

# Chatham Park Service Club Permission Slip

Welcome to the Chatham Park Service Club! The Service Club provides children with opportunities to work together to support various organizations throughout the school year. Meetings are held after school in the auditorium. We will be sending out information on each event so your child can participate. Please fill out the permission slip below and return it to your child's homeroom teacher. This permission slip will be good for the entire year. If any parents would like to help out with service club, please indicate below or sign up in PTO Manager so we can contact you. We are looking forward to a great year!!
