

# CORNING HIGH SCHOOL RECREATION SURVEY

Corning

Union

High

School

District

Corning

Recreation

Department

## **Introduction –**

---

We are students of the Corning High School ROP Recreation Leadership Class. We partnered with the Corning Recreation Department to complete research regarding the recreational habits and needs of Corning Middle School students through surveys. Our hope is that this information will help assist the community of Corning in serving the middle school target market.

## **Methodology –**

---

Our research was guided by an overall goal and objectives. The goal of our study was to determine after school recreational needs of Corning Middle School students through surveys and provide activities based on the data collected. When brainstorming questions, we focused on broad concepts such as what students do, when they do it, and what they want to do.

The method we used to gather information was a survey of Corning Middle School students in Corning, CA. Surveys are an effective research tool for gathering specific information from a large number of people. This method was chosen due to the relatively focused research questions and because it is the most effective way of gathering opinions of a wide variety of middle school students.

Beginning in October 2008, we developed a survey to be completed by at least 80% of the Corning Middle School population. The principals at Richfield and Maywood schools were contacted and they scheduled a day for five CUHS ROP Recreation Leadership Students to disperse the surveys at each site. The following is the process of the survey project:

1. Draft survey questions based on research
2. Review internally and revise
3. Pilot test
4. Revise survey based on Pilot test
5. Clarify respondents and distribution plan
6. Format and copy survey
7. Distribute and collect surveys
8. Code and enter survey data in Excel
9. Create Presentation

The survey questions we asked included:

1. Yes or No (Question numbers 5 – 11)
2. Multiple Choice, multiple response (Question numbers 12 – 15)
3. Multiple Choice, single response (Question numbers 1 – 4 & 16 – 18)
4. Open Ended, write in (Questions 19 & 20)

We printed a total of 740 surveys and received 660 completed surveys from both Richfield and Maywood Schools, which is an 89% response rate.

The responses were input using the Microsoft Office Excel. We included partially completed surveys, coding cells with a “0” for no response. We used formulas such as AUTO SUM and COUNTIF to analyze the 660 responses.

### **Recommendations –**

---

When examining the data, we came up with five recommendations for the community of Corning to consider when implementing high school recreational activities.

1. Offer more activities for middle school age students because the majority are not involved in sports or extracurricular activities.
2. Vary the dates and times of programs to engage a wider variety of participants.
3. Emphasize group and outdoor activities such as soccer and basketball.
4. When scheduling programs, take into consideration that most middle school students are transported by their parents/guardians.

### **Future Research –**

---

We completed a significant amount of research and work on this topic. However, we feel that there is more information to be gathered. In the future we would like to know how often Corning Middle School students use the recreational facilities in Corning. There should also be further investigation regarding specific programs Corning Middle School students would like to take part in. The students told us they want more programs and they confirmed that they prefer to participate in athletics outside of their academic lives. They also were given the opportunity to list their personal interests. However, it would be beneficial to get actual program ideas from the students and see them implemented by the community.

### **Conclusion –**

---

Based on the data collected, we learned Corning Middle School students aren’t very involved in school athletics. However, if there was an expansion to recreational activities Corning Middle School students would participate. When implementing programs, means of transportation and fees should be taken into account because those variables might deter participants.

### **Acknowledgments –**

---

The Corning Union High School ROP Recreation Leadership Class would like to thank the City of Corning and the Corning High School District for their constant support. The Recreation Leadership Class appreciates your efforts in leading the way to promoting a healthy community. Thank you to Richfield and Maywood Middle School for their participation in the Recreation Survey Project.

We would like to extend a special thanks to ROP Recreation Leadership Instructor Jeff Nelson for his ongoing cooperation. Without Mr. Nelson, the survey process would have been nearly impossible.

---

# Goal and Objectives

---

2008

## Goal

Determine the after school recreational needs of Corning Middle School students (6<sup>th</sup>-8<sup>th</sup> grades) through surveys and provide activities based on the data collected.

