Scope

This report has been prepared for _____ [name of licensee] in order to meet its obligation to lodge this report with the Australian Securities and Investments Commission (ASIC) in accordance with section 989B(3) of the Act. This report contains the information and matters required by the regulations referred to in subsection 989B(3). I/we disclaim any assumption of responsibility for any reliance on this report to any person other than:

- the licensee, who may only rely on this report for the purpose for which it was prepared;
- ASIC; or
- a person who has received my/our written consent to use the report

(i) Internal procedures

To the extent of its obligations under the Act, the licensee is responsible for establishing and maintaining effective internal controls in relation to compliance with the requirements of the Act.

Because of the inherent limitations of any internal control structure it is possible that errors or irregularities may occur and not be detected. I/We have not audited the overall internal control structure and no opinion is expressed as to its effectiveness. An audit is not designed to detect all weaknesses in control procedures or all instances of noncompliance with the Act or the financial conditions of the Licence as it is not performed continuously throughout the period and the tests performed are on a sample basis having regard to the nature and size of the licensee.

My/Our procedures have been conducted in accordance with Australian Auditing Standards, and accordingly included such tests and procedures that we considered necessary in the circumstances.

Any projection of the evaluation of internal control procedures to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions, or that the degree of compliance with them may deteriorate.

(ii) Projections

My/Our procedures in relation to any opinion in relation to projections referred to in paragraph 3 have been restricted to an examination on a test basis throughout the relevant period to determine that the licensee had a projection in place, a review of projections identified on a test basis to ensure that they were materially in accordance with the requirements of the Act, as modified, to prepare projection of the licensee's cash flows as applicable, and testing that projections identified on a test basis were mathematically accurate based on the underlying assumptions as documented by the licensee.

Any statements made in paragraph 3 that are expressed as on a review are based on a review rather than an audit. In the case of the reviews our procedures consisted primarily of inspection of evidence and observation of, and enquiry about, the operation of the procedures and internal controls of the financial risk management system and comparison and other such analytical review procedures we considered necessary. These procedures included discussion with the licensee and have been undertaken to form the opinions expressed. A review of this nature does not provide all the evidence that would be required in an audit and provides less assurance than an audit. I/We have not performed an audit and we do not express an audit opinion on the matters that are subject to a review.

The underlying assumptions for any projections referred to in paragraph 3 are subject to significant uncertainties and contingencies often outside the control of the licensee. If events do not occur as assumed, actual results and cash maintained by the licensee may vary significantly from the projection. Accordingly, we do not confirm or guarantee the achievement of the projections, as future events, by their nature, are not capable of independent substantiation.

Opinion

I/we have performed audit and review procedures (as applicable) in accordance with Australian auditing standards in order to report to the licensee and the Australian Securities & Investments Commission ("ASIC") in relation to the financial year referred to above as follows:

1. Except as stated at paragraph 7, in my/our opinion:
 The profit and loss statement (Statement of Financial Performance) and balance sheet (Statement of Financial Position) and notes thereto ("financial statements") to which the Form FS70 signed by the licensee on ___/___/____; (insert date Part 1 of the FS70 was signed) and initialled by me for identification relates:
 (a) give a true and fair view of the financial performance and financial position of the licensee; and
 (b) if the licensee:
 - (i) is a reporting entity, the financial statements are included in a general purpose financial report that complies with all Australian Accounting Standards and Urgent Issues Group abstracts ("the Accounting Pronouncements") or,
 - (ii) is not a reporting entity, the financial statements are prepared in accordance with all of the recognition and measurement requirements of the Accounting Pronouncements, and in accordance with the disclosure requirements of those of the Accounting Pronouncements that apply to non-reporting entities, except that where the licensee is a natural person if noted in the financial statements, the licensee may exclude from the financial statements and notes thereto the revenue and expenses that do not relate to any business of the licensee or all the revenue and expenses that do not relate to a financial services business of the licensee.
2. Nothing has come to our attention that causes me/us to believe that the statements at paragraphs 7, 8 and 9 of the Form FS70 are not true.
3. Except as stated at paragraph 7, {insert opinions and/or statements by the auditor required under the licensee's licence or the Act, as modified by ASIC Class Order 11/1140.}
4. Except as stated at paragraph 7, in my/our opinion, the controls used by the licensee to comply with:
 - (a) Divisions 2, 3, 4, 5 and 6 of Part 7.8 of the Act; and
 - (b) Division 7 of Part 7.8 of the Act other than section 991A, are effective.
5. Except as stated at paragraph 7, in my/our opinion, the licensee has operated and controlled each account required by sections 981B and 982B in accordance with those sections.
