

Green Operator “GO” Program

The Port of Virginia Green Operator Program provides funds to replace older vehicles with ones with more emission-efficient engines, provides funds to retrofit older trucks with tailpipe technologies and recognizes partners for achieving goals that reduce air pollution and greenhouse gases associated with the transport of cargo through The Port of Virginia.

Retrofit - Application and Instructions

Eligible Applicants

- Applicants must provide drayage truck services to The Port of Virginia facilities.
- Independent contractors as well as fleet owners may apply.
- Applicants must have owned the truck for at least one year to be eligible.

Eligible Trucks

- Eligible trucks must have a 2006 engine or older.

General Requirements For Applications

- Complete applications will be reviewed on a first-come first-served rolling basis. Incomplete applications will be returned.
- Complete applications must include the following:
 - A signed and completed application.
 - A copy (front and back) of a valid identification card from The Port of Virginia.
 - A copy (front and back) of a valid Transportation Worker Identification Card (TWIC).
 - A photograph of the current truck with license plate clearly legible.
 - Certification from the applicant that the truck in the application is being used to transport cargo to and from The Port of Virginia facilities.
- If you need space for additional information, attach additional sheets of paper. Write the owner’s name on each attached sheet and attach to the application.
- Provide an itemized cost of equipment, materials, etc. with your application. Please include any product literature, specifications, brochures, etc. that would be helpful in evaluating your application.
- Equipment must be on the Verified Technologies list of the US Environmental Protection Agency (EPA): <http://www.epa.gov/cleandiesel/verification/verif-list.htm> or the California Air Resources Board (CARB) verified technologies list: <http://www.arb.ca.gov/diesel/verdev/vt/cvt.htm>.
- Equipment must be purchased and installed within the time indicated on the Rebate Certificate.

If applying for more than one rebate please provide the information below for each rebate requested. Applications may be submitted via fax (410-558-6532), email (sstephenson@ecologixgroup.com), or United States Postal Service.

Submit Completed Application To:

VA Green Operator Program ~ c/o Susan Stephenson, EcoLogix Group
PO Box 1061
14800 York Rd
Sparks Glencoe, MD 21152

Application Review and Approval Schedule

1. Applicant completes and submits application to EcoLogix.
2. EcoLogix confirms receipt of application within 10 business days and notifies in writing of acceptance or denial of application within 21 business days of receipt of a complete submittal.
3. EcoLogix issues a Rebate Certificate to the accepted participant and sends a welcome package.
4. Participant has 45 days to purchase and install retrofit device.

I. Company Information (Please type or print legibly)

List The Port of Virginia Facilities you Serve:

Company Name:		Employer Identification Number:

A special thanks to our funding partners

The Green Operator Program developed by The Port of Virginia offers truck owners low-cost financing and rebate incentives to purchase diesel trucks with more emission-efficient engines or retrofit options for older models.

The Port of Virginia, through grants from the US Department of Transportation, the Virginia Department of Transportation, and the Hampton Roads Transportation Planning Organization has committed funding to expand the program's reach and impact.
