

Course evaluation form for Computer Science Seminars, lab courses or projects Summerterm 2012

Time period for evaluation: 25/06/2012 - 13/07/2012

What to do with this form:

Please fill in this form for each lecture you are attending. If there are several lecturers for the same course, please fill in one form per lecturer. You can submit the forms either to the respective lecturer or his/her assistant, to the study advisor (Ms. Martina Welte) or the program coordinator (Ms. Ursula Epe).

General information:

Course:	<input type="text"/>
Lecturer:	<input type="text"/>
Your study semester:	<input type="text"/>
Your study program:	<input type="text"/>

Please fill in your study program, like Master Computer Science, Bachelor ESE, Computer Science as a minor subject to the following major...

Questions about the course:

1. I learned a lot in this course.

Strongly agree Somewhat agree Undecided Somewhat disagree Disagree

2. The level of the tasks resp. the niveau of the topics is...

Too high Rather high Appropriate Rather low Too low

3. The topical connections to other courses are identified.

Strongly agree Somewhat agree Undecided Somewhat disagree Disagree

4. The learning materials (scripts, slides, web content, lecture recordings, literature etc.) are helpful.

Strongly agree Somewhat agree Undecided Somewhat disagree Disagree

5. The group size is...

Too big Appropriate Too small

6. The lecturer explains well.

Strongly agree Somewhat agree Undecided Somewhat disagree Disagree

7. The explanations and support from the lecturer / tutor are sufficient and comprehensible.

Strongly agree Somewhat agree Undecided Somewhat disagree Disagree

8. The seminar / lab course / project is well organized.

Strongly agree Somewhat agree Undecided Somewhat disagree Disagree

9. The grading / assessment system is well defined and communicated.

Strongly agree Somewhat agree Undecided Somewhat disagree Disagree

10. The feedback from the lecturer during /after the presentation was helpful.

Strongly agree Somewhat agree Undecided Somewhat disagree Disagree

11. How many hours a week do you invest in this course (including attendance, preparation, independent studies, exercise sheets etc.)?

1 - 4 h

5 - 8 h

9 - 12 h

13 - 16 h

17 - 20 h

21 - 24 h

> 24 h

Comments:

12. What did you particularly like about the seminar / lab course / project? What should be kept this way?

13. What did you particularly dislike about the seminar / lab course / project? What could be improved?

Teaching Award:

I would like to recommend the lecturer for the faculty's teaching award.

Explanation:
