Registered Charity DCHY0001

REGULAR STANDING ORDER

There is no minimum amount – every Euro makes a real difference to someone with Myasthenia Gravis. By donating €21 or more a month MGA will benefit from tax relief from the Irish Government. This makes the value of your donation to MGA considerably greater than your original contribution.

Please note standing orders can only be set up with a current account.

Please print and send the signed and completed form to the address above.

MGA will process your information and forward the form to your bank. The first donation will come out of your account on the date you specify (allowing for bank processing).

Alternatively use the bank details on this form to setup your Standing Order directly via online or telephone banking (please use your name as a reference) - then contact us to advise us of your donation as we would like to provide you with a receipt – Thank you.

Please complete the form instructing your bank/building society to make payments directly from your account
