MEMBER OF THE MONTH

Bill & Kathy Herinya

My name is Bill Herinya. I live in Buckeye with my Fiancé', Kathy Mitchell. We moved to AZ in January 2009, after retiring from our jobs in NJ. We're now the proud owners of a 2013 Mustang, Candy Red, V-6, Convertible, which we purchased on April 30th. This is our first Mustang, and we both love the car.

I was actually interested in buying a car "next" year", since this year we're trying to save for our Wedding. It just so happened that we ran across a deal that we couldn't refuse! Sounds like a phrase from the Godfather Movie, but all said and done, we're glad that we bought when we did.

The Pony Car has over 7K miles on the ODO, at only 3 months old. We are now looking forward to meeting new friends, attending events, and rides with the Copperstate Mustang Club. We'll see you soon. And yes, the wedding is still on!!

Election 2012

It's that time of the year again, election time. Board nominations will taking place in October, with the voting occurring in November. We are taking a different approach this year to get more members involved with this process. In October's Newsletter will be a page for you to nominate who you would like on the board. Based on those nominations will be a ballot in November's Newsletter. Nominations and voting will still happen at the general board meetings as well but this gives a chance for those who cannot make it to those meetings to participate as well.

Annual Holiday Party

Please mark your calendars and save the date to attend our annual holiday party on December 9th at the Double Tree Inn and Suites. We will have an outstanding menu as always and Santa has agreed again to attend for the children.

Look for more information in next month's newsletter. Hope to see you there!

Dave's Corner

To the Copperstate Family,

I am writing to you today about an issue that I brought up at a general meeting a few months ago. It concerns the Mustang Club of Americas decision to have two shows simultaneously for the 50th Anniversary of the Mustang.

When the MCA announced the 2 shows, one in Las Vegas and the other in Charlotte, my first thought was "Cool" Vegas, close to home, nice time of the year and that they, the MCA, was actually thinking of us "West Coasters" when making this decision. Some good stuff, right? Well maybe not... I am not going to try to sway your decision to attend either of the shows but there are problems in having two shows at the same time. The date alone is a issue, it's the birthday of the Mustang yes, but it's also Easter Weekend!

So we begin to dissect the situation. Two shows mean people can decide which show to attend according to their budgets. Two shows also mean the vendors, special guests, and MCA Board members are going to have to make that same choice. The same goes for all the international Mustang Clubs who are planning to come to the USA for this event. Which one will they choose? The fact is we will not be all together at one place to celebrate this once in a lifetime event. Celebrities such as Jack Roush, Chip Foose, Steve Saleen, and the Ford Executives will have to choose. As of today there is no time travel machine that I know of.

I am not for one show on either side of the country but one big show in the central US, just like they have done for the 35th, 40th, and 45th Celebrations which were very well done. This according to everyone I have talked to because I could not attend those events. So now they decide, without any input from any members to split the country up. It's just wrong, you don't have a family reunion in two places at once, you just don't.

Sam Haymart has also decided he cannot do Mustangs Across America due to this decision, frankly getting there is half the fun folks and this in a huge disappointment. But I understand the decision. There are other plans according to the MCA to have several pony trails, which is cool as more folks can participate but again, separate instead of uniting.

The main factor here is the decision was made without any input from the thousands of members in the MCA. This could have easily been done though the Mustang Times, the MCA Magazine. A simple post card could have worked inside the magazine and then everyone could decide to spend the \$.44 cents to send it back. This is something we should consider at Copperstate in the future for board nominations and voting for those board members. Everyone in the club should have a voice and not those who just attend the Monthly Meetings. Just my opinion, but not everyone can get to the meetings.

There are rumors that Ford will have their own celebration at Ford World Headquarters the weekend of July 4th 2014. This would be very good for families with children in school and people in college that could not afford to take time off to go in April. Vacations in July are much easier, even though it is warmer and muggy. Can you imagine, 4th of July 2014, celebrating Americas First Pony Car at Ford World Headquarters? America and Mustangs, gives me chills just thinking about it. So I have sent e-mails to everyone I have an e-mail for at Ford supporting this event. Yes, I know it's much farther away than Las Vegas, but for this kind of event I will drive that far.

We attended the Ford Centennial in 2003 and it was AMAZING!

So there you have it, my rant and hopefully giving you some needed info to make a decision. If MCA doesn't change their minds and Ford has their Celebration also, then that's fine. I will go to Vegas in April and then to Dearborn in July. But you will not read about the Ford Celebration within the MCA, they want people to come to their shows. I still wonder which is driving the MCA's decision, Money or Membership.

The web site for the MCA is www.mustang.org.

Take Care.
Dave Jacobelli
