PORTS OF CALL

PUERTO VALLARTA

For centuries, Puerto Vallarta was a sleepy fishing village. Then director John Huston chose the village as the location for his film "Night of the Iguana," starring Richard Burton. Puerto Vallarta was sleepy no more; its transformation into an international resort had begun. Travelers are drawn by its climate, its excellent shopping — great values on leather goods, jewelry and handicrafts — and mile after mile of palm-lined beaches.

MANZANILLO, MEXICO

Cortes first spied the harbour in 1522, when he chose the bay as the site for a shipyard. The city's maritime heritage continues to this day: Manzanillo is the largest commercial port on Mexico's Pacific Coast. What draws travellers, however, is the bay's scenic beauty: jungle-laden mountains rise above rocky coves and golden-sand beaches. The offshore waters offer superb diving - and some of the finest fishing in the world.

MAZATLAN, MEXICO

Lying just below the Tropic of Cancer, Mazatlan boasts a superb year-round climate. The climate, the beaches, and the world-class sportfishing have turned this commercial fishing port into one of the world's top resort destinations. Yet while visitors flock to the markets, bathe in the sun, or marvel at the airborne ballet of the famed Papantla dancers, Mazatlan remains one of Mexico's major Pacific ports - the city exports over 40 million pounds of shrimp every year.

CABO SAN LUCAS

Situated at the very tip of the world's longest peninsula, Cabo San Lucas calmly watches the cool Pacific Ocean merge with the Sea of Cortez. Once you experience its crystal-clear waters and white-sand beaches, you'll understand why this once-sleepy Baja cannery village transformed into a popular international resort.
