Having prepared this lab report for submission to the Faculty of Engineering & Computer Science, I/we the undersigned certify that the following statements are, to the best of my/our knowledge, true:

1. I/We have done the experimental work by myself/ourselves.
2. The data in this lab report represents the results of the my/our experimental work derived only from the experiment itself. There are no additions, or modifications derived from any outside source.
3. I/We have completed and prepared the attached lab report by myself/ourselves.
4. In preparing and completing the attached lab report, the labs of other past or present students of this course or any other course have not been consulted, used, copied, paraphrased or relied upon in any manner whatsoever.
5. No part of this lab report has been submitted previously in any other course.
6. The attached lab report consists entirely of ideas, observations, references, information and conclusions, composed or paraphrased by the undersigned, as the case may be, except for statements contained within quotation marks. I/we have diligently attributed all quoted material to its proper source in footnotes or as otherwise referenced.
7. With the exception of material in appendices, I/we have diligently endeavored to ensure that direct quotations make up a very small proportion of the attached lab report, not exceeding 5% of the word count.
8. Each paragraph of this report that contains material that I/we have paraphrased from a source (print sources, multimedia sources, web-based sources, course notes or personal interviews, etc), has been identified by numerical reference citations.
9. All of the sources that I/we have consulted and/or included in the report have been listed in the Reference section of the report.
10. All drawings, diagrams, photos, maps or other visual items derived from sources have been identified by numerical reference citations in the caption.
11. I/we have read and followed for this report the guidelines found in Form and Style, by Patrick MacDonagh and Jack Borden (Fourth Edition: May 2000), available at <http://www.encs.concordia.ca/scs/Forms/Form&Style.pdf>.
12. Each of the undersigned has revised, edited and proofread this report individually.
