For Large Chiller Applications: York, McQuay & Similar

PLEASE READ BEFORE TAKING MEASUREMENTS: Filter Screen requirements can vary from unit to unit of the same make and model based on how and where the unit is set. Therefore, verification of specifications is required to ensure that the filter screens being produced for the unit will fit properly and provide years of trouble free service. Please capture all of the measurements that apply as shown below. If you wish to field fit the filter around the pipe, dimensional information is not then needed on the location of the pipe as the holes will be cut on site - (Field fitting instruction will be provided)
