

Career Development and Employment Presentations

CareerTalks sessions are designed to provide session participants with career development and/or employment information and to assist them in making a successful transition from student to career professional. Sessions are typically 50 minutes long and encompass key learning objectives for participants.

Note: The SECC will collect student attendance and NSIDs at the presentation, and will follow up with attendees to provide additional resources and an online evaluation.

Presentations

Select a presentation from the following, and up to one 15 minute add-on presentation, if desired.

If you are looking to introduce your students to career and employment services on campus, the Meet Your Student Employment and Career Centre: Services and Programs for Students will provide them with an overview of what our office has to offer. This session can be delivered either as a 30 minute presentation or as an interactive, 50 minute panel discussion.
