

CHEMICAL TRANSPORTATION SECURITY PLAN

Note: This plan is applicable only to shippers who are required to have a security plan because they ship wastes which require placarding under 49 CFR 172, Subsection F. Companies who are required to have a security plan for any other reason must prepare a more comprehensive plan. Contact Advanced Chemical Safety if you require more information or assistance.

SCOPE:

This Chemical Transportation Security Plan is required by 172.800(b)(7), that is this company ships hazardous waste (materials) that require placarding the vehicle under 49 CFR 172, subpart F.

leaving this facility. For completeness, a copy of that vendor's Chemical Transportation Security Plan is maintained with our company's hazardous waste records.

APPLICABILITY:

This Plan applies to the above-named company. The company ships hazardous waste using a vendor,

_____ which is an authorized hazardous waste transporter. The company does not ship any other hazardous materials to which this Plan is applicable.

Training: All employees who use or handle chemicals are trained as required by Federal and State OSHA. Our company Hazard Communication training will be supplemented by informing all employees of this plan, and including information about this plan in initial and refresher Hazard Communication training.

SECURITY PLAN:

Personnel Security: All job applicants and applications are routinely screened by the Human Resources Department to verify provided information. Full details of the methods for verifying information is available from the Human Resources Manager.

Unauthorized Access: The hazardous wastes, and all chemicals used, are only accessible by persons authorized to enter the company facility. Access is authorized for employees of the hazardous waste vendor.

En Route Security: The hazardous waste vendor provides security for shipments after

Each employee involved in the hazardous waste program, including our employees who work with the hazardous waste vendor, will receive initial in-depth training in this Plan, and will receive refresher training as part of our regular (every three year) transportation training, and when ever this plan is modified.

Responsibility: This responsible employee for this plan is _____, _____ . This plan was implemented on _____.