## Objectives

1. The Recreation Leadership class will collect data from the survey about what Corning Middle School students would like to do after school.
  - Corning Middle School students prefer to participate in athletic, outdoor, and group activities. Their favorite sports are soccer, basketball, and skateboarding.
2. Through the survey, verify what recreational activities Corning Middle School students currently participate in.
  - Currently, the majority of Corning Middle School students are not involved in sports or extracurricular activities. The data might have been skewed due to the lack of options listed for the question, *"What sports or extracurricular activities are you involved in?"*
3. Complete the Middle School Survey project by April 2009.
  - The Corning Union High School ROP Recreation Leadership class revised the survey that was dispersed to the Corning Union High School District students to pertain to the middle school students. The class completed work on the survey by March 2009.
4. Obtain an 80% survey completion rate from Corning Middle School students.
  - The completion rate achieved was 89%. 660 surveys were completed out of 740 students total.
5. Determine how many hours of free time Corning Middle School students have by obtaining results from the survey.
  - Corning Middle School students have 3-4 hours of free time after school to participate in Recreational Activities.
6. Using the information from the survey, find at least 4 activities Corning Middle School students would like to participate in during their free time.
  - Each student was asked to list three recreational opportunities they would like to see in Corning. The students would like to see camps, indoor soccer, and baseball.
7. Through the survey, determine what types of facilities Corning Middle School students want to use in their leisure time.
  - The students want a skate park more than any other facility.

## Goal and Objectives

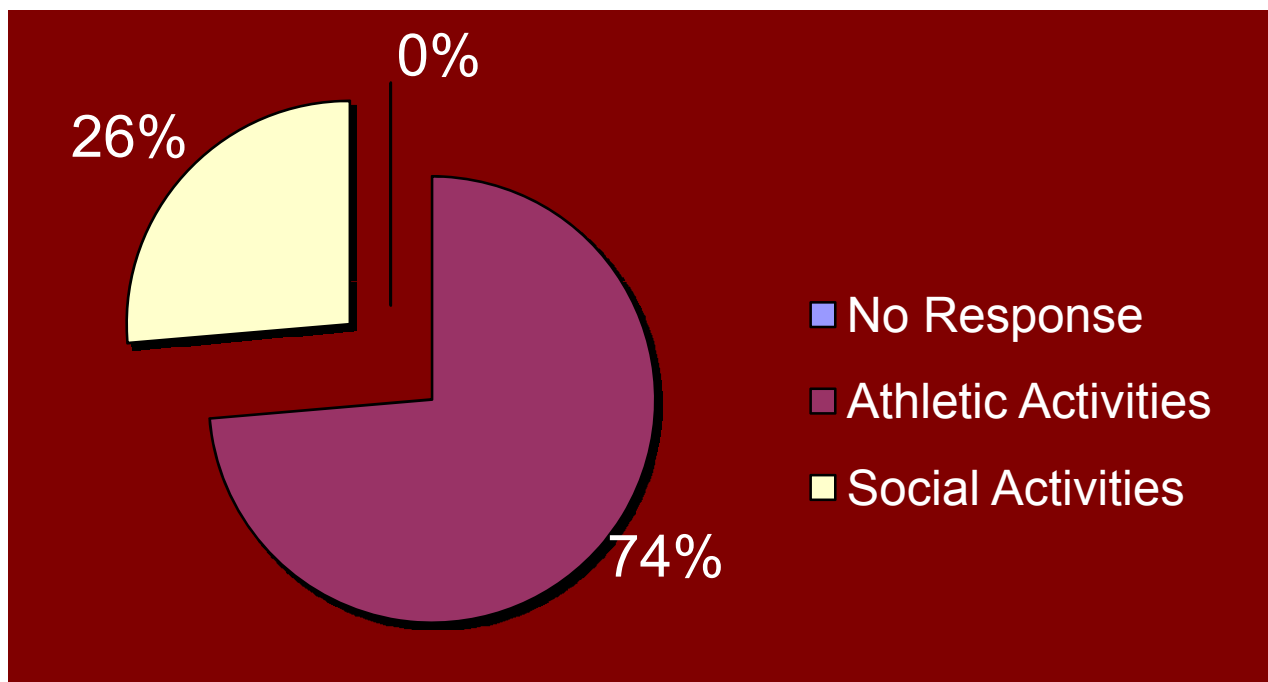

---

2008

8. Increase participation of Corning Middle School students in recreational activities, based on data collected from the Corning Recreation Department.
  - This objective is to be accomplished by the community of Corning. Programs should target middle-school aged students during their indicated free time. The programs should also be located in an easily accessible facility.
9. Based on the survey, determine how often Corning Middle School students use recreational facilities (i.e. parks, gymnasiums, library).
  - We opted to not include a question concerning this objective.
10. Based on the survey, determine new facilities needed by Corning Middle School students.
  - Students would like to see a skate park in Corning.

