

Intermediate Motorcycle Class (IC)

This class is for riders with some experience but no previous training, those wanting to improve their skills, or those seeking a license waiver. Students who enroll in the IC must have held a current motorcycle learner's permit for at least 60 days. The IC course consists of 5 hours of classroom theory and 7 hours of practical application (riding). Students must provide a street legal, insured, and fully registered motorcycle to ride during the class. Fully licensed and insured scooters are permitted, however, mopeds are prohibited. To successfully complete the IC the student must pass both a written and riding assessment. **Successful completion of the course makes the student eligible for an insurance discount. If you are unable to consistently achieve exercise objectives, the Coach will counsel you out of the course. A tuition refund will not be issued.
- It's natural to be nervous about learning new skills on your motorcycle. While some fear is to be expected, excessive fear can lead to tenseness and ultimately to mistakes on the riding range. - You are expected to follow directions provided by the Coaches. Failing to following instructions repeatedly may be grounds for dismissal by the Coach. A tuition refund will not be issued.
