Customer comments and special instructions:

## What you can expect once I receive your quilt top and order form:

1. Your quilt(s) will be booked into my schedule.

- 2. I will review your order form, quilt questionnaire and quilt top and call or e-mail you with any questions. At this time I will give you the final price less shipping charges and the estimated turn-around time.
- 3. For local customers When your quilt is finished I will call you.
- 4. For out of town customers When your quilt is finished I will send you an e-mail with a picture

of your finished quilt. If you do not have e-mail, I will call you when finished. At this time the quilt will be weighed and the shipping charges will be added to the final cost. It is up to the customer to decide if they want to add insurance at this point (highly recommended). I ship the quilts using

UPS ground. If you would like me to use a different method, please let me know. 5. For local customers - Customer is required to pay full amount due at time of guilt delivery.

For out of town customers - Customer is required to pay full amount due at time of quilt delivery.
 For out of town customers - Customer is required to pay full amount due before quilt is sent out.

For quilting order only, customer signature is needed below before quilting job will be started:

I have read and completed this Estimate and Order Form and agree with the Total Job Estimate. I understand there may be a slight difference in the actual cost of the quilting job. If there is more than a 10% increase, Machine Quilting Services will call and advise me on it before completing the quilting job. I understand that Machine Quilting Services strives for perfection on every project, but small imperfections may occur. I have read and understand the article on "How to Prepare Your Quilt Top" before giving you my quilting order.