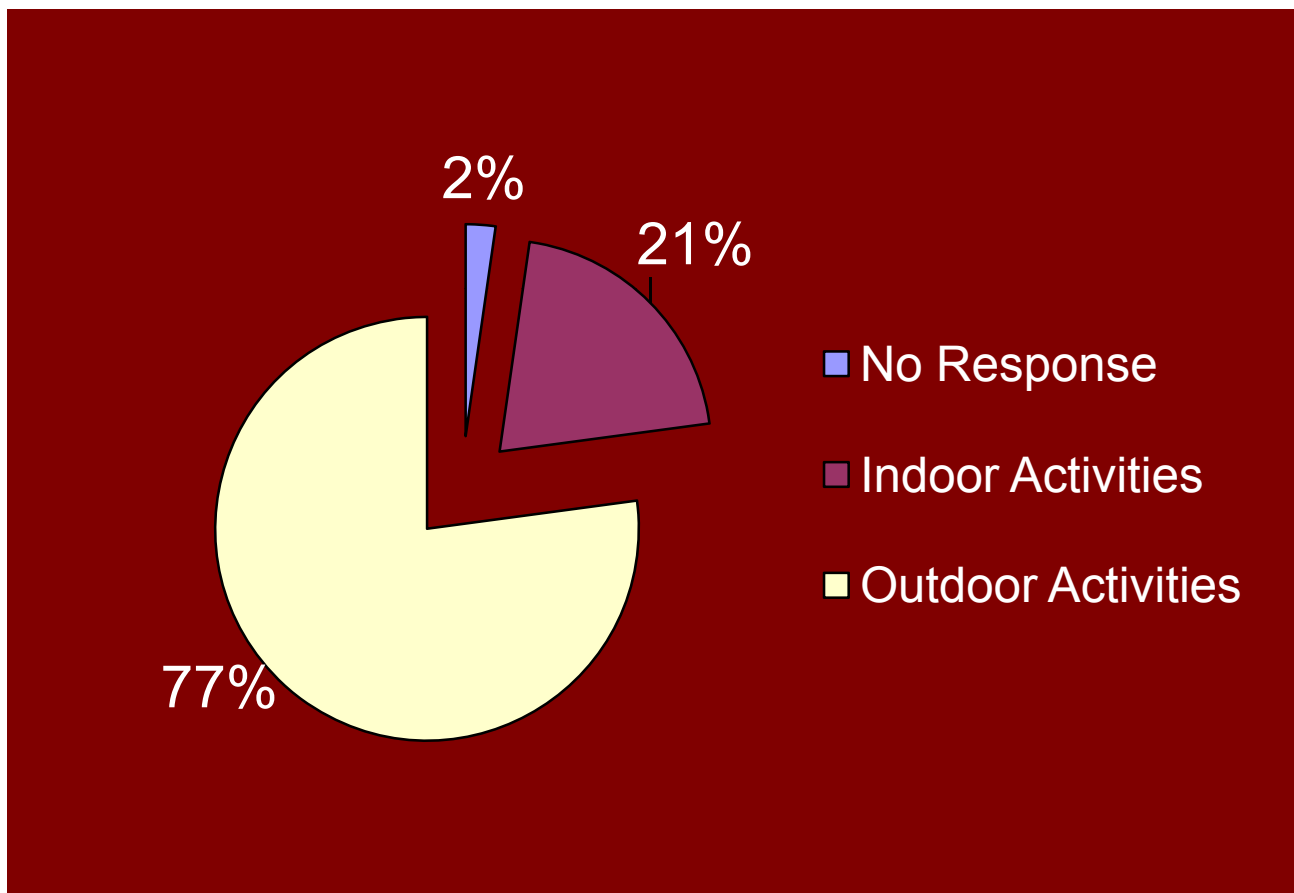

**MQ. 1** Do you prefer athletic or social activities?

Code	Response Item	Frequency	Percentage
0	No Response	0	0%
1	Athletic Activities	486	73.60%
2	Social Activities	174	26.37%
Total		660	100%

