

The background of the entire page is a dense, close-up photograph of various metal fasteners, including bolts, nuts, and washers, in different sizes and finishes. In the lower foreground, a large, textured metal wrench is positioned vertically, its open end facing upwards, partially obscuring some of the bolts below it.

2.5 H.P. Air Compressor

Oil Lubricated

Low Noise At Only 79 dB

- Oil lubricated for cooler operation and reduced noise
- High output cast iron pump delivers maximum performance and operational life
- Big Bore™ cylinder and piston feature high output at lower RPM with reduced heat buildup, less noise and longer operational life
- Low amperage draw reduces incidents of tripped breakers and voltage drops that cause premature motor failure
- Easy view oil gauge and large pressure gauges for quick identification
- Air pressure regulator enables easy adjustment of line pressure
- Features 2 quick connect air hose fittings
- Finned discharge tube promotes safe and efficient cooling
- Roll cage construction protect components from damage

INCLUDES: 1/4" Quick Coupler, (10TT-8), Air Filter, Compressor Oil (0.3L)

SPECIFICATIONS

200' Laser Distance Meter

Features

- Superior Design: Allows for easy measuring from edges and corners
- 5 Measurement functions: length, area, volume, indirect measurement (Pythagoras), and stake-out
- Simple Keypad and Interface
- Memory storage of last 10 measurements

Milwaukee's Laser Distance Meter is a heavy duty distance measuring tool for professional, commercial and industrial applications. The 2281-20 can easily measure distance up to 200' with 1/16" accuracy. The simple user interface makes Laser Distance Meter easy to use. The end bracket allows for accurate measuring from corners and edges. Easily add and subtract values and use five different functions to calculate length, area, volume, indirect measurements, and stake out equations. The 2281-20 includes meter case, two (2) AAA batteries, quick reference guide, manual and is covered by the Milwaukee 5-Year Warranty.

260' Laser Distance Meter

Features

- Superior Design: Allows for easy measuring from edges and corners
- 7 Measurement functions: length, area, volume, indirect measurement (Pythagoras), and stake-out, timer and horizontal mode
- Simple Keypad and Interface
- Memory storage of last 20 measurements

Milwaukee's Laser Distance Meter is a heavy duty distance measuring tool for professional, commercial and industrial applications. The 2282-20 can easily measure distance up to 260' with 1/16" accuracy. The simple user interface makes Laser Distance Meter easy to use. Smart Horizontal Mode provides the most accurate measurements by factoring in the angle the unit is being held. The end bracket allows for accurate measuring from corners and edges. Easily add and subtract values and use seven different functions to calculate length, area, volume, indirect measurements, stake out, timer and Smart Horizontal equations. The 2281-20 includes meter case, two (2) AAA batteries, quick reference guide, CD manual and is covered by the Milwaukee 5-Year Warranty.

Thin Wall Hole Saw 3 PC set

Features

- 1/4" Quick Change Hex Shank for use with Impact Drivers
- Thin Wall 8 TPI Design for 40% faster cuts than standard bi-metal hole saws
- Stop shoulder design prevents over-drilling and damaging components
- Ejection spring automatically removes slugs

Designed with a robust 1/4" quick change hex shank, Milwaukee® Shockwave Impact Duty™ Thin Wall Hole Saws give professionals a hole making solution to use with impact drivers. Utilizing a thin wall, 8 TPI design, Thin Wall Hole Saws deliver a burr-free cut up to 40% faster than standard bi-metal hole saws. The included ejection spring removes the frustration of manually removing slugs by automatically ejecting the material. A stop shoulder design prevents over-drilling into material and potentially damaging inner components of electrical and junction boxes. Choose Thin Wall Hole Saws for use in plastics and thin gauge metals up to 1/8" thick.

Features

- All metal high torque ratchet delivers more durability and 2X driving speed
- 3 1/2" Power Groove Bits for power tool compatibility
- Revolver style bit storage and selection
- Up to 10ga Wire Stripper and Loop Maker for additional jobsite functionality
- Chrome Plated Bits - Marine Grade Rust Protection
- Magnetic bit retention delivers consistent driving performance
- Extended Reach Design

Milwaukee® 10IN1 Ratcheting Multi-Bit Drivers feature 3-1/2" power groove bits for power tool compatibility and maximum jobsite versatility. The chrome plated bits provide Marine-Grade rust protection and reduce wear from the elements on the job. The all metal high torque ratchet allows for 2X faster driving without sacrificing control. Milwaukee 10IN1 Multi-Bit Drivers are designed for the jobsite and include Milwaukee's Limited Lifetime Warranty.

Features

- POWERSTATE™ Brushless Motor: Increased cutting speed and power through the toughest applications
- CPT™ Constant Power Technology: Maintains cut speed in the toughest applications for optimal performance
- Over 90% same parts as Milwaukee's Corded Deep Cut Band Saw
- Jobsite Armor Technology™: Proprietary composite material and crush zone barriers provide long lasting rugged protection
- REDLINK PLUS™ Intelligence: The most advanced system of cordless power tool electronics. Provides optimized performance and overload protection using total system communication between tool, battery and charger
- All metal direct drive: Delivers maximum tool life with all metal direct drive gearing system, while requiring less servicing than a chain drive
- REDLITHIUM™ XC 4.0 Battery: Provides superior pack construction, more work per charge and more work over the life of the pack than competitive batteries
- Tool-Free locking adjustable shoe: Button actuated tool-free design allows user to quickly adjust from an extended shoe to no shoe in seconds
- Industry's largest cut capacity: Versatility to cut up to 5 in. by 5 in. material in one pass and adjustable shoe allows for less tool rotation when cutting material above 5 in.

Shockwave Impact Driver Bit Set (42-Piece)

Milwaukee Shockwave Impact Duty Drill Bits and Driver Bits are engineered for extreme durability and up to 10x life. Made from proprietary steel and heat treated to control hardness, the Shockwave Impact Duty Driver Bits feature an innovatively designed geometric shock absorption zone to extend life. The forged tip allows for a secure grip and maximum contact eliminating stripping or slipping. The Shockwave Impact Duty Hex Drive Drill Bits feature the Milwaukee Thunderbolt web for durability and chip removal paired with taper-fit construction for a stronger bit with less wobble. The drill bits include a 135-degree split point to allow the bit to start on contact and eliminate walking. Broadly targeting cordless users, the Shockwave Impact Duty accessory line is not only ideal for heavy duty impact applications, but delivers a full system solution for the entire user's drilling and fastening needs.

- Geometric design provides the shock absorption
- Proprietary still and heat treat process for maximum strength and durability
- Forged tips for maximum grip
- Driving bits designed for quick change applications
