UNIVERSITY COUNCIL

ACADEMIC PROGRAMS COMMITTEE

FOR INFORMATION ONLY

PRESENTED BY: Roy Dobson, Chair, Academic Programs Committee of Council

DATE OF MEETING: December 20, 2012

SUBJECT: Items for Information:

Academic Calendar 2013-14 Double-listing for DENT courses

COUNCIL ACTION: For information only

SUMMARY:

The following items were approved by the Academic Programs Committee at its meeting of November 21, 2012 and are reported to Council for information:

1. Academic Calendar 2013-14

This Calendar was developed in consultation with the Academic Deans of the colleges, and is based on last year's Calendar, adjusting for yearly calendar changes.

- It achieves a balance between the number of teaching days in each term, two days for orientation in September, and a sufficient number of days to accommodate the increasing number of December final examinations.
- For 2013, Orientation will be held on Tuesday and Wednesday following Labour Day. Classes for the Fall Term will begin on Thursday, September 5th.
- There are fewer teaching days and final examinations days available for both 2013 and 2014 so this schedule uses only a 24 hour period between the last day of classes and the first day of examinations. SESD will endeavor, as much as possible, not to schedule a large number of examinations on the first day of the examination periods.
- A fall Break Day is scheduled on the Friday before Thanksgiving, except for Dentistry, Medicine, and Veterinary Medicine students.

2. Double-listing of DENT and MED courses

Because the College of Dentistry has revised its grading and promotion practices and will now be using percentage grades in DENT courses, rather than pass-fail grades, the college requested that the four MED courses taken by dentistry students be double-listed as DENT courses.

ATTACHMENTS:

- 1. Academic Calendar for 2013-14 and summary of teaching days
- 2. List of double-listed DENT/MED courses

• 2012-2013 Academic Calendar

Updated on November 9, 2012

TO | Deans, Directors and Administrative Officers

FROM | Russell Isinger, Registrar and Director of Academic Services

SUBJECT | 2013-2014 Tentative Academic Calendar

DATE | **November 13, 2012**

Memorandum

Please refer to the attached document to view the tentative Academic Calendar (previously known as the Academic Schedule) for the 2013-2014 Academic Year.

This Calendar was developed according to existing practices in consultation with the Academic Deans of the colleges, and is based on last year's Academic Calendar, adjusting for yearly calendar changes. This Calendar achieves a balance between the number of teaching days in each term, two days for orientation in September, and a sufficient number of days to accommodate the increasing number of December final examinations.

Please review this Calendar, particularly as it concerns your college or unit, to ensure that the dates are correct and appropriate and that they properly reflect any changes in procedures that you have made in the last year. Non-direct entry colleges are asked to pay particular attention to start and end dates of classes and examinations.

Please note that for 2013, Orientation will be held on Tuesday and Wednesday following Labour Day. Classes for the Fall Term will begin on Thursday, September 5^{th.}

As approved in 2012, the Academic Courses Policy now allows for 24-48 hours between the last day of lectures and the first day of final examinations. Since there are fewer teaching days and final examinations days available for both 2013 and 2014, the 24 hour period between the last day of classes and the first day of final examinations will have to be utilized, though we will endeavor, as much as possible, not to schedule a large number of examinations into this day.

We have once again scheduled a Break Day on the Friday before Thanksgiving where no classes will be held, with the exception of Dentistry, Medicine, and Veterinary Medicine.

Please respond by e-mail to lynette.murza@usask.ca by **November 19th, 2012** stating any required changes or providing any general feedback.

Yours respectfully,

Russell Isinger University Registrar

Russell Isinger

LM Encl.

Item for Information:

College of Dentistry Course Label/Number Changes

☐ The College is changing the label and numbering of the MED courses that are currently also
attended by our dental students; we want the new DENT courses double-listed with the MED
courses.
The credit unit assignment, course title and calendar descriptions remain the same However,
the newly labeled/numbered courses would also appear in the College of Dentistry course
section in the academic catalogue
The rationale for the proposed label and number changing is primarily to allow the College of
Dentistry to return to a percentage grade reporting system rather than the currently used pass/fai
grading system (the College of Medicine uses the pass/fail grading system and plans to continue
to do so) - the classes would thus need to be built separately (double listed) to allow dentistry to
submit percentage grades; this change will also allow the College to provide consistent labeling
of all dentistry courses as DENT.
Seanine Warrington was consulted to confirm that the numbering is ok to use (Sept 25th). A
consultation with the Registrar meeting took place on October 4th, 2012.
These course numbering changes are effective the 2013/14 academic year

Currently Numbered MED Courses for Dental Students	Label/Number changes for the MED Courses for Dental Students
MED 102.1 General Pathology	DENT 292.1 General Pathology
MED 108.4 Introductory Neuroanatomy	DENT 293.4 Introductory Neuroanatomy
MED 109.19 Form and Function of the Human Body for Dental Students	DENT 294.19 Form and Function of the Human Body for Dental Students
MED 201.4 Pharmacology	DENT 391.4 Pharmacology