# ROP Recreation Leadership

The Corning Recreation Department has joined with the Corning High School ROP Recreational Leadership Class to give a survey to the Corning Middle School students. This survey will provide the Corning Recreation Department with information necessary to determine the after school recreational needs of Corning Area Middle School students. For the sake of this survey, leisure will be defined as free time and recreation will be defined as activities you choose to do in your leisure time.

## 2008 RECREATION SURVEY

CORNING UNION HIGH SCHOOL

**For questions 1 – 4 check the most appropriate answer.**

1. Do you prefer athletic or social activities?
  - ☐ Athletic activities
  - ☐ Social activities
2. Would you prefer indoor or outdoor activities?
  - ☐ Indoor activities
  - ☐ Outdoor activities
3. Are you male or female?
  - ☐ Male
  - ☐ Female
4. Do you prefer individual or group activities?
  - ☐ Individual activities
  - ☐ Group activities

**For questions 5 – 11 check either yes or no.**

5. Would your parents allow you to join Recreational Activities?
  - ☐ Yes
  - ☐ No
6. Would you help out at Recreational Activities?
  - ☐ Yes
  - ☐ No
7. Do you live in Corning?
  - ☐ Yes
  - ☐ No

If no, where do you live \_\_\_\_\_
8. Do you have an after school job?
  - ☐ Yes
  - ☐ No
9. Would you do Recreational Activities on the weekends?
  - ☐ Yes
  - ☐ No
10. If there was more activities, would you get involved?
  - ☐ Yes
  - ☐ No
11. Is there a need for more youth facilities in Corning?
  - ☐ Yes
  - ☐ No

**For questions 12 – 15 check all answers that apply to you.**

12. How do you get from place to place?
  - ☐ Bus
  - ☐ Parents / Guardian
  - ☐ Bike
  - ☐ Walk
  - ☐ Skateboard
  - ☐ Carpool

13. What is the best way to communicate recreation information to you?

- ☐ Email
- ☐ Mail
- ☐ Phone call
- ☐ Newspaper
- ☐ Myspace
- ☐ Text message
- ☐ School Announcements
- ☐ Flyers
- ☐ Bulletin Board

14. What sports or extracurricular activities are you involved in?

- ☐ School Sports
- ☐ Corning Recreation programs
- ☐ School Clubs
- ☐ Other sports teams (i.e. AAU basketball, fall baseball, etc.)
- ☐ Other clubs (i.e. 4-H, Awannas, etc.)
- ☐ None

15. What could prevent you from doing a Recreational Activity?

- ☐ Transportation
- ☐ Fees
- ☐ Lack of interest
- ☐ Sports
- ☐ Parental restrictions
- ☐ Prior commitment
- ☐ Other

**For questions 16 – 18 check the most appropriate answer.**

16. What is your favorite sport?

- ☐ Soccer
- ☐ Basketball
- ☐ Baseball / Softball
- ☐ Football
- ☐ Volleyball
- ☐ Tennis
- ☐ Wrestling
- ☐ Snow Boarding
- ☐ Track
- ☐ Other \_\_\_\_\_

17. How much free time do you have after school?

- ☐ 1-2 hours
- ☐ 3-4 hours
- ☐ 5-6 hours
- ☐ 7 or more hours
- ☐ None

18. How much time do you have committed to doing chores / extracurricular activities after school?

- ☐ 3 or more hours
- ☐ 2-3 hours
- ☐ 1-2 hours
- ☐ Less than 1 hour
- ☐ None

19. List three recreational opportunities you would like to see in Corning. (i.e. facilities, programs, camps, etc.)

---

---

---

20. List three activities and/or interests you have outside of your academic life.
