Certification/Early Analysis Information

Certification *

- Yes
- No

Are you planning on obtaining a green building certification (3rd party verified)?

If yes, which certification?

- USGBC LEED Platinum
- USGBC LEED Gold
- USGBC LEED Silver
- USGBC LEED Certified
- Enterprise Green Communities
- Green Globes
- Collaborative for High Performance Schools (CHPS)
- Design to Earn the ENERGY STAR

Early Analysis

- Daylighting analysis
- Massing/Orientation analysis
- HVAC analysis
- Lighting analysis

Are you interested in conducting additional early energy savings analyses (listed above) to help reach higher energy savings? Check analysis of interest.

Schedule

Schematic Design Date _____

Design Development Date _____

Construction Documents Date _____

Construction Completion Date _____

Project Details

Construction Type *

- New
- Addition
- Renovation

Building Type *

- School
- Office
- University
- Multifamily
- Restaurant
- Mixed-use
- Hospital
- Recreation
- Other
- Hotel

- Retail
- Museum
- Library
- Dormitory
- Grocery
- Laboratory
- Warehouse
- Medical Office Bldg
- Jail
- Performing Arts
- Event Center

- Senior Housing
- Bank
- Manufacturing
- Garage
- Aquatic Center
- Automotive Facility
- Religious Building
- Sports Arena
- Fire Station

Total Building Sq. Ft. _____

Parking Garage Sq. Ft. _____

Data Center Sq. Ft. _____

Above Grade Stories _____

Below Grade Stories _____

Percent Cooled _____

Design Process *

- Design/Bid Single Package
- Design/Bid Multiple Package (Fast Track)
- Design Build
- Other

Heating and Cooling

- On-site cooling systems
- District cooling
- On-site heating systems
- District heating
- Other

Design Consideration Options

Willingness to consider energy saving alternatives.

Orientation-building/massing layout *

- Very
- Somewhat
- Not at all

Lighting/control design *

- Very
- Somewhat
- Not at all

Glazing type-window design *

- Very
- Somewhat
- Not at all

HVAC/control efficiency *

- Very
- Somewhat
- Not at all

Daylighting controls *

- Very
- Somewhat
- Not at all

Load responsive equipment *

- Very
- Somewhat
- Not at all

Wall insulation *

- Very
- Somewhat
- Not at all

Outside air control systems *

- Very
- Somewhat
- Not at all

Lighting controls *

Very

Somewhat

Not at all

Energy management system *

Very

Somewhat

Not at all

Roof insulation *

Very
