Terms & Conditions

- "FaktorTel" means FaktorTel Pty Ltd ACN 109 117 204
- You must not deactivate your existing service when porting. Telephone numbers can only be ported while active
- You can only withdraw your authority to port this telephone number before the Electronic Cutover Advice is sent by FaktorTel to your current Service Provider, which will be on or after the preferred cutover date specified in this form.
- FaktorTel does not warrant that it can port your telephone number from your current Service Provider. Your current Service Provider may reject this port request if the information you provide is incorrect, or does not match the data held by them. In this case, you authorise FaktorTel to correct the information and resubmit the request to port your telephone number to FaktorTel, or dispute the rejection by your current Service Provider. A porting request may also be rejected for other reasons as stated in the LNP Industry Code.
- FaktorTel does not warrant that the telephone number will be ported within any specified timeframe. Porting hours of operation are 8am to 5pm AEST/AEDST Monday to Friday, excluding national public holidays. Cutover can only be initiated at least 5 business days after the porting Notification Advice is sent by FaktorTel to your current Service Provider. If a port request is rejected and needs to be resubmitted, cutover cannot take place for at least another 3 business days after the request is resubmitted.
- FaktorTel recommends that you should always maintain an alternative phone service if you port your phone number to a VoIP service. A VoIP service is not a substitute for a standard (PSTN) telephone service, as in the event of power failure, the VoIP service will not operate. Therefore, FaktorTel recommends that you should not disconnect your primary phone service which provides access to 000 and other similar emergency service telephone numbers in cases of emergency.
- In the event of a port, withdrawal or reversal, FaktorTel is not responsible for any period of outage.
- To the extent permitted by law, FaktorTel is not liable to you or any person claiming through you for damage, loss, costs or expenses or other liability in contract, tort or otherwise direct or indirect, for or in relation to porting.
- You may have outstanding contractual obligations and costs owed to your current Service Provider. FaktorTel is not liable for any such costs.
- Only your telephone number will be transferred to FaktorTel. This may result in the loss of any Value Added Services that are associated with the service provided by your existing Service Provider (e.g. voicemail).
- If you wish to port your telephone number from FaktorTel to another Service Provider, then you must contact the other Provider.
- FaktorTel reserves the right to charge a fee for porting your telephone number to or from FaktorTel.
- Local Number Portability (LNP) does not guarantee you can keep your telephone number if you move to a different geographic location.
- The terms of the relevant FaktorTel current terms and conditions, as varied from time to time, will apply to the use of services.
- Privacy: FaktorTel only collects personal information from you that is necessary to perform the service sought by you. The kinds of personal information FaktorTel holds about you will depend on the services you request from FaktorTel and the use that you make of those services.
