

# Business Succession Planning

Since the business world moves at a fast pace, business owners must constantly consider the future. While overseeing day-to-day operations can easily consume their schedule, one important but frequently overlooked task, is the need for succession planning.

This session will explore the financial aspect of succession planning.

**Facilitated By:**  
**R. Paul Thorne,**  
 Specialist, Estate &  
 Financial Planning Services  
 Sun Life Financial

This session will focus on the following key areas:

- Business Continuation Planning
- Structuring
- Succession Planning
- A light focus on estate & retirement planning
