

Software Available in Primary Classrooms

- Titles listed below include any additional manuals, teacher notes, workbooks and other material included in the package as applicable.
- Teachers are responsible for all software packages while these are under their care.
- During summer holidays all software should be collected and locked in one central place in the school.
- Broken CD-ROMs should NOT be disposed of, but should be returned to the school office.
- A copy of this sheet, duly filled, should be issued by the school administration for EVERY classroom at the start of every scholastic year.
- Photocopies of the completed sheets will be collected by the ICT Peripatetic Teacher for the ICT Learning Centre throughout the first month of the scholastic year.
