blade protection.

**Jiffy® JET™ Hand Ice Drill Turbine-Blade Sets, for Jiffy® JET™ Hand Ice Drills Only**

The Jiffy® Hand Ice Drill vinyl blade protectors are available for all 6" and 8" Jiffy® Hand Ice Drills.

**Jiffy® Deluxe Mille Lacs™ Ice Chisel, with Vinyl Chisel Shield and Handle Strap**

Jiffy® Mille Lacs™ Ice Chisels were inspired by a handmade ice chisel used on the legendary Minnesota fishing lake, Mille Lacs. They use the same technology as all Jiffy ice blades and enable the user to do things no spud bar can match, such as:

- Rapidly chisel a hole, even in three feet of ice
- Flare out the bottom a drilled holes to make it easier to land the larger fish species
- Shave and shape ice to suit your needs.

Deluxe model features adjustable lengths: 63.5" long when connected and 69.5" long when extended.  
Includes Handle Strap.

**Jiffy® Standard Mille Lacs™ Ice Chisel, with Vinyl Chisel Shield**

Jiffy® Mille Lacs™ Ice Chisels were inspired by a handmade ice chisel used on the legendary Minnesota fishing lake, Mille Lacs. They use the same technology as all Jiffy® ice blades and enable the user to do things no spud bar can match, such as:

- Rapidly chisel a hole, even in three feet of ice
- Flare out the bottom a drilled holes to make it easier to land the larger fish species
- Shave and shape ice to suit your needs.

Standard model one-piece chisel measures 52" long.

**Jiffy® Mini Mille Lacs™ Ice Chisel, with Vinyl Chisel Shield and Handle Strap**

The Jiffy Mille Lacs™ Ice Chisel was inspired by a handmade ice chisel use on the legendary Minnesota fishing lake, Mille Lacs. It uses the same technology as all Jiffy® ice blades and enables the user to do things no spud bar can match, such as:

- Rapidly chisel a hole, even in three feet of ice
- Flare out the bottom a drilled holes to make it easier to land the larger fish species
- Shave and shape ice to suit your needs.

The Mini model chisel measures 30" long.

### Jiffy® J500 Series™ Chipper-Dipper™

The Jiffy® Chipper-Dipper™ is THE favorite tool of serious ice fishing enthusiasts. All models feature plated steel construction, engraved fish measure on the handle, rugged "dipper" strainer to clear ice chips, and an ice chipping end (with edge guard) to keep hole open.

The J500 Series™ Chipper-Dipper™ is curved and lightweight and has a 5" ladle with larger drain holes. Rugged construction with black powder coating.

### Jiffy® Chipper-Dipper™ with 4.75" D-Ice'r ARMOR™ Ladle

The Jiffy® Chipper-Dipper™ is THE favorite tool of serious ice fishing enthusiasts. All models feature plated steel construction, engraved fish measure on the handle, rugged "dipper" strainer to clear ice chips, and an ice chipping end (with edge guard) to keep hole open.

The 4.75" dipper is just the right size for smaller drilled holes. When combined with the D-Ice'r ARMOR™, ice can form, but it won't stick to the slick "dipper" strainer.

### Jiffy® Chipper-Dipper™ with 6" D-Ice'r ARMOR™ Ladle

The Jiffy® Chipper-Dipper™ is THE favorite tool of serious ice fishing enthusiasts. All models feature plated steel construction, engraved fish measure on the handle, rugged "dipper" strainer to clear ice chips, and an ice chipping end (with edge guard) to keep hole open.

The 6" dipper empties ice chips in a big hurry from the largest, deepest holes. When combined with the D-Ice'r ARMOR™, ice can form, but it won't stick to the slick "dipper" strainer.
